The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31st May 2020.

The members have not required the company to obtain an audit of its financial statements for the year ended 31st May 2020 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Statement of Income and Retained Earnings has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 5th November 2020 and were signed on its behalf by:

H A Veitch - Director

Mrs L J White - Director

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MAY 2020

1. STATUTORY INFORMATION

Reston & Berwick Farming Company Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Turnover

The company's turnover consists of the sale of livestock, rental income and agricultural subsidy income.

For the sale of livestock, revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. This is usually at the point when the customer has taken delivery of the goods.

For rental income, revenue is recognised in the accounting period to which the rent relates.

Income from government grants and subsidies is recognised when the company has entitlement to the funds, any performance conditions attached have been met, it is probable that the income will be received and the amount can be measured reliably.

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Land and buildings - 2% on cost and not provided

Plant and machinery etc - 33.3% on cost, 25% on cost and 10% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value. For livestock, cost is defined as actual cost of purchase plus estimated costs of feeding and keep to date. Mature livestock is valued on the herd basis.

2. ACCOUNTING POLICIES - continued

Financial assets

Basic financial assets, including trade and other debtors and bank balances, are initially recognised transaction price. At the end of each reporting period financial assets measured at cost are assessed for evidence of impairment. Any impairment loss is recognised in the Income Statement.

Financial assets are derecognised when the contractual rights to the cash flows from the asset expire or are settled.

Financial liabilities

Basic financial liabilities, including trade and other creditors, are initially recognised at transaction price.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. These are classed as current liabilities if payment is due within one year or less. If not they are presented as non-current liabilities.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Investments

Investments are stated at fair value with any change in valuation taken to the income statement.

2. ACCOUNTING POLICIES - continued

Going concern

The directors have considered the potential impact of the current Covid-19 pandemic on the business and are satisfied that the company has sufficient cash reserves to meet all financial obligations for the foreseeable future. The Accounts have therefore been prepared on the going concern basis.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 2 (2019 - 2).

The Company's property at Shawbraes and 220 acres of farmland was valued on an open market basis in January 2003 by Strutt & Parker, Chartered Surveyors. The Company's property at Berryhaughs and land surrounding the former auction mart at Reston was valued on the same basis in May 2007, again by Strutt & Parker. The Company purchased Investment Properties in 2012, 2014, 2015 & 2016 which are included at cost as there would be no significant difference between open market value and cost.

In accordance with FRS102, the Directors have chosen to use these values as deemed cost at the date of transition to FRS102.
