NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST OCTOBER 2003

1 Principal Accounting Policies

1.1 The financial statements have been prepared in accordance with applicable Accounting Standards in the United Kingdom. A summary of the more important accounting policies, which have been applied consistently, is set out below.

1.2 Accounts

Accounts have been prepared under the historical cost convention.

The company has prepared a detailed income and expenditure account as this provides more relevant information for members and gives more of a true and fair view than a profit and loss account in the format required by Schedule 4 of the Companies Act 1985.

1.3 Turnover

Turnover is the amount invoiced by the company, exclusive of VAT, for goods and services to outside customers.

1.4 Tangible fixed assets and depreciation

Fixed assets are stated at cost. Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Library

Written down to £1

Fixtures, fittings

and equipment

10% on cost

1.5 Investments

Fixed asset investments are stated at the lower of their historical cost or year end market value. Any reductions in the carrying values of the investments are taken to the Income and Expenditure Account.

1.6 Stocks

Stocks are valued by the council at the lower of cost and net realisable value, after making due allowance for obsolete and slow-moving items.

1.7 Asset finance

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.8 Deferred and current taxation

Provision is made for taxation deferred in respect of all material timing differences.

In accordance with Financial Reporting Standard 16:Current Tax, investment income is recognised at an amount that excludes attributable tax credits not payable wholly on behalf of the recipient.
