**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2019**

---

**1. General information**

The Berkshire Golf Club Limited, 00232582, is a company limited by guarantee incorporated in England. The Registered Office is Swinley Road, Ascot, Berkshire, SL5 8AY.

**2. Accounting policies**

**2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

**2.2 Turnover**

Turnover comprises income recognised by the Club in respect of goods and services supplied during the year, exclusive of VAT and trade discounts.

Turnover is recognised as follows:

- Subscription income is spread equally over the subscription period
- Entrance fees are recognised in the period the Member joins the Club
- All other income is recognised at the point the service is provided.

**2.3 Tangible fixed assets**

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

**2. Accounting policies (continued)**

**2.3 Tangible fixed assets (continued)**

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Leasehold land & buildings	- straight line basis over 5 to 20 years
Plant and machinery	- straight line basis over 5 to 20 years
Motor vehicles	- straight line basis over 4 to 5 years
Fixtures, fittings and equipment	- straight line basis over 5 to 20 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Profit and Loss account.

**2.4 Stocks**

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to sell. Cost is based on the cost of purchase on a first in, first out basis.

At each reporting date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

**2.5 Debtors**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**2.6 Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

**2.7 Financial instruments**

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

**2. Accounting policies (continued)**

**2.8 Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

**2.9 Operating leases: the Company as lessee**

Rentals paid under operating leases are charged to the Profit and Loss Account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

**2.10 Pensions**

**Defined contribution pension plan**

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the Profit and Loss Account when they fall due. Amounts not paid are shown in accruals as a liability in the Balance Sheet. The assets of the plan are held separately from the Company in independently administered funds.

**2.11 Interest income**

Interest income is recognised in the Profit and Loss Account using the effective interest method.

**2.12 Taxation**

Any surpluses arising from the company trading with its Members are covered by the mutual trading provisions and are not subject to tax. Surpluses arising from trading with Non Members and other sources of incomes and gains are subject to corporation tax.

**3. Auditors' information**

As required under s444 5B of the Companies Act 2006 we confirm that these financial statements were audited by Wise & Co Chartered Accountants and Statutory Auditors. The Senior Statutory Auditor who signed the unqualified auditors report was Stephen Morgan FCA.

**4. Employees**

The average monthly number of employees, including directors, during the year was 55 (2018 - 56).
