Statement of directors' responsibilities in respect of directors' report and the financial statements

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES TO THE FINANCIAL STATEMENTS

1. ACCOUNTING POLICIES

Basis of preparation

These financial statements are prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* (FRS 101).

In preparing these financial statements, the company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU (IFRS), but makes amendments where necessary in order to comply with Companies Act 2006 and sets out below where the FRS 101 disclosure exemptions have been taken.

These financial statements are prepared on a break up basis under the historical cost convention less impairment whereas all assets and liabilities have been recognised as current at their fair value which estimates to the carrying value as at 31 March 2019.

The company is a subsidiary of Diageo plc and is included in the consolidated financial statements of Diageo plc which are publicly available.

The company has taken advantage of the following exemption from the requirements of IFRS in the preparation of these financial statements, in accordance with FRS 101:

- a cash flow statement and related notes;
- comparative period reconciliation for share capital,
- disclosures in respect of transactions with wholly owned subsidiaries;
- the effects of new but not yet effective IFRSs;
- disclosures in respect of the compensation of key management personnel.

As the consolidated financial statements of Diageo plc include equivalent disclosures, the company has also utilised exemptions available under FRS 101 in respect of the following disclosures:

- the disclosures required by *IFRS 7 Financial Instruments Disclosures* and *IFRS 9 Financial Instruments*.

Going concern

On 24 May 2018 the Board of Directors of United Spirits Limited (“USL”), the holding company of Shaw Wallace Overseas Limited (“the company”), approved the voluntary liquidation of the company. As a consequence, these financial statements are prepared on a basis other than going concern.

All assets and liabilities have been recognised as current at their fair value. On the basis of their assessment, the company’s directors estimated that the fair value approximates to the carrying value as at 31 March 2019.

NOTES TO THE FINANCIAL STATEMENTS (continued)

1. ACCOUNTING POLICIES (continued)

Functional and presentational currency

These financial statements are presented in sterling (£), which is the company's functional currency.

Foreign currencies

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the year end exchange rates and these exchange differences are recognised in the statement of comprehensive income.

Financial assets

Financial assets are initially recorded at fair value including, where permitted by IFRS 9, any directly attributable transaction costs. For those financial assets that are not subsequently held at fair value, the company assesses whether there is evidence of impairment at each balance sheet date. The company classifies its financial assets into the following categories: financial assets at amortised cost, financial assets at fair value through profit and loss and financial assets at fair value through other comprehensive income. Where financial assets are eligible to be carried at either amortised cost or fair value the company does not apply the fair value option.

Cash and cash equivalents Cash and cash equivalents comprise cash in hand and deposits which are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value and have an original maturity of three months or less at acquisition, including money market deposits, commercial paper and investments.

Taxation

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax benefits are not recognised unless it is probable that the tax positions are sustainable. Once considered to be probable, tax benefits are reviewed each year to assess whether a provision should be taken against full recognition of the benefit on the basis of potential settlement through negotiation and/or litigation. Tax provisions are included in current liabilities.

Full provision for deferred tax is made for temporary differences between the carrying value of assets and liabilities for financial reporting purposes and their value for tax purposes. The amount of deferred tax reflects the expected manner of recovery or settlement of the carrying amount of assets and liabilities, using the basis of taxation enacted or substantively enacted by the balance sheet date. Deferred tax assets are not recognised where it is more likely than not that the asset will not be realised in the future.

Judgments in applying accounting policies and key sources of estimation uncertainty

The directors make estimates and judgements concerning the future of the company. The resulting accounting estimates will, by definition, seldom equate to actual results. The company's directors are of the opinion that there are no estimates and judgements that have a significant risk of causing a material adjustment to the carrying value of the assets and liabilities for the company within the next financial year due to the nature of the business.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Emphasis of matter - financial statements prepared on a basis other than going concern

In forming our opinion on the financial statements, which is not modified, we draw attention to the Directors' report to the financial statements which describes the directors' reasons why the financial statements have been prepared on a basis other than going concern.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of directors' responsibilities in respect of the directors' report and the financial statements set out on page 4, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.
