The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2021.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 December 2021 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the Board of Directors on 18/05/22 and were signed on its behalf by:

  
R J R Young - Director

The notes form part of these financial statements

Liverpool Society of Chartered  
Accountants

Notes to the Financial Statements  
for the Year Ended 31 December 2021

1. **STATUTORY INFORMATION**

Liverpool Society of Chartered Accountants is a private company, limited by guarantee, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. **ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

There were no material departures from this standard.

**Significant judgements and estimates**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The company makes estimates and assumptions concerning the future.

The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below;

When an asset is purchased it is categorised into an asset class, the depreciation policy of each class estimates the economic life of all assets within the class.

The depreciation policy of each asset class is determined by management and reviewed regularly for appropriateness. The depreciation policy adopted is based on historical experience as well as considering the future events which may impact the useful economic life of all assets within each class, such as changes in market demands.

In addition FRS 102 requires an entity to assess at each reporting date whether there is any indication that assets within a class may be impaired i.e. the recoverable amount of the asset is less than the carrying amount. If any such indication exists, management are required to estimate the recoverable amount of the individual assets concerned.

Management judgement is applied to determine if revenue and costs should be recognised in the current period.

**Turnover**

Turnover represents income receivable from courses, social events, a share of advertising income from publications and grants, net of Value Added Tax.

Income is recognised when courses and publications have been delivered and events staged. Grants income is accounted for in accordance with the specific accounting policy for grants set out below.

**2. ACCOUNTING POLICIES - continued**

**Financial instruments**

The following assets and liabilities are classified as financial instruments - trade debtors, trade creditors and certain accruals.

Trade debtors, trade creditors and accruals are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Grants**

Grants received in respect of administrative expenses are credited against the costs on receipt. All other grants are credited to turnover when the funded events take place to match against the costs incurred.

**Investments**

Fixed asset investments are stated at cost less provision for any permanent diminution in value.

**Provisions**

Provisions are set up only where it is probable that a present obligation exists as a result of an event prior to the balance sheet date and that a payment will be required in settlement that can be estimated reliably. Where material, provisions are calculated on a discounted basis.

**3. EMPLOYEES AND DIRECTORS**

During the year, the average number of employees (including appointed directors as employees) was 4 (2020: 4). There were no non-director employees.

Directors are not remunerated for their services.

4. **FIXED ASSET INVESTMENTS**

8. **RELATED PARTY DISCLOSURES**

For the current and prior year, the directors were not remunerated for their work carried out on behalf of this company.

9. **SHARE CAPITAL**

The company is limited by guarantee and therefore does not have a share capital. The liability of each of the members is limited to £10. Members of the company are the members of the Liverpool Society. At the date of signing these financial statements the number of members of the Liverpool Society of Chartered Accountants was 4,560 including Isle of Man and 3,928 excluding Isle of Man.
