### Our Aims and objectives

### Purposes and Aims

Our charity's purposes as set out in the objects contained in the company's memorandum of association are to

The aims of our charity are to provide comprehensive services to pedigree pig farmers in maintenance of their individual pigs and herds; educate members about the risks of disease and welfare of animals through organising training workshops, shows and exhibitions both in the U K. and overseas, development of the pedigree pig industry both in the United Kingdom and overseas by exchanges between countries. Our aims fully reflect the purposes that the charity was set up

### Ensuring our work delivers our aims

We review our aims, objectives and activities each year Regular meetings are arranged by dedicated committees to review animal welfare, training, organisation of shows and events, regional and specific matters, conservation of rare breeds, inspection of animal herds and special projects. The executive committee meets at least once a year to review the work of the individual committees.

The reviews look at the success of each core activity and the benefits they have delivered to those groups of people we are set to help. The reviews also help us to ensure our aims, objectives and activities remain focused and deliver the planned benefits. We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aim and objectives and in planning our future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives they have set.

### FOR THE YEAR ENDED 31st DECEMBER 2011

#### Financial Review

The Statement of Financial Activities for the year is set out on pages 12 and 13 of the financial statements. A summary of the financial results and the work of the charity is set out below.

The trustees consider that the performance of the charity this year has been difficult in extremely challenging financial and operational environment caused by the slowdown of the UK and global economy and increased regulation

The statement of financial activities shows net deficit of £53,765 (2010 Deficit of £18,759) for the year before investment gains and losses, and our reserves after revaluation of assets, stand at £456,236 (2010 £507,233)

The trustees have reviewed the fund-raising strategy and return on fund-raising costs Fund-raising costs were £218,762 (2010. £156,013) Increase in costs was due to enhanced level of overseas activities, which made a positive contribution to reducing the net deficit for the year Fund-raising costs were financed by sponsorships, grants and contributions from members participating in the activities

Global stock markets showed some improvement during 2011 although the markets remain volatile and unpredictable. Unfortunately, this uncertain environment has meant most stock market-based investments are unlikely to deliver sufficient returns in the immediate future.

The activities of the charity have remained the same as in previous year

### Principal Funding Sources

Our charity receives principal funding from membership subscriptions and pedigree recording services together with sponsorships, grants and voluntary donations

The Council authorised to continue to promote and expand the pedigree pig industry both in the United Kingdom and overseas Overseas schemes were mainly funded by grants and sponsorships Events organised in the United Kingdom during 2011 were financed from our own funds and from support of our sponsors

### **DIRECTORS' AND TRUSTEES' REPORT (Continued)**

### FOR THE YEAR ENDED 31st DECEMBER 2011

### Investment policy and returns

The executive committee has considered the most appropriate policy for investing funds and has found that specialised unit trusts, designed for the charity sector, meet their requirements to generate both income and capital growth.

In view the continuing volatility of the stock markets, the trustees have for the time being repositioned listed investments to stop deterioration of our capital base by moving most of our stock market investments to relatively safer investments such as Sterling Gilt deposits. In view of this strategic policy, the return on investments are likely to be significantly lower than our target rate of return which remains at over 4%

The market value of our investments have remained static following decision by the trustees to invest in assets which are less volatile in the current economic climate. The trustees have kept under review the movements in the market value of our investments and taken appropriate actions to sell and purchase investments as considered appropriate.

### Reserves policy and funds available

The Charity funds its various activities partly from membership subscriptions and fees, investment income and other fund raising activities including grants and sponsorships. The current level of services we provide are normally expected to result in a deficit of income over expenditure in the short term, which is financed by reserves of the Charity.

The trustees have reviewed the level of reserves required to effectively continue the breed society functions in pedigree pig recordings and conservation and provide other related services to its members

The review concluded that to allow the charity to be managed efficiently, and to provide uninterrupted services, the current level of reserves should be maintained

The present level of funding is adequate to support the continuation of the charity's functions for the short to medium term, and the trustees consider the financial position of the charity to be satisfactory

The charity has a number of other designated and restricted funds, which are represented by investments

'Geoffrey Cloke Memorial Fund' to honour Mr G E Cloke, was set up during 2004 from donations to serve the interests of the Association and its members. This fund currently holds a balance of £3,143 (2010 £3,141). (See note 15)

### DIRECTORS' AND TRUSTEES' REPORT (Continued)

### FOR THE YEAR ENDED 31st DECEMBER 2011

### Reserves policy and funds available

Accumulated reserves of £3,884 for the upkeep of breeds have been transferred to the Charity general fund to facilitate continuation of its breed conservation activities

### Plans for future periods

The trustees expect to continue its breed society functions in pedigree pig recordings and conservation, organise events, shows and exhibitions both in the United Kingdom and worldwide to promote animal welfare and the recording and conservation of pedigree pigs.

### Structure, Governance and Management

### Governing document

The charity is a charitable company limited by guarantee. It is governed by a Memorandum and Articles of Association

### Structure and management

The charity is organised so that the trustees meet regularly to manage its affairs

All directors of the company are also trustees of the Charity, and there are no other trustees All of the trustees named on page 2 served partly or throughout the year. The Board has the power to appoint additional trustees, as it considers fit to do so

All trustees, except for Mr P. Brier, Mr B. Knight, Mr J S Millard and Mrs. V Mills serve for a three-year period and may be re-elected

### Trustee Induction and Training

Most trustees are already familiar with our charity's work through their activities as pedigree pig farmers

Our charity regularly organises training workshops, inward mission to the United Kingdom from overseas pedigree pig farmers and outward missions to learn and exchange expertise with overseas pedigree pig farmers

### DIRECTORS' AND TRUSTEES' REPORT (Continued)

### FOR THE YEAR ENDED 31st DECEMBER 2011

### Risk Management

The executive committee has conducted its own review of the major risks to which the charity is exposed and systems have been established to mitigate those risks. Significant external risks to funding have led to the development of regular appraisals of plans, which would allow for the diversification of resources.

Internal risks are minimised by the implementation of procedures for authorisation of transactions and projects. All projects and procedures are regularly reviewed for compliance with the objectives set out

### Organisational Structure

There is one full time chief executive who manages the day-to-day administration of the charity, and organises fundraising initiatives. The remaining staff are employed to assist with fundraising and administration

The chief executive is in place to ensure that the charity delivers the services specified and that key performance targets are met to include individual supervision of the staff team

Our charity has several committees that meet regularly to review the achievement of our aims. There are separate committees that manage shows and events, pedigree pork schemes, regional issues, conservation, herd inspections, breed enhancement and protection projects. The Council of trustees and the executive committee meet at least once a year to review progress and assess achievement of our aims.

### Statement of trustees' responsibilities

Company and Charity law requires the trustees to prepare financial statements for each financial year, which give a true and fair view of the financial activities of the charity and of its financial position at the end of that year In preparing those financial statements, the trustees have
