Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements, except as stated below.

Basis of preparation

The financial statements have been prepared in accordance with applicable UK accounting standards and under the historical cost accounting rules.

These financial statements were prepared in accordance with Financial Reporting Standard 102. The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014. As the company has met the Companies Act 2006 definition of a dormant company as at and since the date of transition the accounting policies applied at the date of transition under previous GAAP have been retained as permitted by paragraph 10(m) of chapter 35 of FRS 102. As a result, there will be no change to amounts reported at 1 October 2014 until there is any change to those balances or the company undertakes any new transactions.

Under FRS 1 the Company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the Company in its own published consolidated financial statements.

As the Company is a wholly owned subsidiary of AAG UK Holdings Limited, the Company has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with wholly owned subsidiaries which form part of the group.

Going concern

The financial statements have been prepared under the going concern assumption.

Dividends on shares presented within shareholder's funds

Dividends are only recognised as a liability at that date to the extent that they are declared prior to the year end. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements.
