Directors' report

The directors present their annual report and the audited financial statements for the year ended 31 December 2011

Principal activities

The company's principal activities remain the marketing, manufacture and remanufacture of commercial vehicle braking and air suspension equipment for the world-wide markets

Business review

2011 saw continued strong recovery in the economic and commercial vehicle market situation reflected in sales turnover growth of 12.7% when compared to 2010. Sales were recorded at £48.2m during the year (2010: £42.8m). Sales into the UK market remained stable at around 71% (2010: 71%) of turnover.

Average headcount increased from 112 to 113 during the year reflecting higher volumes net of operational efficiencies.

Despite the increased sales turnover and operating efficiencies, gross margins have decreased to 20.8% (2010: 22.9%). This is primarily because of the over proportionate increase in the Original Equipment market at lower margins than the spares market, and in addition, continued inflationary pressures in commodity and utility prices.

Return on sales for the year decreased to 5.8% (2010: 9.9%) despite the increased sales turnover. This was primarily due to the lower margins and the effect of increased pension costs on the Defined Benefit Pension Schemes as outlined in the 2010 report.

The Directors are pleased to report the continued profitability of the company, despite the significant inflationary pressures of commodity markets and the agreed pension scheme Recovery Plans.

Current projections for 2012 show that the year is expected to return a similar level of sales turnover as 2011. Competition in the company's markets remains keen with pricing a key driver. Inflationary cost pressures continue to challenge profitability levels, but this is also projected to remain positive.

Dividends

An interim dividend of £2,127,000 (2010: £1,620,000) was paid to the shareholder in June 2011. No final dividend has been recommended or approved (2010: £nil).

Directors

The directors who held office during the year and subsequently were as follows:

M Smith	
S Craddock	
U Kastner (Germany)	(resigned 31 March 2012)
W Sauter (Germany)	
A Wagner (Germany)	(appointed 1 April 2012)

Political and charitable contributions

The Company made no political contributions during the year (2010: £Nil). Donations to events and charities amounted to £337 (2010: £65).

Directors' report (*continued*)

Disclosure of information to auditors

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information

Auditors

Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and KPMG LLP will therefore continue in office

Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Knorr-Bremse Systems for Commercial Vehicles Limited

We have audited the financial statements of Knorr-Bremse Systems for Commercial Vehicles Limited for the year ended 31 December 2011 set out on pages 6 to 18. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice)

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's web-site at www.frc.org.uk/apb/scope/private.cfm

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2011 and of its profit for the year then ended,
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

Independent auditor's report to the members of Knorr-Bremse Systems for Commercial Vehicles Limited (*continued*)

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements

Going concern

The directors believe that the company is well placed to manage its business risks successfully, despite the current uncertain economic outlook

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements

Further information regarding the company's business activities, together with the factors likely to affect its future development, performance and position is set out in the Directors' Report on page 1

Basis of preparation

The financial information is prepared under the historic cost convention and in accordance with applicable Accounting Standards

The company has taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from the requirement to produce a cash flow statement on the grounds that it is a subsidiary undertaking where 100 percent or more of the voting rights are controlled within the group

Fixed assets and depreciation

Depreciation is provided by the company to write off the cost less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic life as follows

Plant and machinery	-	3 to 15 years
Fixtures, fittings, tools and equipment	-	3 to 10 years
Leasehold improvements	-	over estimated useful life or length of remaining lease, whichever is the shorter

Leases

Rental charges under operating leases are charged to the profit and loss account on a straight line basis over the life of the lease

Onerous lease provisions are recognised when required and reviewed on a periodic basis. The provision is calculated based on the expected future cash flows over the remaining life of the lease where management do not expect the site to be sub-let

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account

Notes (continued)

1 Accounting policies (continued)

Pension schemes

The company operates contributory pension schemes providing benefits based upon final pensionable pay. The assets of the schemes are held separately from those of the company, being invested in Trustee administered funds.

The Company is unable to identify its share of the underlying assets and liabilities of the schemes on a consistent and reasonable basis and therefore, as required by FRS 17 'Retirement Benefits', accounts for the schemes as if they were defined contribution schemes. As a result, the amount charged to the profit and loss account represents the contributions payable to the schemes in respect of the accounting period.

In addition the company operates a Defined Contribution Group Stakeholder Scheme. The contributions payable to this Scheme are charged to the profit and loss account.

Stocks

Stocks are stated at the lower of cost or net realisable value. In determining the cost of raw materials, consumables and goods purchased for resale, the latest average purchase price is used. For work in progress and finished goods manufactured by the company, cost is taken as production cost, which includes an appropriate proportion of any attributable overheads.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised on all timing differences that have originated but not reversed at the Balance Sheet date where transactions or events that result in an obligation to pay more or a right to pay less tax have occurred at the Balance Sheet date. Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based upon tax rates enacted at the Balance Sheet date.

Turnover

Turnover represents the amounts (excluding value added tax) derived from the manufacture, remanufacture and distribution of commercial vehicle braking systems. Sales are recognised at the point of despatch from the company's premises.

The 2012 Budget on 21 March 2012 announced that the UK corporation tax rate will reduce to 22% by 2014. A reduction in the rate from 26% to 25% (effective from 1 April 2012) was substantively enacted on 5 July 2011, and a further reduction to 24% (effective from 1 April 2012) was substantively enacted on 26 March 2012. This will reduce the company's future current tax charge accordingly and further reduce the deferred tax asset at 31 December 2011 (which has been calculated based on a rate of 25% substantively enacted at the balance sheet date) by £16,000. It has not yet been possible to quantify the full anticipated effect of the announced further 2% rate reduction, although this will further reduce the company's future current tax charge and reduce the company's deferred tax asset accordingly.

19 Pension schemes

The Company participates in three pension schemes - the Knorr-Bremse (UK) Pension Scheme, the Knorr-Bremse (UK) Executive Scheme ("the Schemes") and a stakeholder scheme. The Schemes provide retirement benefits based on career re-valued and/or final pensionable salary and years of service. The Schemes are held in separate Trustee administered funds.

The pension cost of the Schemes is determined by a qualified actuary on the basis of triennial valuations, with adjustments for significant post-valuation events. The most recent actuarial valuation of the Schemes was carried out as at 1 January 2010, using the projected unit method.

At this date the market value of the Schemes' assets was £79.8 million and the value of these assets represented 72% of the benefits that had accrued to members, a shortfall of £31.7 million. The Company has agreed a Recovery Plan with the Trustees that is planned to eliminate the shortfall over a 10 year period.

As at 31 December 2011, the Actuary has prepared an update to the valuation results which show that the Schemes assets are now valued at £91.5 million, representing 64% of the benefits that had accrued to members, a shortfall of £50.5 million.

The main long term assumptions used were that the investment return would be 4.9% per annum pre-retirement, 3.4% per annum post-retirement and pensionable salaries would increase at 4.2% per annum.

19 Pension schemes (continued)

The Schemes have been closed to new entrants. The Company contributes to a designated stakeholder scheme for new employees.

The Company is unable to identify its share of the underlying assets and liabilities of these multi-employer schemes. As such, the Company has taken the exemption available under FRS17 allowing it to treat the Schemes as if they were Defined Contribution schemes for the purposes of the statutory accounts.

The pension charge for the year represents the employers' contributions payable by the Company to the Schemes, and amounted to £3,493,000 (2010 £1,813,000).

There is an additional pension charge for the year includes £20,000 (2010 £19,000) for employers contributions to the designated stakeholder scheme.

The Knorr-Bremse (UK) Pension Scheme had net contributions amounting to £33,000 payable to the scheme year end (2010 £99,000 payable to the company) which is included within creditors.

The Knorr-Bremse (UK) Executive Scheme had net contributions amounting to £91,000 (2010 £138,000) payable to the company at year end which is included in Other Debtors.

Contributions amounting to £3,000 (2010 £3,000) were payable to the designated stakeholder scheme at the year end, and are included in creditors.
