4. PROGRESS SINCE APPOINTMENT

This is our Final Report and account of the liquidation and should be read in conjunction with our earlier Progress Reports to members dated 29 May 2019 and 12 May 2020.

Attached (at Appendix 1) is our abstract of receipts and payments for the period 3 April 2020 to 4 June 2020.

What work has been done in the period of the report, why was that work necessary and what has been the financial benefit (if any) to members?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website – http://www.begbies-traynorgroup.com/work-details

Under the following headings, we have explained the specific work that has been undertaken on this particular case – not every piece of work has been described, but we have sought to give a proportionate overview that provides sufficient detail to allow members to understand what has been done, why it was necessary, and what financial benefit (if any) the work has provided to members.

The costs incurred in relation to each heading are set out in the attached Time Costs Analysis – there is an analysis for the period since our last Progress Report, and also an analysis of time spent on the case since the date of our appointment as Joint Liquidators.

Please note that the details below only relate to the work undertaken since our most recent Progress Report – our previous Progress Reports provide details of work historically undertaken.

General case administration and planning

It is necessary to maintain records to demonstrate how the case was administered, and to document the reasons for any decisions that materially affect the case.

Members of our staff have therefore undertaken general administrative, banking and cashiering duties.

Whilst this work has not financially benefitted members, it is still a necessary part of the general control of the case.

Compliance with the Insolvency Act, Rules and best practice

The Insolvency Act and Rules require Liquidators to produce a Progress Report within two months after each anniversary of their appointment, which is filed at Companies House and made available to all members.

They are also required to ensure that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the asset realisations on a case)

As all matters have now been concluded, we have prepared this Final Report and account of the liquidation, which has been made available to all members.

Although the work has not benefitted members financially, it was still necessary in accordance with insolvency legislation.

OUTCOME FOR CREDITORS

In a members voluntary liquidation, creditors are required to prove their claims and the Liquidators must examine the proofs and the particulars of the claims and admit them (in whole or in part) or reject them.

The Liquidators must then settle the priorities of the creditors (as between secured / preferential / unsecured) before paying them in full with statutory interest.

The statement of assets and liabilities embodied within the Declaration of Solvency (sworn by the directors) indicated that there were no creditors.

We have obtained clearance from H M Revenue & Customs that no amounts are due in respect of PAYE / NIC, Corporation Tax and VAT.

6. DISTRIBUTIONS TO MEMBERS

A distribution of £65,000 was issued to the shareholders on 5 April 2018 (equivalent to a £65 per £65 share distribution).

A second distribution of £130,000 has also been distributed to shareholders on 1 May 2018 (equivalent to a £130 per £1 share distribution).

A third and final distribution of £5,315.89 was distributed to shareholders on 21 January 2020 (equivalent to a £5.32 per £1 share distribution).

The time costs incurred during the reporting period (i.e. from 3 April 2020 to 4 June 2020) amount to £2,876 which represents 13.1 hours at an average rate of £219.54 per hour.

Our total time costs incurred for in the period of our appointment amount to £13,324 against which we have drawn the agreed sum of £1,500 plus VAT.

Liquidators' Disbursements

We are authorised to draw disbursements, including disbursements for services provided by our firm (defined as "Category Two" disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, details of which were presented to the general meeting of the Company at which various resolutions (including the special resolution that the Company be wound up voluntarily) were passed and which is attached (at Appendix 2)

Details of the "Category Two" disbursements (and disbursements that should be treated as "Category Two" disbursements) that have been taken in accordance with the approval obtained, are provided in the narrative summary of time costs incurred which is at Appendix 3.

"Category One" disbursements in the sum of £358.80 plus VAT have been incurred and recovered from the case.

No "Category Two" disbursements have been incurred within this matter.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF SOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF SOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
 - (A) The following items of expenditure are charged to the case (subject to approval):
 - Car mileage is charged at the rate of 45 pence per mile;

¹ Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales (Effective 1 April 2007)

² Ibid 1

Expenses which should be treated as Category 2 disbursements (approval required) – in addition to the two categories referred to above, best practice guidance indicates that where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest, these should be treated as Category 2 disbursements.

Services provided by an entity within the Begbies Traynor group

The following items of expenditure which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

 Asset Recovery, Appraisal and Valuation, Disposal and Consultancy services are provided by Eddisons which is part of Begbies Traynor Group plc.

Due to the varied nature of the work carried out, Asset Recovery, Appraisal and Disposal costs are charged on one or more of the following basis.

These costs are paid from asset realisations of the company:

Time costs of £ 250 per hour – Director
Time costs of £ 175 per hour – Associate Director
Time costs of £ 150 per hour – Manager
Time costs of £ 100 per hour – Graduate/Administrator
Time Costs of £ 35 per hour – Porter

- 10% of realisations in respect of asset sales and auction sales
- 15% Buyers Premium in respect of auction sales
- Any necessary additional services which might be provided would be within these rates.
 - Eddisons Insurance Services Limited is also part of Begbies Traynor Group plc and provides insurance services on a fixed premium basis.
 - (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - Telephone and facsimile
 - · Printing and photocopying
 - Stationery
