## 1. Progress of the liquidation

FRP

### Note

This report has been prepared from information available at the time of its preparation. Due to the global outbreak of Covid 19 and the UK's response to this, requiring working from home and necessarily a lack of access to physical files or other information, we should advise that we may not have all the information required to ensure this report is both complete and accurate. Where there are errors and/or omissions we will endeavour to correct these where possible in our next report to you.

Yasmin Bhikha replaced Emily Ball as Joint Liquidator by way of a Block Transfer Order made on 23 March 2020.

Work undertaken during the Period and work yet to be completed

We attach at **Appendix C** a schedule of work undertaken during the Period together with a summary of work still to be completed.

### Highlights include:

- Obtaining a rates refund
- Continue to receive proceeds of sale of business and assets

### Receipts and payments account

Attached at **Appendix B** is a receipts and payments account detailing both transactions for the Period and also cumulatively since our appointment as Liquidators.

### Investigations

Part of our duties include carrying out proportionate investigations into what assets the Company has, including any potential claims that could be brought by the Company or by us in our capacity as Liquidators against any party which could result in a benefit to the estate. We have reviewed the Company's books and records and accounting information, requested further information from the directors, and

invited creditors to provide information on any concerns they have concerning the way in which the Company's business has been conducted.

Further details of the conduct of our investigations are set out in the schedule of work attached. We can confirm that no further investigations or actions are required.

## 2. Estimated outcome for the creditors

# FRP

The estimated outcome for creditors was included in correspondence previously circulated by us.

### Outcome for secured creditors

The Bank had the benefit of a fixed and floating charge security over the Company assets and were owed approximately £316,000. In addition, the Bank had a cross guarantee for the sums owed by other Group companies, JES and C of C. The Company partially repaid the Bank during the preceding Administration with the balance being met by the other Group companies.

RBSIF who also had the benefit of a fixed and floating charge security over the assets of the Company were also repaid in full during the Administration.

### Preferential Creditors

The preferential creditors totalled £18,241, being the employees' preferential element for arrears of pay, unpaid pension contributions and holiday pay as calculated in accordance with legislation.

During the Period a preferential dividend of 100 pence in the £ was declared and all preferential creditors were paid in full.

### Unsecured creditors

We have received claims totalling £894,577 from unsecured creditors in these proceedings.

Claims received have been agreed and a dividend of 8.40 pence in the pound was paid to unsecured creditors on 25 March 2020.

It is anticipated, based on the level of realisations to date and further realisations expected, there will be sufficient funds available to pay a second and final distribution to unsecured creditors.

### The Prescribed Part

In accordance with the Insolvency Act 1986, the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

In this matter the floating charge creditor has been repaid in full, therefore the prescribed part will not apply.

### 3. Liquidators' remuneration, disbursements and expenses

#### Liquidators' remuneration

Following circulation of the Proposals in the preceding Administration, the creditors approved that the Administrators' remuneration should be calculated on a time cost basis. It was also agreed that the subsequent Liquidator could draw fees on this basis, adopting the fee resolution from the Administration. To date fees of £26,053 excluding VAT have been drawn from the funds available.

A breakdown of our firm's time costs incurred during both the Period and to date is attached at **Appendix D**.

The remuneration anticipated to be recovered by the Liquidators based on time costs, is not likely to exceed the sum provided in the fees estimate previously circulated to creditors.

The Liquidators are unable to draw fees based on time costs exceeding the total amount set out in the fees estimate previously provide without further approval of the creditors. Approval will be sought under separate cover if required.

#### Liquidators' disbursements

The Liquidators' disbursements are a recharge of actual costs incurred by them in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory Trading Limited at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the Period are set out in **Appendix D**.

#### Expenses of the liquidation

An estimate of the Liquidators' expenses was set out in the information previously circulated to creditors. We attach at **Appendix E** a statement of expenses that have been incurred during the Period. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the details provided prior to the determination of the basis of the Liquidators' remuneration.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Joint Liquidator is obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Joint Liquidator periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Joint Liquidator and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Creditors have a right to request further information from the Liquidators and further have a right to challenge the Liquidators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the Period as set out in **Appendix E** only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link <https://creditors.frapadvisory.com/info.aspx> and select the one for liquidation. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

A Schedule of Work

**FRP**

JCS REALISATIONS LIMITED (IN LIQUIDATION) ("THE COMPANY")

Schedule of Work

The table below sets out a detailed summary of the work undertaken by the office holder to date and details of the work it is anticipated will be undertaken by the office holder throughout the duration of this assignment. Details of assumptions made in compiling this table are set out below. The fee basis for the different categories or work are set out in this table together with an estimate of the estimated fee for each category of work where this can be estimated.

Where the fee basis proposed is time costs, further details of the estimated time costs to be incurred are set out in the fee estimate accompanying this schedule.

Where work undertaken results in the realisation of funds (from the sale of assets; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

| GENERAL ASSUMPTIONS IN COMPILING THIS SCHEDULE OF WORK                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
