KINGSTON MINERALS LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2020

The Directors present their report and the financial statements for the year ended 31 December 2020.

Principal activity

The Company is a group finance company. It did not trade during the current or prior year and, therefore, the financial statements comprise the Balance Sheet and related notes only.

Future developments

The Directors anticipate that the Company will continue as a group finance company for the foreseeable future.

The impact of COVID-19 on UK businesses is changing on a daily basis and the measures being adopted by the UK Government could have a significant adverse impact for the foreseeable future. The Company is monitoring the impact of this on a frequent basis.

Going concern

The Company has limited activity and has limited cash flows outside of the HeidelbergCement AG ("HCAG") group. The recoverability of its assets is dependent on the financial position of the HCAG group. The Directors believe the carrying value of assets are expected to be fully realised.

The impact of COVID-19 on global economic development is currently unpredictable, however HCAG has adopted COPE ('Covid-19 Contingency Plan Execution'), which is focused on cost savings and has significant liquidity headroom as a result of actions already taken during its refinancing strategy. The Directors, having assessed the responses of the management of HCAG to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the HCAG group to continue as a going concern.

On the basis of their assessment of the Company's financial position and relevant enquiries the Directors have a reasonable expectation that the Company will be able to continue in existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Directors

The Directors who served during the year were:

E A Gretton
N Benning-Prince
R C Dowley
Dr C M Wendt

Post-balance-sheet events

The developments surrounding COVID-19 represent a non-adjusting post balance sheet event and are not reflected in the carrying value of the debtors shown in the financial statements. If the pandemic continues for a long period of time, there may be changes in the carrying values. These would be reflected in the financial statements for the year ended 31 December 2021.

The articles of association also provide for the Directors to be indemnified by the Company subject to the provisions of the Companies Act.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

1. General information

Kingston Minerals Limited ("the Company") is a limited company incorporated and domiciled in the United Kingdom. The address of its registered office and principal place of business is disclosed in the Company Information.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 (FRS102), the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The Company's financial statements are presented in Sterling, which is also the Company's functional currency, and all values are rounded to the nearest thousand pounds (£'000).

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have, unless otherwise stated, been consistently applied to all periods presented.

The Company is part of the HeidelbergCement AG group and is included in the consolidated financial statements of HeidelbergCement AG. The Company therefore qualifies for the reduced disclosures for subsidiaries under FRS 102 including the exemption to present a cash flow statement. The Company is also exempt under Section 33.1A of FRS 102 from disclosing related party transactions with wholly owned subsidiaries of the HeidelbergCement AG group.

2.2 Going concern

The accounts have been prepared on a going concern basis as the Company is in a position to meet its obligations as they fall due. The recoverability of the Company's assets is dependent on the financial position of the HeidelbergCement AG ("HCAG") group. The Directors believe the carrying value of assets are expected to be fully realised.

The impact of COVID-19 on global economic development is currently unpredictable, however HCAG has adopted COPE ('Covid-19 Contingency Plan Execution'), which is focused on cost savings and has significant liquidity headroom as a result of actions already taken during its refinancing strategy. The Directors, having assessed the responses of the management of HCAG to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the HCAG group to continue as a going concern.

On the basis of their assessment of the Company's financial position and relevant enquiries the Directors have a reasonable expectation that the Company will be able to continue in existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

The Directors do not consider it probable that an outflow of economic resources will be required by the Company to settle the obligation nor can the amount of any obligation be measured with sufficient reliability.

The Company's immediate parent undertaking is Hanson Quarry Products Holdings Limited, a company registered in England and Wales.
