**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

1. STATUTORY INFORMATION

The Mid Yorkshire Chamber of Commerce and Industry Limited is a private company, limited by guarantee, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover comprises the value of services provided excluding value added tax.

The level of operating income also reflects the service charges generated by the issue and redemption of childcare vouchers, and other income including that generated by vouchers which have not, or are not expected to be, redeemed. Service charge income is recognised when vouchers are issued.

Tangible fixed assets

Depreciation is calculated so as to write off the cost of an asset over the useful economic life of that asset as follows:

Fixtures and fittings - 2 to 10 years straight line

Computer equipment - 3 years straight line

In the year of acquisition, tangible fixed assets are depreciated from the date of purchase.

The carrying values of fixed assets are reviewed for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

2. ACCOUNTING POLICIES - continued

Grants

Grants in respect of expenditure on tangible fixed assets are treated as deferred income which is credited to the profit and loss account by instalments over the expected useful economic life of the related assets on a basis consistent with depreciation policy. Grants of a revenue nature are recognised in the profit and loss account of the period in respect of which they are payable.

3. EMPLOYEES AND DIRECTORS
