## Directors' report

The directors present their report and financial statements for the year ended 31 December 2009

### Results and dividends

The profit for the year amounted to £3,044,000 (2008 – profit of £3,840,000) Dividends of £4,900,000 (2008 – £5,000,000) were paid during the year

### Principal activities and review of the business

The principal activity of the company continues to be the ownership and operation of the Park Lane Hotel located in London England

The company's key financial and other performance indicators during the year were as follows

	2009 £000	2008 £000	Change
Turnover	22,090	24,251	(9%)
Profit before taxation	4,476	5,597	(20%)
Profit after tax	3,044	3,840	(19%)
Customer satisfaction (score out of 10)	7.03	6.69	5%
Employee satisfaction	71%	74%	(3%)

Company revenue decreased in 2009 in line with the economic conditions. The main decrease was in the average room rate, combined with Conference and Banqueting business. However, many cost savings were achieved throughout the year resulting in reductions in administrative costs during the year.

The company considers customer satisfaction is a key indicator of performance, and all customer questionnaires are completed through an independent third party.

### Principal risks and uncertainties

The company continues to monitor risks and uncertainties during its budgeting process and monthly strategic meetings.

#### *Competitive risks*

The company operates at the upper end of a highly competitive London hotel market. Risks are from either new competitor openings or existing competitors investing in product refurbishments.

#### *Economic risks*

The company is reliant on healthy economies in all its major markets, being UK, USA and Europe. It is highly aware of the current economic uncertainty and has a robust forecasting process in place to enable the company to identify market trends as early as possible.

#### *Exchange rate risks*

A significant element of the company's revenues is dependant on non UK based businesses and therefore the exchange rates of major currencies (specifically USD and Euros) are a risk to the company.

### Future developments

The directors aim to maintain the management policies which have resulted in the company's substantial growth in recent years. They consider that 2010 will continue to be a difficult trading year, in line with the economic conditions. In line with that assumption, the company continues with its many cost saving measures already in place.

## Directors' report

### Disabled employees

Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes for the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the company continues and that appropriate training is arranged. It is the policy of the company that the training, career development and promotion of disabled persons should, as far as possible, be identical with that of other employees. The company is an equal opportunities employer.

The company recognises the high standards required to ensure the health, safety and welfare of its employees at work, its customers and the general public. Company policies in this regard are regularly reviewed with the objective of ensuring that these standards are achieved.

### Employee involvement

The company places considerable value on the involvement of its employees and has continued to keep them informed on matters affecting them as employees and on the various matters affecting the performance of the company. This is achieved through formal and informal meetings.

### Directors

The directors who served the company during the year are as shown on page 1.

In addition R L Scott resigned on 1 January 2009.

### Disclosure of information to the auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the company's auditor, the directors have taken all the steps that they are obliged to take as directors in order to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

### Auditors

A resolution to reappoint Ernst & Young LLP as auditors will be put to the members at the Annual General Meeting.

By order of the board

## Statement of Directors' Responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

# **Independent auditor's report**

## **to the members of The Park Lane Hotel Limited**

We have audited the financial statements of The Park Lane Hotel Limited for the year ended 31 December 2009 which comprise the Profit and Loss Account, the Statement of Total Recognised Gains and Losses, the Balance Sheet and the related notes 1 to 19. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

### **Respective responsibilities of directors and auditors**

As explained more fully in the Statement of Directors' Responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

### **Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

### **Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2009 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

## Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

## Notes to the financial statements

at 31 December 2009

### 1. Accounting policies

#### *Basis of preparation*

The financial statements are prepared under the historical cost convention and in accordance with applicable UK accounting standards

#### *Consolidated financial statements*

The company has taken advantage of the exemption afforded by section 401 of the Companies Act 2006 and not prepared consolidated accounts as the company is included in the consolidated accounts of Starwood Hotels & Resorts Worldwide Inc

#### *Statement of cash flows*

The company is exempt, according to FRS1 (Revised 1996) from the requirement to prepare a statement of cash flow, as it is a wholly owned subsidiary of Starwood Hotels & Resorts Worldwide Inc, the consolidated financial statements of which will incorporate a consolidated statement of cash flows, including those of the company

#### *Related party transactions*

As a subsidiary undertaking of Starwood Hotels & Resorts Worldwide Inc, the company has taken advantage of the exemption in FRS 8 'Related party disclosures' not to disclose transactions with other wholly owned members of the group headed by Starwood Hotels & Resorts Worldwide Inc

#### *Fixed assets*

Tangible fixed assets are stated at cost net of depreciation and any provision for impairment

#### *Depreciation*

Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value based on prices prevailing at the date of acquisition of each asset, evenly over its expected useful life, as follows

Short leasehold land and buildings	–	unexpired term of the lease
Fixtures, fittings and equipment	–	3 to 15 years

Refurbishment of the leasehold property is treated as an addition to short leasehold land and buildings

#### *Investments*

Fixed assets investments are shown at cost less provision for impairment

#### *Stocks*

Stocks are stated at the lower of cost and net realisable value. Provision is made for obsolete, slow-moving or defective items where appropriate

#### *Deferred taxation*

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions

- provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold,

## Notes to the financial statements

at 31 December 2009

### 1 Accounting policies (continued)

- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

#### **Foreign currency**

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date

All differences are taken to the profit and loss account

#### **Leases**

Rentals under operating leases are charged on a straight line basis over the lease term, even if the payments are not made on such a basis

#### **Pension schemes**

For defined benefit schemes the amounts charged to operating profit are the current service costs and any gains and losses on settlements and curtailments. They are included as part of staff costs. Past service costs are charged to operating profit immediately if the benefits have vested. If the benefits have not vested immediately, the costs are recognised by equal annual instalments until vesting occurs. The interest cost and the expected return on assets are included as other finance costs. Actuarial gains and losses net of deferred tax are recognised immediately in the statement of total recognised gains and losses.

Defined benefit schemes are either externally funded, with the assets of the scheme held separately from those of the group in separate trustee administered funds, or are unfunded. Pension scheme assets are measured at fair value, and liabilities are measured on an actuarial basis and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent currency and term to the scheme liabilities. Full actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The resulting defined benefit asset or liability, net of the related deferred tax, is presented separately after other net assets on the face of the balance sheet.

Contributions are also made to the SHUK Pension Plan, and though the scheme is a multi-employer defined benefit scheme, it is accounted for in the financial statements of The Park Lane Hotel Limited as a defined contribution scheme, as a fixed contribution is made to the scheme and any surpluses or deficits are accounted for by Sheraton Hotels (UK) plc.

#### **Share-based payments**

##### **Equity settled transactions**

The cost of equity settled transactions – restricted stock – with employees is measured by reference to the fair value at the date at which they are granted and is recognised an expense over the vesting period, which ends on the date on which the relevant employees become fully entitled to the award. Fair value is determined by using market values. The movement in cumulative expense since the previous balance sheet date is recognised in the income statement with a corresponding entry in equity.

# Notes to the financial statements

at 31 December 2009

## 1 Accounting policies (continued)

### Cash settled transactions

The cost of cash settled transactions – stock options – with employees is measured by reference to the fair value at the date at which they are granted and is recognised an expense over the vesting period, which ends on the date on which the stock options becomes fully vested. Fair value is determined by using market values. Changes in the carryings amount for the liability are recognised in the profit and loss account for the period.

## 2. Turnover

Turnover comprises amounts derived from the provision of goods and services falling within the company's ordinary activities after deduction of value added tax, other sales related taxes and trade discounts. Turnover arises solely from the company's principal activity within the United Kingdom.

## 3. Operating Profit

This is stated after charging/(crediting)

	2009 £000	2008 £000
Auditors' remuneration – audit services	62	62
Depreciation of owned fixed assets	1,282	1,283
Operating lease rentals – land and buildings	13	13
– plant and machinery	47	58
Rental income	(65)	(58)

## 4. Directors' emoluments

Two of the directors are directors of other undertakings within the Sheraton Hotels (UK) group. The directors' remuneration for the year was paid by the other undertakings. The directors do not believe that it is practical to apportion their emoluments between their services as directors of the company and their services as directors of the other group undertakings and their emoluments are disclosed in Sheraton Hotels (UK) plc.

The other director does not receive remuneration for his services as a director of the company.

## 5. Staff costs

### 14. Net pension liability

The company operates The Park Lane Hotel (1977) Retirement Fund. The scheme was closed to new members in December 1996. The scheme's assets consist of a Unitised With Profit policy in addition to annuity policies held in the name of the trustees. The scheme is a funded defined benefits scheme based on final pensionable pay and the related costs and assets are assessed in accordance with the advice of professionally qualified actuaries.

Contributions of £188,000 were paid in respect of members of the scheme during the accounting year.

On 31 March 2006, the scheme was closed to future accrual.

### FRS 17 disclosures

The valuation used for FRS17 purposes has been based on the most recent actuarial valuation as at 1 December 2007 and updated by a qualified actuary to take account of the requirements of FRS17 in order to assess the liabilities of the scheme at 31 December 2009. Scheme assets are stated at their market value at the respective balance sheet dates.

## 18 Share-based payments

Certain employees are granted stock options and restricted stock in the equity of our ultimate parent undertaking, Starwood Hotels & Resorts Worldwide Inc. The number of stock options and restricted stock received depends upon grade level and performance. The employees will receive cash or equity (depending on the scheme) that is linked to the price of equity instruments of the parent undertaking. It is the parent undertaking that is obliged to make the payments to the employees.

The company recognised a charge for employee compensation expense of £463,000 (2008: £452,000) during the year. The awards are settled by the parent company and the employee compensation expenses recharged to Park Lane Hotel over the vesting period for the accruals. At period end the company has no direct liability to settle the awards through cash or equity.

### 2004 Long-Term Incentive Compensation Plan

Stock options have a vesting schedule (typically 4 years at 25% per annum). The expiry date of stock options is 8-10 years after vesting. Stock options entitle the employee to a future cash payment which can be redeemed at any time between vesting and expiry. Market values are used to calculate the stock values at date of grant.

Restricted stocks generally vest after 3 years. There is no expiry period on restricted stocks. Restricted stocks are equity settled once the vesting period has expired. Market values are used to calculate the stock values at date of grant.

All stocks are traded in the USA and valued in US Dollars. An exchange rate of 1.593 as at 31 December 2009 (1.447 for 2008) has been used to convert all values in GBP.

The following table illustrates the number and weighted average exercise process (WAEP) and movements in stock options during the year

	2009		2008	
	No	WAEP	No	WAEP
Outstanding as at 1 January	107,503	£21.60	84,935	£34.64
Granted during the year	69,622	£7.18	31,143	£33.41
Exercised during the year	(19,727)	£9.13	(8,575)	£31.61
Expired during the year	(2,128)	-	-	-
Outstanding as at 31 December	155,270	£20.01	107,503	£23.45
Exercisable as at 31 December	44,268	£27.33	27,169	£29.58

The weighted average share price at the date of exercise for the options exercised in 2009 was £14.54 (2008 £31.61)

The weighted average fair value per option for options granted during 2009 was £2.94 (2008 £11.91)

The fair value of the options granted is determined using a lattice valuation model. The following table lists the inputs to the model used for the year ending 31 December 2009 and 31 December 2008

	31 December 2009	31 December 2008
Dividend Yield	3.50%	1.50%
Volatility		
Near term	74%	38%
Long term	43%	36%
Expected Life	7 years	6 years
Yield Curve		
6 month	0.45%	1.90%
1 year	0.72%	1.91%
3 year	1.40%	2.17%
5 year	1.99%	2.79%
10 year	3.02%	3.73%

The dividend yield is based on historical data for the 12 month period immediately prior to the date of the grant

The estimated volatility is based on a combination of historical share price volatility as well as implied volatility based on market analysis. The expected life represents the period that the parent company's (Starwood Hotels and Resorts Worldwide Inc) stock based awards are expected to be outstanding,

The yield is based on the implied zero coupon yield from US Treasury yield curve over the expected term of the option

For the share options outstanding as at 31 December 2009, the weighted average remaining contractual life is 17 months (2008 13 months)
