Billericay Farm Services Limited

Notes to the abbreviated accounts for the year ended 31 December 2013

1. Accounting policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of freehold properties and in accordance with applicable accounting standards.

1.2 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is not charged on freehold land. Depreciation on other tangible fixed assets is provided at rates calculated to write off the cost or valuation of those assets, less their estimated residual value, over their expected useful lives on the following bases:

Tractors	-	25% reducing balance
Motor vehicles	-	25% reducing balance
Fixtures, fittings and equipment	-	20% reducing balance
Computer equipment	-	20% straight line
Implements and equipment	-	20% reducing balance

1.4 Investment properties

Investment properties are included in the Balance sheet at their open market value in accordance with Statement of Standard Accounting Practice No.19 and are not depreciated. This treatment is contrary to the Companies Act 2006 which states that fixed assets should be depreciated but is, in the opinion of the directors, necessary in order to give a true and fair view of the financial position of the company.

1.5 Stock

Stock is valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stock.

1.6 Deferred taxation

Provision is made in full for all taxation deferred in respect of timing differences that have originated but not reversed by the balance sheet date, except for gains on disposal of fixed assets which will be rolled over into replacement assets. No provision is made for taxation on permanent differences.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Billericay Farm Services Limited

1. Accounting policies (continued)

1.7 Foreign currencies

Monetary assets and liabilities in foreign currencies are translated at the rates of exchange ruling at the balance sheet date. Where exchange differences result from the translation of foreign currency borrowings raised to acquire foreign assets they are taken to reserves and offset against the differences arising from the translation of those assets. All other exchange differences are dealt with through the profit and loss account.

1.8 Research and development

Research and development expenditure is written off in the year in which it is incurred.
