Notes to the abbreviated accounts
For the year ended 31 December 2005

1. Accounting policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and are prepared in accordance with applicable accounting standards.

1.2 Cash flow

The company has taken advantage of the exemption in Financial Reporting Standard No. 1 from the requirement to produce a cash flow statement on the grounds that the consolidated financial statements for the ultimate parent undertaking, Crownfield Holdings Limited, includes the company and are publicly available.

1.3 Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, exclusive of Value Added Tax and trade discounts.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant and machinery	-	20%	Reducing balance
Motor vehicles	-	25%	Reducing balance
Furniture and fittings	-	25%	Reducing balance
Office equipment	-	10%	Straight line

1.5 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.6 Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to the profit and loss account on the straight line basis over the lease term.

1.7 Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

1.8 Deferred taxation

Provision is made in full for all taxation deferred in respect of timing differences that have originated but not reversed by the balance sheet date, except for gains on disposal of fixed assets which will be rolled over into replacement assets. No provision is made for taxation on permanent differences.

Deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered.

1.9 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.
