Strategic report

Results

The profit for the year after taxation amounted to £30,959,000 (2012 - £8,495,000).

Business review

The directors of Time Warner Inc. review the group's operations at a group level, rather than at an individual business unit level. For this reason, the directors believe that an analysis of the company's key performance indicators for the company is not necessary or appropriate for an understanding of the development, performance and position of the business of Warner Bros. Studios Leavesden Limited. The development, performance and position of Time Warner Inc., which include those of the company, are discussed in the group's annual report, which does not form part of this report.

Principal risks and uncertainties

The media industry in the UK is subject to substantial competitive and economic pressures and rapid technological change, and this is a continuing risk for the company, and could result in loss of sales and increased costs. The company manages this risk by monitoring market trends, and developing new income streams.

Sales and expenditure are made in various different currencies and the company is therefore exposed to exchange rate movements. Time Warner's treasury function takes out contracts to manage this risk at group level.

Time Warner's risks are discussed in the group's Annual Report which does not form part of this report.

The risks and uncertainties of the company are integrated with the risks of the Time Warner Inc. group and are not managed separately.

Directors' report

Company registration number: 0330764

The directors present their annual report on the affairs of Warner Bros. Studios Leavesden Limited ("the company") together with the financial statements for the year ended 31 December 2013.

Dividends

No dividends were paid during the year (2012 - nil) and the directors do not recommend the payment of a final dividend.

Future developments

The directors will continue to exploit the activities from continuing operations having regards to the principal risks and uncertainties described in the strategic report.

Going concern

No material uncertainties that cast significant doubt about the ability of the company to continue as a going concern have been identified by the directors. On the basis of their assessment of the company's financial position, the company's directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Directors and their interests

The directors of the company who served during the period were as follows:

D Risoni

M Emanuele

J C Gilbert

S W Mertz

S Ross

D C Dark (appointed 11 September 2013)

T H Creighton (appointed 11 September 2013)

R J Fox (resigned 14 August 2013)

Except as noted above, all directors served throughout the year and are still directors at the date of this report.

The Articles of Association do not require directors to retire either by rotation or in the year of appointment.

Directors qualifying third party indemnity provisions

The company may indemnify one or more directors of the company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006 and the company may purchase insurance for this purpose. Time Warner Inc. has purchased a directors and officers liability insurance policy for the benefit of the company and its directors and such policy was in force during the period and is in force as at the date of approving the Directors' Report.

Disabled employees

The company gives full consideration to applications for employment from disabled persons where the candidate's particular aptitudes and abilities adequately meet the requirements of the job. Opportunities are available to disabled employees for training, career development and promotion.

Employee involvement

The company operates a framework for employee information and consultation which complies with the requirements of the Information and Consultation of Employees Regulations 2004. During the year, the policy of providing employees with information about the company has been continued through direct 'Employee Communications' emails, emails from local management and through the intranet site 'The Loop'. Regular meetings are held between local management and employees to allow a free flow of information and ideas, such as the Employee Liaison Group meetings, and employees are encouraged to present their suggestions and views on issues pertaining to them within the company. Regular questionnaires are also distributed to all employees and the results and action points are communicated back on a timely basis. Employees are encouraged to get involved with various Corporate Social Responsibility initiatives such as recycling and volunteering. Certain employees may share in the financial success of the group by being granted Time Warner stock options or restricted stock units.

Directors' report (continued)

Disclosure of information to the auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- · so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware; and
- the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of section 418 of the Companies Act 2006.

Auditor

Pursuant to section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and Ernst & Young LLP will continue in office.

Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- · make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditor's report to the members of Warner Bros. Studios Leavesden Limited

We have audited the financial statements of Warner Bros. Studios Leavesden Limited for the year ended 31 December 2013 which comprise the Profit and Loss Account, the Balance Sheet and the related notes 1 to 22. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report and Financial Statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2013 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting record and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes to the financial statements at 31 December 2013

1 Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost convention and in accordance with the Companies Act 2006 and with applicable United Kingdom accounting standards.

The 2012 profit and loss account has been restated to reflect the reclassification of advertising and publicity costs. These were included within administrative expenses in the 2012 financial statements and have been included within cost of sales in the 2013 financial statements.

Group financial statements have not been prepared as the company is a wholly owned subsidiary undertaking of another company registered in England and Wales which itself prepares consolidated accounts (see note 22). Consequently, these financial statements present information about the company as an individual undertaking and not about its group.

Going concern

No material uncertainties that cast significant doubt about the ability of the company to continue as a going concern have been identified by the directors. On the basis of their assessment of the company's financial position, the company's directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Statement of cash flows

The company has taken advantage of the exemption in FRS 1 (Revised) "Cash Flow Statements". A statement of cash flows has not been prepared as the company is a wholly owned subsidiary undertaking of Time Warner Inc., a company incorporated in the United States of America, which prepares a statement of cash flows (see note 22).

Related parties

The company has taken advantage of the exemption in FRS 8 not to disclose related party transactions with fellow wholly owned subsidiary undertakings of Time Warner Inc., a company incorporated in the United States of America, which prepares publicly available consolidated financial statements (see note 22).

Leasing commitments

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.

Turnover

Turnover is stated net of value added tax.

Turnover represents income from film studio facilities and related services and ticket and related merchandising sales for the 'Making of Harry Potter' studio tour.

Revenue from the provision of studio facilities is recognised on a monthly usage basis, split by relevant studio facilities.

Revenue from advanced ticket sales for the 'Making of Harry Potter' studio tour is deferred and only recognised on the scheduled date of the tour.

Revenue from the equipment rental is recognised on an accrual basis.

Interest receivable and payable

Interest income and expense is recognised on an accruals basis.

Notes to the financial statements at 31 December 2013

1 Accounting policies (continued)

Share based payments

Certain employees of the company have been granted options to purchase shares in the company's ultimate parent undertaking, Time Warner Inc. Such options have been granted with exercise prices equal to, or in excess of, the fair market value at the date of grant. The options are denominated in US\$ and vest evenly over a four year period and expire ten years from the date of grant. For the purpose of applying FRS 20 the fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model. Adjustments are made to the fair values to reflect the likelihood that options will not be exercised due to non-market conditions such as employees leaving the company. These estimates are reviewed annually and the original charge revised when appropriate.

Certain employees of the company have been granted restricted stock units ("RSUs") in Time Warner Inc. The RSUs vest 50% 3 years after the date of grant and 50% 4 years after the date of grant. When the RSUs vest the employee receives shares in Time Warner Inc. at no cost to themselves. For the purposes of applying FRS 20 the fair value of each RSU is the Time Warner Inc. share price on the date of grant. Adjustments are made to the fair values to reflect the likelihood that options will not be exercised due to non-market conditions such as employees leaving the company. These estimates are reviewed annually and the original charge revised when appropriate.

Intangible fixed assets

Intangible assets acquired separately from a business are capitalised at cost. Intangible assets acquired as part of an acquisition of a business are capitalised seperately from goodwill if the fair value can be measured reliably on initial recognition, subject to the constraint that, unless the asset has a readily ascertainable market value, the fair value is limited to an amount that does not create or increase any negative goodwill arising on the acquisition.

Intangible assets are amortised on a straight line basis over their estimated useful lives of between 6 and 20 years.

The carrying value of intangible assets is reviewed for impairment at the end of the first full year following acquisition and in other periods if events or changes in circumstances indicate the carrying value may not be recoverable.

Goodwill

Positive goodwill arising on acquisitions is capitalised, classified as an asset on the balance sheet and amortised on a straight line basis over 20 years. It is reviewed for impairment at the end of the first full financial year following the acquisition and in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable.

Tangible fixed assets

Tangible fixed assets are recorded at cost, less accumulated depreciation and provision for impairment.

The company provides depreciation in equal annual instalments over the estimated lives of the assets at the following rates:

Leasehold improvements

- over the shorter of the lease term and 10 years

Furniture, fittings and equipment

- over 3 to 10 years

Motor Vehicles

- over 5 years

Buildings and Building Improvements

- over 30 years

The carrying value of tangible fixed assets are reviewed for impairment if events or changes in circumstances indicate the carrying value may not be recoverable.

Investments

Investments are stated at cost less impairments.

Foreign currencies

Transactions in foreign currencies are translated at the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

Notes to the financial statements at 31 December 2013

Accounting policies (continued)

Deferred taxation

Deferred tax is recognised without discounting in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet dates. Deferred tax assets are only recognised to the extent that they are considered recoverable against future taxable profits.

Provisions

A provision is recognised when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation. Where the effect of the time value of money is material the provisions are discounted to their present value at the balance sheet date.

Pensions

The company is one of the sponsoring employers of the Time Warner UK Pension Plan, which is a defined benefit scheme. The assets of the Plan are held in a separately administered fund.

The contribution rate for each employer does not reflect the individual experience of the company's members in isolation, as it is not possible to identify accurately or consistently from year to year the share of pension assets relating to the company. Consequently the company has accounted for its contributions to the plan as if it were a defined contribution scheme. Contributions to the fund of the defined benefit scheme are charged to the profit and loss account as they become payable.

The Time Warner UK Pension Plan was closed to new entrants with effect from 1 April 2010 from which time membership of The Time Warner Money Purchase Pension Plan, a defined contribution plan, is available. Contributions to the defined contribution plan is recognised in the profit and loss account in the period in which they become payable. With effect from 1 April 2011, the Time Warner UK Pension Plan closed to future benefits accruals.

Stocks

Stocks are stated at the lower of cost, being invoiced purchase price, and net realisable value. Net realisable value is based on estimated selling price less further costs expected to be incurred to completion and disposal.

At 31 December 2013	-	(4,037)

d) Factors affecting future tax charges

The Finance Act 2013, enacted in July 2013, included legislation to reduce the main rate of corporation tax from 23% to 21% from 1 April 2014 and to 20% from 1 April 2015. The effect of this change on the deferred tax balances has been included in the figures within these accounts. It is not yet possible to quantify the impact of this rate change upon current tax.

Provision has been made for National Insurance contributions on share options awarded under unapproved share option schemes, which are expected to be exercised. The provision has been calculated based on the difference between the year end share price of \$69.72 and the weighted average exercise price of outstanding shares of \$35.88, and for restricted stock units based on the year end share price of \$69.72 and is being allocated over the period from the date of award to the date the employee will become unconditionally entitled to the options.

Provision has been made for dilapidation which relates to costs associated with the company's obligation to reinstate leased buildings to their original state. The provision has been discounted to its present value at the balance sheet date, and the movement in the year is the unwinding of that discount. During the year, £54,000 relating to dilapidation provision was reclassified from other creditors to provision for liabilities.

19 Pensions

The Time Warner UK Pension Plan ("TWUK PP") is a multi-employer defined benefit plan. The total overall combined contribution rate from employers to TWUK PP will vary depending on the experience of the plan and hence any surplus or deficit in the plan will be revealed when actuarial valuations are completed from time to time. Following the actuarial valuation as at 5 April 2011, the contributions rate payable by the company has been set based on discussions among the participating companies, so that the total contributions from all employers equal the required funding rate.

The TWUK PP was closed to new entrants with effect from 1 April 2010 from which time membership of The Time Warner Money Purchase Pension Plan, a new defined contribution scheme, is available. With effect from 1 April 2011, TWUK PP was closed to future benefits accrual. The assets of TWUK PP are invested as a whole and are not segregated by the participating employer. Consequently information concerning that part of TWUK PP's assets attribution to the company is not available.

The company has discussed the position with the TWUK PP's actuaries and, in accordance with FRS 17 has taken their advice that the company treat its participation in TWUK PP as if it were a defined contribution scheme. At 31 December 2012 and 31 December 2013, on a FRS 17 basis and before any related deferred tax, the scheme was in surplus.

Further information concerning both schemes can be found in the report and financial statements of Time Warner Holdings Limited, which are available from the Company Secretary, Time Warner House, 16 Great Marlborough Street, London W1F 7HS.

The total pension cost to the company in relation to both schemes for the year ended 31 December 2013 amounted to £295,000 (2012 – £218,000).

20 Share-based payments

Certain employees of the company have been granted options to purchase shares in the company's ultimate parent undertaking, Time Warner Inc. Such options have been granted with exercise prices equal to, or in excess of, the fair market value at the date of grant. The options are denominated in US\$ and vest over a four-year period.

In addition certain employees have been awarded restricted stock units in Time Warner Inc. denominated in US\$ which vest over a four-year period. Holders of awards are generally entitled to receive cash dividends or dividend equivalents during the period of time that the awards are unvested.

20 Share-based payments (continued)

Details of the outstanding restricted stock units at 31 December 2013 are as follows:

Year of	Number of
grant	RSUs
2011	2,915
2012	4,050
2013	2 896

The restricted stock units vest 50% 3 years after the grant date and 50% 4 years after the grant date.

For the purpose of applying FRS 20, the fair value of each option is estimated on the date of the grant using the Black-Scholes option-pricing model with the following assumptions used:

Expected	KISK Tree			
	interest	Expected	Dividend	Year of
term (years)	rates %	volatility %	yield %	grant
6.31	2.8	29.5	2.6	2011
6.5	1.3	31.2	2.8	2012
6.27	. 1.3	29.6	2.1	2013

No stock options were granted in 2012 and 2013. The expected volatility has been calculated using implied volatilities based primarily on traded Time Inc. Options.

The weighted average fair value of those restricted stock units granted in 2013 was \$53.52 (2012 - \$36.60).

The total charge to the profit and loss account in respect of share-based payments included within wages and salaries (see note 5) is:

21 Contingent liability

The company has entered into a group composite accounting agreement with its bankers. The terms of the agreement permit the bankers, without notice, to draw down funds deposited into the system, and to offset borrowings drawn down from the system by other group members who are also parties to these arrangements. At the balance sheet date, funds deposited by the company into the system, and potentially at risk to cover liabilities elsewhere in the group, amounted to £3,280,000 (2012 - £2,899,000).
