**STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2014**

The directors present their strategic report for the year ended 31 December 2014.

REVIEW OF BUSINESS

As shown in the profit and loss account on page 8, revenues reduced by 6.2% to £18.1m (2013: £19.3m) as a result of lower output volumes and a difficult economic climate. The fall in output volumes resulted in a gross margin decline to 14% (2013: 16%). Administrative expenses remained under tight control with overall costs at £0.7m (2013: £1.1m). The overall profit for the year has fallen to £1.1m (2013: £1.2m) whilst EBITDA has decreased to £1.8m (2013: £1.9m).

As shown in the balance sheet on page 9, the level of total fixed assets has increased by £0.2m. The overall capital expenditure on property, plant and equipment has been higher than the annual depreciation charge. Net working capital, excluding intercompany loans, has decreased by £0.9m, which is predominantly due to decreases in trade debtors, driven by a decrease in revenues.

The company continues to trade well despite the difficult economic climate. Although we foresee that the consumer market will remain challenging, our management team and customer relationships are such that we anticipate continued sustainable growth.

POST BALANCE SHEET EVENTS

Post year end selected UK subsidiary companies within the Coveris group commenced a group simplification programme. The aim of this is to simplify and align the UK legal structure to the group's operational structure. As part of this programme the company will be selling its trade, asset and liabilities to Coveris Flexibles (Gainsborough) Limited. The sale will be paid for through an intercompany account.

PRINCIPAL RISKS AND UNCERTAINTIES

The principal and financial risks and uncertainties are managed on a group wide basis. The management of the business and the execution of the group's strategy are subject to a number of principal risks and uncertainties, the most significant being raw material price inflation, product quality and customer relationship/demand management.

Raw material price inflation, either caused by fluctuations in commodity prices or foreign exchange rates, can have an impact on the cost price of the group's products. The group has a dedicated operational team that consolidates the group purchasing to build strong relationships with key suppliers and also ensure that we have sufficient raw materials to meet forecasted demand. Purchasing contracts are agreed in advance in order to minimise the risk of commodity price fluctuations having a negative impact on the group. The group also regularly reviews its operational format and invests in new machinery and techniques in order to minimise raw material stock wastage.

Product quality is of paramount importance as a failure in product quality could have a significant impact on the group. Our raw materials are sourced from a stable supplier base and pass through a number of quality control processes, both at our suppliers and at our manufacturing locations. Suppliers are selected based upon previous experience and we operate approved supplier lists. Batches of products are tested daily for quality to ensure they meet the group's stringent standards, prior to being despatched to our customers.

Maintaining good working relationships with customers is of paramount importance to the group, therefore being able to predict customer demand and responding to customer requests is key to achieving this. The group utilises its own experience to forecast customer demand and also regularly meets with key customers to identify any changes in demand. The group has also invested in a number of manufacturing plants based across the United Kingdom, in upgrading its plant and machinery and in training its dedicated workforce in order to allow the group to respond to changes in demand whilst maintaining its strict quality standards.

**STRATEGIC REPORT
FOR THE YEAR ENDED 31 DECEMBER 2014**

FINANCIAL RISK MANAGEMENT

Due to being part of the Coveris group, the financial risk management of the company is managed on a group wide basis by the Coveris Holdings SA central finance team. The financial risk management risks and policies are disclosed in the consolidated financial statements of Coveris Holdings SA. The elements which are controlled by the company are disclosed below:

The company has both interest bearing assets and interest bearing liabilities. Interest bearing assets comprise only cash balances, interest bearing liabilities comprise of bank overdrafts and intercompany loans. The assets are subject to interest rate fluctuations as are the bank overdraft liabilities, the intercompany loan liabilities are free from interest. The group reviews its interest rate policy on a regular basis.

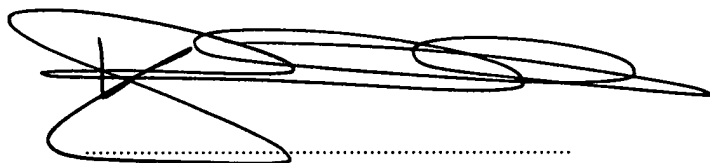

The company is exposed to liquidity risk. The company has committed financing through its parent undertakings and the group finance team regularly monitor available cash balances and available facilities to ensure that the group has sufficient funds to meet its obligations.

The company is exposed to credit risk as a result of its operations. Prior to sales being made appropriate checks are performed over the ability of the customer to pay. Regular reviews of credit limits and monitoring of the aged debtors ledger are utilised to minimise the risk to the group on an ongoing basis. Credit insurance is also utilised to further mitigate the risk of loss to the Group.

KEY PERFORMANCE INDICATORS ("KPIs")

Given the straightforward nature of the businesses within the group, the company's directors are of the opinion that analysis using KPI's, other than that included within the review of business, is not necessary for an understanding of the development, performance or position of the business.

On behalf of the Board:

A handwritten signature in black ink, consisting of a series of loops and a long horizontal stroke, positioned above a dotted line.

K R Bostock - Director
30 September 2015

**REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31 DECEMBER 2014**

The directors present their report with the financial statements of the company for the year ended 31 December 2014.

CHANGE OF NAME

The company changed its name from Britton Decoflex Limited to Coveris Flexibles (Hartlepool) UK Limited on 31 January 2014.

DIVIDENDS

No dividends will be distributed for the year ended 31 December 2014.

FUTURE DEVELOPMENTS

These are included within the strategic report on pages 2 and 3.

DIRECTORS

The directors who have held office during the period from 1 January 2014 to the date of this report are as follows:

K R Bostock - appointed 31 May 2014
M E Lapping - appointed 31 May 2014
L Richardson - resigned 30 March 2014
D W Dean - resigned 21 May 2014

EMPLOYEES

Regular meetings are held between management and employees to allow a free flow of information and ideas. Employees participate directly in the success of the business through the bonus schemes linked to operating profit.

Applications for employment by disabled persons are always fully considered, bearing in mind the respective aptitudes and abilities of the applicant concerned. In the event of members of staff becoming disabled every effort is made to ensure that their employment with the group continues and appropriate training is arranged. It is the policy of the group that the training, career development and promotion of a disabled person should, as far as possible, be identical to that of a person who does not suffer from a disability.

Consultation with employees or their representatives occurs at all levels, with the aim of ensuring that their views are taken into account when decisions are made that are likely to affect their interests and that all employees are aware of the financial and economic performance of their business units and of the group as a whole.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

**REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31 DECEMBER 2014**

STATEMENT OF DIRECTORS' RESPONSIBILITIES - continued

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

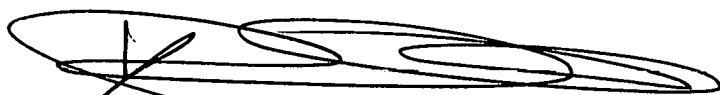

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

AUDITORS

The auditors, PricewaterhouseCoopers LLP will be proposed for re-appointment at the forthcoming Annual General Meeting.

On behalf of the Board:

A large, stylized handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke.

K R Bostock - Director
30 September 2015

Report on the financial statements

Our opinion

In our opinion, Coveris Flexibles (Hartlepool) UK Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

The financial statements comprise:

- the balance sheet as at 31 December 2014;
- the profit and loss account for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Other matters on which we are required to report by exception

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Responsibilities for the financial statements and the audit

Our responsibilities and those of the directors

As explained more fully in the statement of directors' responsibilities set out on pages 4 and 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

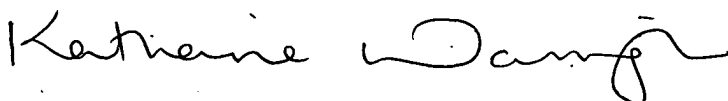

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the annual report and financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

K R Bostock - Director

The notes form part of these financial statements

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The principle accounting policies, which have been consistently applied throughout the current and preceding year in the preparation of these financial statements, are set out below.

Accounting convention

The financial statements have been prepared on a going concern basis, in accordance with applicable accounting standards in the United Kingdom, the Companies Act 2006 and under the historical cost convention. In accordance with FRS18 "Accounting policies" the directors have reviewed the policies and deem them to be the most appropriate for the company.

Financial reporting standard 1

The company has not prepared a cash flow statement. Exemption has been claimed under Financial Reporting Standard 1 on the basis that the company is a subsidiary undertaking where 90% or more of the voting rights are controlled within the group, and consolidated financial statements, which include the subsidiary undertaking, are publicly available.

Financial reporting standard 8

The company has taken advantage of the exemption given in Financial Reporting Standard 8 relating to disclosure of related party transactions with entities that are part of the group. Financial Reporting Standard 8 does not require disclosure in the financial statements of entities wholly owned within the group.

Turnover

Turnover represents amounts invoiced for the provision of goods and/or services provided during the year, excluding value added tax and after deducting for agreed trade/settlement discounts.

Where these discounts are claimed retrospectively, or are dependent on the customer achieving certain criteria, for example year on year sales growth, the turnover is recorded after making accruals for amounts due to customers based upon trading in the year and forecasted trading where the agreements are not coterminous with the companies year end.

Turnover is recognised upon acceptance of the product / service by the customer, typically this occurs when the product is delivered to the customer or where the design is accepted by the customer.

Tangible fixed assets

Tangible fixed assets are stated at valuation, net of depreciation and any provision for impairment. Plant and machinery and land and buildings are accounted for under a revaluation policy in accordance with FRS 15 Tangible Fixed Assets. This involves performing a full valuation at least every five years and an interim valuation in year three. Interim valuations in years one, two and four are carried out where it is likely that there has been a material change in value.

Any valuation surplus or deficit over book value is transferred to the revaluation reserve, except that a deficit which is in excess of any previously recognised surplus over depreciated cost relating to the same property is charged (or credited) to the profit and loss account. A deficit which represents a clear consumption of economic benefit is charged to the profit and loss account regardless of any such previous surplus.

Depreciation is provided on cost in equal annual instalments over the estimated useful life of all assets except freehold land. The rates of depreciation are as follows:

Long leasehold property	Over the period of the lease
Plant and machinery	10% per annum.

**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2014**

1. ACCOUNTING POLICIES - continued

Stocks

Stocks are stated at the lower of cost and net realisable value. In general, cost is determined on a first in first out basis and includes transport and handling costs. Net realisable value is the estimated selling price less further costs expected to be incurred in bringing the stocks to completion and disposal. Finished goods include the cost of materials, labour and attributable overheads at normal levels of production. Where necessary, provision is made for obsolete, slow moving and defective stocks based upon expected sales volumes, ageing of stock and expected net sales prices.

Tax

The tax payable is based on the taxable profit for the year. Taxable profit differs from the profit as reported in the profit and loss account because it excludes items of income and expense that are taxable or deductible in other years and it also excludes items which are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantially enacted at the balance sheet date. Deferred tax is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date at rates expected to apply when they crystallise based on enacted or substantially enacted taxes and law. Timing differences arise from the inclusion of items of income and expenditure in tax computations different from those in which they are included in financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted. The company recognises liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts which were initially recorded, such differences will impact the corporation tax and deferred tax provisions in the period in which such determination is made.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Pensions

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account.

Government grants

Grants have been accounted for as deferred income and recognised in the profit and loss account over the useful economic life of the assets to which they relate.

Finance and operating leases

Costs in respect of operating leases are charged on a straight line basis over the lease period to the next rent review. Leasing arrangements which transfer to the company substantially all the benefits and risks of ownership of an asset are treated as if the asset had been purchased outright.

Investments

Fixed asset investments are stated at cost unless in the opinion of the directors, there has been an impairment, in which case an appropriate adjustment has been made.

Prior year restatement.

The directors have reviewed the unwinding of the revaluation reserve relating to historical revaluations. Following this further review no differences between the historical cost and valuations as at 1 January 2013 have been identified and therefore the revaluation reserve has been re-allocated to the profit and loss reserve. The classification of intercompany balances has also been restated following the identification of an error whereby £5,592,000 of receivables were not netted off amounts payable to the same entity and the net amounts due being classified as payable after more than one year. This has had no net impact on the net assets or reported performance.

**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2014**

2. TURNOVER

As the business is managed on a unified basis with the principal risks, uncertainties and key customers not differing significantly between the trading subsidiary companies the directors consider that the turnover and loss before taxation are attributable to the one principal activity. An analysis of turnover by geographical market is given below:

	2014 £'000	2013 £'000
United Kingdom	13,949	14,716
Europe	2,383	2,431
United States of America	1,671	-
Other	<u>77</u>	<u>2,121</u>
	<u>18,080</u>	<u>19,268</u>

3. STAFF COSTS

	2014 £'000	2013 £'000
Wages and salaries	3,287	3,161
Social security costs	299	291
Other pension costs	<u>57</u>	<u>48</u>
	<u>3,643</u>	<u>3,500</u>

The average monthly number of employees during the year was as follows:

	2014	2013
Directors	2	5
Production	119	104
Administration	<u>12</u>	<u>32</u>
	<u>133</u>	<u>141</u>

**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2014**

4. OPERATING PROFIT

The operating profit is stated after charging:

	2014 £'000	2013 £'000
Depreciation	384	452
Auditors' remuneration	36	29
Foreign exchange differences	34	-
Operating lease rentals - plant and machinery	45	45
Operating leases - other	<u>118</u>	<u>118</u>

	2014 £	2013 £
Directors' remuneration	<u>-</u>	<u>-</u>

Auditors' remuneration relates to amounts received in relation to the audit of the company financial statements.

The Directors were remunerated by other group companies and therefore the disclosure of their emoluments is included within the disclosures made for those companies.

5. INTEREST PAYABLE AND SIMILAR CHARGES

	2014 £'000	2013 £'000
Bank interest	43	-
Hire purchase interest	-	97
Intra group loan interest	173	36
Other finance charges	<u>58</u>	<u>-</u>
	<u>274</u>	<u>133</u>

NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2014

6. TAXATION

Analysis of the tax charge

The tax charge on the profit on ordinary activities for the year was as follows:

	2014 £'000	2013 £'000
Current tax:		
UK corporation tax	<u>14</u>	<u>114</u>
Deferred tax:		
Origination and reversal of timing differences	16	7
Adjustments to tax charge in respect of prior periods	30	(42)
Effect of changes in tax rates	<u>-</u>	<u>19</u>
Total deferred tax	<u>46</u>	<u>(16)</u>
Tax on profit on ordinary activities	<u><u>60</u></u>	<u><u>98</u></u>

UK corporation tax has been charged at 21.50% (2013 - 23.25%).

Factors affecting the tax charge

The tax assessed for the year is lower than the standard rate of corporation tax in the UK. The difference is explained below:

	2014 £'000	2013 £'000
Profit on ordinary activities before tax	<u>1,172</u>	<u>1,326</u>
Profit on ordinary activities multiplied by the standard rate of corporation tax in the UK of 21.50% (2013 - 23.25%)	252	308
Effects of:		
Expenses not deductible for tax purposes	(11)	3
Origination and reversal of timing differences	(18)	(7)
Imputed interest on intra-group balances	-	83
Group relief not paid for	<u>(209)</u>	<u>(273)</u>
Current tax charge	<u><u>14</u></u>	<u><u>114</u></u>

Factors affecting the future tax charges:

On 2 July 2013 changes to the UK Corporation tax rates were substantively enacted reducing the corporation tax rate in the UK to 20% from 1 April 2015. Further reductions included in the 8 July 2015 budget to reduce the corporation tax rate to 18% are not substantially enacted and have therefore not been used to calculate deferred tax balances within these financial statements.

NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2014

7. TANGIBLE FIXED ASSETS

	Long leasehold property £'000	Long leasehold land £'000	Plant and machinery £'000	Totals £'000
COST OR VALUATION				
At 1 January 2014	107	10	3,634	3,751
Additions	<u>-</u>	<u>-</u>	<u>588</u>	<u>588</u>
At 31 December 2014	<u>107</u>	<u>10</u>	<u>4,222</u>	<u>4,339</u>
DEPRECIATION				
At 1 January 2014	59	-	2,008	2,067
Charge for year	<u>-</u>	<u>2</u>	<u>382</u>	<u>384</u>
At 31 December 2014	<u>59</u>	<u>2</u>	<u>2,390</u>	<u>2,451</u>
NET BOOK VALUE				
At 31 December 2014	<u>48</u>	<u>8</u>	<u>1,832</u>	<u>1,888</u>
At 31 December 2013	<u>48</u>	<u>10</u>	<u>1,626</u>	<u>1,684</u>

The land and buildings were revalued in 2010 by external advisors.

8. STOCKS

	2014 £'000	2013 £'000
Raw materials	568	950
Work-in-progress	50	104
Finished goods	<u>1,044</u>	<u>1,077</u>
	<u>1,662</u>	<u>2,131</u>

There is no material difference between the balance sheet value of stock and their replacement cost.

**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2014**

9. DEBTORS

	2014 £'000	2013 £'000
Amounts falling due within one year:		
Trade debtors	2,707	3,128
Tax	117	-
Deferred tax asset		
Accelerated capital allowances	78	124
Prepayments	<u>240</u>	<u>110</u>
	<u>3,142</u>	<u>3,362</u>
Amounts falling due after more than one year:		
Amounts owed by group undertakings	<u>4,681</u>	<u>5,592</u>
Aggregate amounts	<u>7,823</u>	<u>8,954</u>

Amounts owed by group undertakings are unsecured and repayable on demand. The directors of the company have provided confirmations to the counter parties that these amounts will not be called for payment for a period of at least twelve months from the balance sheet date and therefore have disclosed these amounts as being repayable after one year above.

Balances with UK group undertakings are non-interest bearing. Balances with entities located elsewhere totalled £1.1m and attracted interest at a rate of 6.5%

10. CREDITORS: AMOUNTS FALLING DUE WITHIN ONE YEAR

	2014 £'000	2013 £'000
Trade creditors	886	889
Other taxes and social security	193	93
Other creditors	40	-
Accruals and deferred income	<u>386</u>	<u>448</u>
	<u>1,505</u>	<u>1,430</u>

11. CREDITORS: AMOUNTS FALLING DUE AFTER MORE THAN ONE YEAR

	2014 £'000	2013 £'000
Amounts owed to group undertakings	<u>6,093</u>	<u>7,192</u>

Amounts owed to group undertakings are unsecured and repayable on demand. The directors of the company have received confirmations from the counter parties that these amounts will not be called for payment for a period of at least twelve months from the balance sheet date and therefore have disclosed these amounts as being payable after one year above.

Balances with UK group undertakings are non-interest bearing. Balances with entities located elsewhere totalled £3.6m and attracted interest at a rate of 6.5%

**NOTES TO THE FINANCIAL STATEMENTS - continued
