DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those accounts, the directors are required to:

select suitable accounting policies and then apply them consistently;

make judgements and estimates that are reasonable and prudent;

follow applicable accounting standards, subject to any material departures disclosed and explained in the accounts;

prepare the accounts on the going concern basis unless it is inappropiate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AUDITORS' REPORT TO THE SHAREHOLDERS OF

B & S GLASS INDUSTRIES LIMITED

We have audited the accounts on pages 5 to 9 which have been prepared under the historical cost convention and the accounting policies set out on page 7.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

As described on page 2, the directors are responsible for the preparation of accounts. It is our responsibility to form an independent opinion, based on our audit, on those accounts and to report our opinion to you.

BASIS OF OPINION

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements by the directors in the preparation of the accounts, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts.

OPINION

In our opinion the accounts give a true and fair view of the state of the company's affairs as at 30 June 1995 and of its profit for the year then ended and have been properly prepared in accordance with the provisions of the Companies Act 1985 applicable to small companies.

In our opinion the company is entitled to the exemption conferred by section 248 of the Companies Act 1985 from the requirement to prepare group accounts for the financial year ended 30 June 1995.

NOTES TO THE ACCOUNTS - 30 JUNE 1995

1. ACCOUNTING POLICIES

Basis of accounting

The accounts have been prepared under the historical cost convention.

Consolidation

The company and its holding company comprise a small group. The company has therefore taken advantage of the exemption provided by section 248 of the Companies Act 1985 not to prepare group accounts.

Cash flow

The accounts do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under Financial Reporting Standard 1 'Cash flow statements'.

Turnover

Turnover represents net invoiced sales of goods, excluding VAT.

Tangible fixed assets

Depreciation is provided, after taking into account any grants receivable, at the following annual rates in order to write off each asset over its estimated useful life:

Plant, fixtures and fittings 20% on cost Motor cars 20% on cost

Last year depreciation was provided, after taking into account any grants receivable, on net book value of tangible fixed assets at the following rates:

Plant, fixtures and fittings 10% Motor cars 20%

Stocks

Stocks and work-in-progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Deferred taxation

Provision is made at current rates for taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the directors, there is reasonable probability that the liability will not rise in the forseeable future.

TURNOVER

In 1994, there were no sales outside the United Kingdom (1994 - nil).
