# Directors' Report For the Year Ended 31 December 2017

The directors present their report and the financial statements for the year ended 31 December 2017. P&O Scottish Ferries Limited ('the Company') is incorporated and domiciled in the UK. The Company did not engage in any commercial activity during the year.

## Directors' responsibilities statement

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures
  disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Results and dividends

The loss for the year, after taxation, amounted to £648 thousand (2016 - loss £792 thousand).

The directors do not recommend the payment of a dividend (2016:£NIL).

#### **Directors**

The directors who served during the year were:

S.M. Qureshi

G.R. Jayaraman (resigned 16 April 2018)

#### Qualifying third party indemnity provisions

All directors are entitled to contractual indemnification from the Company to the extent permitted by law against claim and legal expenses incurred in the course of their duties.

Such qualifying third party indemnity insurance is provided and remains in force as at the date of approving the Directors' Report.

# Directors' Report (continued) For the Year Ended 31 December 2017

## Small companies note

In preparing this report, the directors have taken advantage of the small companies exemptions provided by section 415A of the Companies Act 2006.

This report was approved by the board on 24 September 308 and signed on its behalf.

#### Notes to the Financial Statements For the Year Ended 31 December 2017

#### 1. Accounting policies

#### 1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies.

The following principal accounting policies have been applied:

#### 1.2 Financial reporting standard 101 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions under FRS 101:

- · the requirements of IFRS 7 Financial Instruments: Disclosures
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
  - paragraph 79(a)(iv) of IAS 1;
  - paragraph 73(e) of IAS 16 Property, Plant and Equipment;
  - paragraph 118(e) of IAS 38 Intangible Assets;
  - paragraphs 76 and 79(d) of IAS 40 Investment Property; and
  - paragraph 50 of IAS 41 Agriculture
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions
  entered into between two or more members of a group, provided that any subsidiary which is a
  party to the transaction is wholly owned by such a member
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

#### 1.3 Going concern

The Company's immediate parent, The Peninsular and Oriental Steam Navigation Company, has given a written undertaking that it will continue to support the Company and its present activities. The directors acknowledge that there can be no certainty that this support will continue, although they have no reason to believe that it will not do so. Based on this undertaking, the directors consider it remains appropriate to prepare the financial statements on a going concern basis.

#### Notes to the Financial Statements For the Year Ended 31 December 2017

#### Accounting policies (continued)

#### 1.4 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

Investments in unlisted Company shares, whose market value can be reliably determined, are remeasured to market value at each balance sheet date. Gains and losses on remeasurement are recognised in the Statement of Comprehensive Income for the period. Where market value cannot be reliably determined, such investments are stated at historic cost less impairment.

Investments in listed company shares are remeasured to market value at each Statement of Financial Position date. Gains and losses on remeasurement are recognised in profit or loss for the period.

#### 1.5 Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

# Notes to the Financial Statements For the Year Ended 31 December 2017

#### 1. Accounting policies (continued)

#### 1.6 Pensions

#### Defined benefit pension plan

The Company operates a defined benefit plan for certain employees. A defined benefit plan defines the pension benefit that the employee will receive on retirement, usually dependent upon several factors including but not limited to age, length of service and remuneration. A defined benefit plan is a pension plan that is not a defined contribution plan.

The liability recognised in the Statement of Financial Position in respect of the defined benefit plan is the present value of the defined benefit obligation at the end of the reporting date less the fair value of plan assets at the reporting date (if any) out of which the obligations are to be settled.

The defined benefit obligation is calculated using the projected unit credit method. Annually the company engages independent actuaries to calculate the obligation. The present value is determined by discounting the estimated future payments using market yields on high quality corporate bonds that are denominated in sterling and that have terms approximating to the estimated period of the future payments ('discount rate').

The fair value of plan assets is measured in accordance with the FRS 102 fair value hierarchy and in accordance with the Company's policy for similarly held assets. This includes the use of appropriate valuation techniques.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income. These amounts together with the return on plan assets, less amounts included in net interest, are disclosed as 'Remeasurement of net defined benefit liability'.

The cost of the defined benefit plan, recognised in profit or loss as employee costs, except where included in the cost of an asset, comprises:

- a) the increase in net pension benefit liability arising from employee service during the period; and
- b) the cost of plan introductions, benefit changes, curtailments and settlements.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is recognised in profit or loss as a 'finance expense'.

#### 1.7 Taxation

Tax is recognised in the Statement of Comprehensive Income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

#### 2. Employees

The Company has no employees other than the directors.

#### Notes to the Financial Statements For the Year Ended 31 December 2017

#### 3. Directors' remuneration

None of the directors received any remuneration from the Company during the year or prior period. The directors' remuneration was borne by group undertakings. The directors do not believe that it is practicable to apportion the remuneration between their services as directors of the Company and their services as directors/employees of other group undertakings.

#### 4. Taxation

#### Factors affecting tax charge for the year

The tax assessed for the year is lower than (2016 - lower than) the standard rate of corporation tax in the UK of 19.25% (2016 - 20%). The differences are explained below:

	2017 £000	2016 £000
Loss on ordinary activities before tax	(648)	(792)
Loss on ordinary activities multiplied by standard rate of corporation tax in the UK of 19.25% (2016 - 20%)  Effects of:	(125)	(158)
Non-taxable income less expenses not deductible for tax purposes	125	158
Tax charge in the income statement	-	-

#### Factors that may affect future tax charges

A reduction from 20% to 19% from 1 April 2017 was enacted on 26 October 2015, and an additional reduction to 17% (effective from 1 April 2020) was substantively enacted on 6 September 2016.

The rate changes will impact the amount of future tax recongnised by the Company. However, it does not have any effect on the current year results.

#### Unrecognised deferred tax

No deductible or taxable differences arose during the year, thus no deferred tax assets or deferred tax liabilities have been recognised.

#### 9. Pension commitments

The Company participated in two industry wide multi-employer defined benefit pension schemes as described below:

#### Merchant Navy Officers' Pension Fund ("MNOPF")

The MNOPF was a Scheme in which officers employed by the Company have participated. The scheme was closed to future accrual in March 2016.

In September 2017 the Company paid £5.5 million to settle all the outstanding deficit contributions due to the MNOPF.

The MNOPF are currently reviewing the draft results of the 31 March 2018 Actuarial Valuation which will be presented to all participating employers during Q4 of 2018. Outstanding deficit contributions of £1.5 million per annum have been agreed to be paid until 2020 and £0.3 million pre annum from 2021 to 2023.

The Company's share of the net deficit of the MNOPF at 10 February 2017 is estimated at 5.33%.

#### Merchant Navy Ratings' Pension Fund ("MNRPF")

The MNRPF was a Scheme in which sea staff employed by the Company has participated. The scheme closed to further benefit accrual in 2001.

The Company's deficit contributions arising from the 31 March 2014 valuation totaled £3.0 million (equating to 7.3% share of the net deficit). Outstanding deficit contributions of £0.4 million per annum have been agreed to be paid until and including 2022.

The Trustee has recently informed the Company that its deficit contributions arising from the 31 March 2017 valuation totaled £2.4 million. The payment terms for the Company's deficit is still to be agreed. The Company has been informed of a potential issue, relating to the effectiveness of the Rule amendment ceasing future claims to ill-health early retirement, which the Trustee has referred to the Court for direction. The court hearing is not due to take place until 2020 at the earliest. The outcome could lead to a further deficit being allocated to all participating employers.
