NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD ENDED 30 SEPTEMBER 2023

1 Accounting policies

Company information

Lambert Parker & Gaines Limited is a private company limited by shares incorporated in England and Wales. The registered office is St Johns House, St Johns Square, Wolverhampton, WV2 4BH.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (FRS 102) and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the Company. Monetary amounts in these financial statements are rounded to the nearest £1.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

In accordance with the transitional exemption in section 35.10(m) of FRS 102, Lambert Parker & Gaines Limited has elected to retain its accounting policies for reported assets, liabilities and equity from before the date of transition to FRS 102.

The Company is a qualifying entity for the purposes of FRS 102, as Marston's PLC prepares publicly available consolidated financial statements, including the Company, which are intended to give a true and fair view of the assets, liabilities, financial position and profit or loss of the Group (note 4). The Company has therefore taken advantage of the exemptions from the following disclosure requirements in FRS 102:

- Section 7 'Statement of Cash Flows' – Presentation of a statement of cash flows and related notes and disclosures;
- Section 11 'Basic Financial Instruments' – Interest income/expense and net gains/losses for each category of financial instrument not measured at fair value through profit or loss, impairment losses for each class of financial asset and information that enables users to evaluate the significance of financial instruments;
- Section 33 'Related Party Disclosures' – Compensation for key management personnel.

1.2 Going concern

The ability of the Company to operate as a going concern is fundamentally linked to that of the wider Group (i.e. Marston's PLC and its subsidiaries). In the Group's base case forecast, no covenants are forecast to be breached within the next 12 months and the Group has adequate liquidity throughout the going concern period. In a severe but plausible downside scenario only, the Group would be required to amend solely the Interest Cover covenant to its banking and private placement facilities in the outer quarters of the going concern period. Given the Group's experiences to date the Directors would be very confident of securing this where necessary.

As such, the Directors of the Company continue to adopt the going concern basis of accounting in preparing these financial statements for the Company. However, a material uncertainty exists which may cast significant doubt on the Group's and hence the Company's ability to continue as a going concern and, therefore, to continue realising its assets and discharging its liabilities in the normal course of business. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

1.3 Profit and loss account

The Company has not traded during the period or the preceding financial period. During this time the Company received no income and incurred no expenditure and therefore no profit and loss account is presented in these financial statements.
