**THE ALLYNUGGER TEA COMPANY, LIMITED**  
**REPORT OF THE DIRECTORS**

---

The directors present their report together with the audited accounts for the year ended 31 December 2012

**Principal Activities**

The principal activity of the company is the growing and manufacturing of tea in Bangladesh

**Results and dividends**

The profit for the year amounted to £1,097,673 (2011 £854,794) A dividend of £240,000 (2011 £570,000) was paid during the year

**Directors**

The directors of the company, who are listed on page one, were all directors for the year and remain in office

**Review of business and changes in corporate structure**

The company is part of the Camellia Plc group and undertakes its principal activities through a branch in Bangladesh

**Statement of directors' responsibilities**

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year Under that law the directors have prepared the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006 They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

The directors are responsible for the maintenance and integrity of the company's website Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions

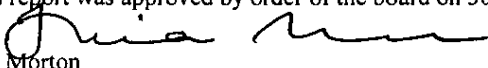

**Disclosure of information to auditors**

So far as the directors are aware, there is no relevant audit information of which the company's auditors are not aware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant information and to establish that the company's auditors are aware of that information

**Independent Auditors**

PricewaterhouseCoopers LLP have indicated that they will be seeking re-appointment as auditor at the forthcoming annual general meeting

This report was approved by order of the board on 30th August 2013

  
J A Morton  
Company Secretary

## THE ALLYNUGGER TEA COMPANY, LIMITED

### Independent auditors' report to the members of The Allynugger Tea Company, Limited

---

We have audited the financial statements of The Allynugger Tea Company, Limited for the year ended 31 December 2012 which comprise the Statement of Comprehensive Income, the Balance Sheet, Statement of Changes in Equity, the Cash flow statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

#### Respective responsibilities of directors and auditors

As explained more fully in the Statement of Directors' Responsibilities set out on page two, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

#### Scope of the report and accounts

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

#### Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its profit and cash flows for the year then ended,
- have been properly prepared in accordance with IFRSs as adopted by the European Union, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

#### Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

|  |      | 520,794   | 33,061    |

# THE ALLYNUGGER TEA COMPANY, LIMITED

## NOTES TO THE ACCOUNTS

### 1 ACCOUNTING POLICIES

The principal accounting policies in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

#### a) Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union (IFRSs as adopted by the EU), IFRIC interpretations and the Companies Act 2006 applicable to companies reporting under IFRS. The company has a registered branch in Bangladesh, the trading results of which are consolidated and presented in these financial statements. The financial statements have been prepared on the historical cost and going concern basis.

#### b) Foreign currency translation

The presentation currency of the company is pounds sterling, the currency of the country in which the company is incorporated. The operations of the company are based in Bangladesh and the functional currency is Bangladesh takas. The statement of comprehensive income and cash flows are translated into pounds sterling at average exchange rates for the year and balance sheet items are translated at exchange rates ruling at the balance sheet date. Exchange differences arising from translation of the net investment in the foreign operation are taken to shareholders' equity.

#### c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, value added tax and other sales related taxes. Invoices are raised when goods are despatched or when the risks and rewards of ownership otherwise irrevocably pass to the customer.

#### d) Property, plant and equipment

Property, plant and equipment is shown at cost less subsequent depreciation and impairment. Cost includes expenditure that is directly attributable to the acquisition of these assets. On transition to IFRS, the group has followed the transitional provisions and elected that previous UK GAAP revaluations be treated as deemed cost. Subsequent costs are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. Repairs and maintenance are charged to the income statement during the financial period in which they are incurred. Depreciation of assets is calculated to write off their cost less residual value on a straight line basis over their expected useful lives.

Rates of depreciation are -

|   |           |
|---|-----------|
| Buildings                               | 3% to 20% |
| Plant and machinery                     | 7% to 13% |
| Vehicles                                | 7% to 13% |
| Fixtures, fittings, tools and equipment | 5% to 10% |

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date. The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is included in the statement of comprehensive income.

Costs in respect of operating leases are charged to the statement of comprehensive income on a straight line basis over the lease term.

# THE ALLYNUGGER TEA COMPANY, LIMITED

## NOTES TO THE ACCOUNTS

---

### 1 ACCOUNTING POLICIES (continued)

#### e) Biological Assets

Biological assets are measured on initial recognition and at each balance sheet date at fair value. Any changes in fair value are recognised in the statement of comprehensive income in the year in which they arise. All costs of planting, upkeep and maintenance of biological assets are set against the fair value movement.

#### f) Investments

Investments in group and associated companies are included at cost.

#### g) Impairment of assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment and whenever events or changes in circumstance indicate that the carrying amount may not be recoverable. Assets that are subject to amortisation are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

#### h) Inventories

Agricultural produce at the point of harvest is measured at fair value less estimated point-of-sale costs. Any changes arising on initial recognition of agricultural produce at fair value less estimated point-of-sale costs are recognised in the statement of comprehensive income in the year in which they arise.

Other inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the weighted average method. Net realisable value represents the estimated selling price less all estimated costs of completion and selling expenses.

#### i) Trade receivables

Trade receivables are carried at original invoice amount less provision made for impairment of these receivables. A provision for impairment of trade receivables is established when there is objective evidence that the group will not be able to collect all amounts due according to the original terms. The amount of the provision is recognised in the statement of comprehensive income.

#### j) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

## NOTES TO THE ACCOUNTS

---

### 1 ACCOUNTING POLICIES (continued)

#### k) Borrowings

Interest-bearing bank loans and overdrafts are initially recorded at the proceeds received, net of direct issue costs. Finance charges, including premiums payable on settlement or redemption and direct issue costs, are accounted for on an accrual basis to the statement of comprehensive income using the effective interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise.

#### l) Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the liability method. Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction, other than in a business combination, that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related tax asset is realised or the tax liability is settled. Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

#### m) Financial Instruments

Financial risk management policies are set by the Board. Various financial instruments arise directly from the company's operations, for example cash, trade debtors, trade creditors and accruals, in addition to the company using financial instruments to finance its operations. The company finances its operations by a mixture of retained profits, bank borrowings and long term loans. The objective for the company is to maintain a balance between continuity of funding and flexibility through the use of borrowings which are regularly reviewed.

Changes in accounting policy and disclosures

#### n) New and amended standards adopted by the company

No new or amended standards have been adopted by the company during 2012.

# THE ALLYNUGGER TEA COMPANY, LIMITED

## NOTES TO THE ACCOUNTS

### 1 ACCOUNTING POLICIES (continued)

- o) Standards, amendments and interpretations to existing standards that are not yet effective and have not been adopted early by the company

The following standards and amendments to existing standards have been published and are mandatory for the company's accounting periods beginning on or after 1 January 2013 or later periods, but the company has not adopted them early

#### IAS 1

(amendment)

Financial statement presentation - effective from 1 July 2012

The main change resulting from these amendments is a requirement for entities to group items presented in other comprehensive income on the basis of whether they are potentially reclassifiable to profit or loss subsequently. The amendments do not address which items are presented in other comprehensive income.

#### IFRS 12

Disclosures of interests in other entities - effective from 1 January 2013

This standard includes the disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, structured entities and other off balance sheet vehicles. This standard has been endorsed by the EU with an effective date of 1 January 2014.

#### IFRS 13

Fair value measurement - effective from 1 January 2013

This standard aims to improve consistency and reduce complexity by providing a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. The requirements, which are largely aligned between IFRSs and US GAAP, do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs or US GAAP.

#### IAS 19

(amendment)

Employee benefits - effective from 1 January 2013

These amendments eliminate the corridor approach and calculate finance costs on a net funding basis.

#### IAS 27 (revised 2011)

Separate financial statements - effective from 1 January 2013

This revision includes the requirements relating to separate financial statements. This revised standard has been endorsed by the EU with an effective date of 1 January 2014.

#### IFRS 9

Financial instruments - effective from 1 January 2015

This standard is the first step in the process to replace IAS 39, 'Financial instruments: recognition and measurement'. IFRS 9 introduces new requirements for classifying and measuring financial assets and is likely to affect the company's accounting for its financial assets. The standard is not applicable until 1 January 2015 but is available for early adoption. This standard has not yet been endorsed by the EU.

## NOTES TO THE ACCOUNTS

### 20 FINANCIAL INSTRUMENTS

#### Capital risk management

The company manages its capital to ensure it will be able to continue as a going concern, while maximising the return to stakeholders through the optimisation of its debt and equity balance. The capital structure of the company consists of debt, which includes the borrowings disclosed in note 13, cash and equity attributable to equity holders of the parent, comprising issued capital, reserves and retained earnings.

#### Financial risk management objectives

The company finances its operations by a mixture of retained profits, bank borrowings and long-term loans. The objective is to maintain a balance between continuity of funding and flexibility, through the use of borrowings. To achieve this, the borrowings and facilities are regularly reviewed. The company also seeks to maintain sufficient undrawn committed borrowing facilities to provide flexibility in the management of the company's liquidity.

#### (A) Market risk

##### (i) Foreign exchange risk

The company has no material exposure to foreign currency exchange risk on trading activities.

##### (ii) Price risk

The company's exposure to commodity price risk is not significant.

##### (iii) Cash flow and interest rate risk

The company's interest rate risk arises from interest-bearing assets and short and long-term borrowings. Borrowings issued at variable rates expose the company to cash flow interest rate risk. The company has no fixed rate exposure.

#### (B) Credit risk

The company has policies in place to limit its exposure to credit risk. Credit risk arises from cash at bank, as well as credit exposures to customers, including outstanding receivables and committed transactions. Management assesses the credit quality of the customer taking into account its financial position, past experience and other factors and monitors the utilisation of credit limits regularly.

#### (C) Liquidity risk

Ultimate responsibility for liquidity risk management rests with the board of directors. The company manages liquidity risk by maintaining adequate reserves and banking facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.
