NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31 MARCH 2015

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts. Turnover is recognised when the goods are delivered.

1.4 Sugar beet quota

The amortisation of the Sugar beet quota is calculated so as to write off the cost of the asset less its estimated residual value, over the useful economic life of the asset as follows:

Sugar beet quota - at 25% on a straight line basis

1.5 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings Freehold

No depreciation - see below

Plant and machinery

between 15% and 25% on a written down value

Freehold land and property improvements are not depreciated. Buildings are maintained to such a standard that their estimated residual value is not less than their costs or valuation and no depreciation is charged.

1.6 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.7 Stock

Stock is valued at the lower of cost and net realisable value.

1.8 Pensions

The company operates a money-purchase scheme for certain directors. The assets of the scheme are held separately from those of the company in an independently administered fund. The pension cost charge represents contributions paid by the company to the fund.
