MILK LINK PROCESSING LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2022

The directors present their annual report and financial statements for the year ended 31 December 2022.

Milk Link Processing Limited ('the company') has taken advantage of the small companies exemption under section 414A of the Companies Act 2006 to not prepare a strategic report.

Principal activities.

The principal activity of the company during the year was that of a dormant company within the Arla Foods amba group of companies ('the group'). No future trading plans are envisaged for the company, and it is likely the company will be dissolved when circumstances allow.

Results and dividends

The results for the year are set out on page 2.

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

A Amirahmadi
S K M Ho

On behalf of the board

MILK LINK PROCESSING LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

Company information

Milk Link Processing Limited is a private company limited by shares incorporated in England and Wales. The registered office is Arla House, 4 Savannah Way, Leeds Valley Park, Leeds, West Yorkshire, LS10 1AB. The company's principal activities and nature of its operations are disclosed in the directors' report.

1.1 Accounting convention

The financial statements have been prepared in accordance with FRS 101 Reduced Disclosure Framework and in accordance with applicable accounting standards.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest thousand £.

The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies set out within these financial statements. The principal accounting policies adopted are set out below.

As permitted by FRS 101, the company has taken advantage of the following disclosure exemptions from the requirements of IFRS standards:

- inclusion of an explicit and unreserved statement of compliance with IFRS standards;
- presentation of a statement of cash flows and related notes;
- disclosure of the objectives, policies and processes for managing capital;
- disclosure of the categories of financial instrument and the nature and extent of risks arising on these financial instruments;
- the effect of financial instruments on the statement of comprehensive income;
- disclosure of the future impact of new IFRS standards in issue but not yet effective at the reporting date;
- comparative narrative information;
- for financial instruments measured at fair value and within the scope of IFRS 13, the valuation techniques and inputs used to measure fair value, the effect of fair value measurements with significant unobservable inputs on the result for the period and the impact of credit risk on the fair value; and
- related party disclosures for transactions with the parent or wholly owned members of the group.

Where required, equivalent disclosures are given in the consolidated financial statements of Arla Foods amba, available to the public and can be obtained as set out in note 8.

The company has taken advantage of the exemption under section 401 of the Companies Act 2006 not to prepare consolidated accounts. The financial statements present information about the company as an individual entity and not about its group.

1.2 Going concern

The company is dormant, having ceased trading in a prior year. The directors intend to dissolve the company when circumstances allow. Having considered the requirements of IAS 1 Presentation of Financial Statements, the directors concluded that it is inappropriate to prepare the financial statements on a going concern basis. However, with no transactions during the year and very limited outstanding balances, not applying the going concern basis has had no impact on the preparation of the financial statements. In practice, the accounting policies have been applied in accordance with the normal recognition and measurement requirements of FRS 101.

MILK LINK PROCESSING LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2022

1 Accounting policies

(Continued)

1.3 Financial assets

Financial assets are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Impairment of financial assets

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.4 Financial liabilities

The company recognises financial debt when the company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Other financial liabilities

Other financial liabilities, including borrowings, trade payables and other short-term monetary liabilities, are initially measured at fair value net of transaction costs directly attributable to the issuance of the financial liability. They are subsequently measured at amortised cost using the effective interest method. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the company's obligations are discharged, cancelled, or they expire.

1.5 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

2 Directors' remuneration

There are no employees of the company, other than the directors. The directors of the company are also directors or employees of other companies within the group. The directors' services to the company do not occupy a significant amount of their time. As such the directors do not consider that they have received any remuneration for their incidental services to the company.
