ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements are prepared under the historical cost convention.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cashflow statement on the grounds that it is a small company.

TANGIBLE FIXED ASSETS

Fixed assets are stated at historical cost less depreciation.

Depreciation is provided on all tangible fixed assets at rates calculated to write each asset down to its estimated residual value evenly over its expected useful life, as follows:-

Fixtures, fittings & equipment

25% reducing balance

Motor vehicles

25% reducing balance

STOCK

Stock is valued at the lower of cost and net realisable value. Cost of finished goods and work in progress includes overheads appropriate to the stage of manufacture. Net realisable value is based upon estimated selling price less further costs expected to be incurred to completion and disposal. Provision is made for obsolete and slow-moving items.

DEFERRED TAXATION

Provision is made for taxation deferred or accelerated by the effect of timing differences, to the extent that it is probable that a liability will crystallise, at the rate expected to be ruling at that date.

LEASED ASSETS

The annual rentals on 'operating leases' are charged to the profit and loss account on a straight line basis over the lease term.

The pension costs charged in the financial statements represent the contributions payable by the company during the year in accordance with SSAP 24.

TURNOVER

Turnover represents amounts receivable for goods net of VAT and trade discounts.
