It is agreed that if, after the initial 90 day period or, where applicable, the further 90 day period referred to in Clause 3.16 (*Material Contracts Containing Prohibition on Charging*) of the Debenture, the consent of the relevant third party has not been obtained, the Charging Company shall have no further obligations in respect of that Excluded Material Contract under Clause 3.16 (*Material Contracts Containing Prohibition on Charging*) of the Debenture.
  - (c) Forthwith, upon receipt of the relevant third party's consent as aforesaid, the relevant Excluded Material Contract shall thereupon stand (in the case of a Material Contract which is an Excluded Material Contract) charged to the Administrative Agent pursuant to the Charges constituted by the

terms of the Debenture in accordance with Clause 3.9 (*Contracts*) and Clause 3.13 (*Floating Charge*) of the Debenture and (in the case of Insurances which are Excluded Material Contracts) assigned to the Administrative Agent pursuant to the Charges constituted by the terms of the Debenture in accordance with Clause 3.12 (*Assignment by way of Security*) and Clause 3.13 (*Floating Charge*) of the Debenture. Pursuant to Clause 5.4(e) (*Bank Balances and Charged Account(s)*) of the Debenture, save as provided in Clause 5.4 (*Bank Balances and Charged Account(s)*) of the Debenture, the Charging Company shall not release, sell, transfer, assign, factor, discount or otherwise deal in any way with any of the Bank Balances in a manner which is not permitted by the Credit Agreement.
9. Pursuant to Clause 5.5 (*Intellectual Property*) of the Debenture:
  - (a) The Charging Company undertakes that it shall in respect of its Intellectual Property, ensure compliance with the obligations in respect of Intellectual Property contained in the Credit Agreement and apply to register (to the extent registrable) the existence of the Charges or the restrictions on dealing with Intellectual Property in any applicable public register if so requested by the Administrative Agent.
  - (b) The Charging Company confirms in respect of its Intellectual Property, except in each case as would not reasonably be expected to have a Material Adverse Effect:
    - (i) The operation of the Charging Company's business as currently conducted and the use of the Intellectual Property in connection therewith do not conflict with, infringe, misappropriate, misuse or, to the best of such Charging Company's knowledge, dilute or otherwise violate the intellectual property rights of any third party.
    - (ii) As of the date hereof, the Charging Company is the exclusive owner of all right, title and interest in and to all the Intellectual Property. The Charging Company's exclusive ownership and its entitlement to use all Intellectual Property are subject only to the terms of the IP Agreements.
    - (iii) All Intellectual Property is subsisting and has not been adjudged invalid or unenforceable in whole or part, and is valid and enforceable. The Charging Company is not aware of any uses of any item of Intellectual Property that could reasonably be expected to lead to such item becoming invalid or unenforceable.
    - (iv) The Charging Company has made or performed all filings, recordings and other acts and has paid all required fees and taxes to maintain and protect its interest in each and every item of Intellectual Property throughout the world in all jurisdictions as are reasonably necessary to protect such Charging Company's ability to commercially exploit such Intellectual Property, and to protect and maintain its interest therein including, without limitation, record of its interests at all relevant intellectual property registries worldwide. The Charging Company has used appropriate notices in connection with its use of each item of Intellectual Property.

- (v) No claim, action, suit, investigation, litigation or proceeding has been asserted or is pending or threatened in writing against the Charging Company (i) based upon or challenging or seeking to deny or restrict the Charging Company's rights in or use of any of the Intellectual Property, (ii) alleging that the Charging Company's rights in or use of the Intellectual Property or that any services provided by, processes used by, or products manufactured or sold by, the Charging Company infringe, misappropriate, dilute, misuse or otherwise violate any patent, trademark, copyright or any other proprietary right of any third party, or (iii) alleging that the Intellectual Property is being licensed or sublicensed in violation or contravention of the terms of any license or other agreement. To the best of the Charging Company's knowledge no Person is engaging in any activity that infringes, misappropriates, dilutes, misuses or otherwise violates any Intellectual Property or the Charging Company's rights in or use thereof. Except as set forth on Schedule 2 hereto, the Charging Company has not granted any release, covenant not to sue, or non-assertion assurance, to any Person with respect to any Intellectual Property. The consummation of the transactions contemplated by the Transaction Documents will not result in the impairment or devaluation of any of the Intellectual Property.
  - (vi) With respect to the IP Agreements: (A) such IP Agreements are valid and binding and in full force and effect and each represents the entire agreement between the respective parties thereto with respect to the subject matter thereof; (B) such IP Agreements will not cease to be valid and binding and in full force and effect on terms essentially identical to those currently in effect as a result of the rights and interest granted herein, nor will the grant of such rights and interest constitute a breach or default under any such IP Agreements or otherwise give any party thereto a right to terminate any such IP Agreement; (C) the Charging Company has not received any written notice of termination or cancellation under any such IP Agreement; (D) the Charging Company has not received any written notice of a breach or default under any such IP Agreement, which breach or default has not been cured; and (E) neither the Charging Company nor, to the best of the Charging Company's knowledge, any other party to such IP Agreement is in breach or default thereof in any material respect, and no event has occurred that, would or may constitute such a breach or default or permit termination, modification or acceleration under such IP Agreement.
  - (vii) To the best of the Charging Company's knowledge, (A) none of the (trade secrets) of the Charging Company has been used, divulged, disclosed or appropriated to the detriment of the Charging Company for the benefit of any other Person other than the Charging Company; (B) no employee, independent contractor or agent of the Charging Company has misappropriated any trade secrets of any other Person in the course of the performance of his or her duties as an employee, independent contractor or agent of the Charging Company; and (C) no employee, independent contractor or agent of the Charging Company is in default or breach of any term of any employment agreement, non-disclosure agreement, assignment of inventions agreement or similar agreement or contract relating in any way to the protection, ownership, development, use or transfer of the Charging Company's Intellectual Property.
  - (viii) Neither the Charging Company nor the Charging Company's Intellectual Property is subject to any outstanding consent, settlement, decree, order, injunction, judgment or ruling restricting the use of any Intellectual Property or that would or may impair the validity or enforceability of such Intellectual Property.
- (c) Schedule 2 hereto sets forth a true and complete list of all design rights registrations and applications, patents, patent applications, domain names, trademarks registrations and applications, copyright registrations and applications and IP Agreements owned by the Charging Company or to which the Charging Company is a party as of the date hereof, as well as all IP Agreements pursuant to which third party licenses to any Charging Company rights related to any of the characters or trademarks listed on Schedule 2A.

- (d) The Charging Company has no commercial tort claims in an amount (taking the greater of the aggregate claimed damages thereunder or the reasonably estimated value thereof) of £1,000,000 or more other than those listed in Schedule 2 hereto.
- (e) With respect to each registered trademark relating to any trademark or character listed on Schedule 2A that is either owned or licensed by such Grantor (the "Key Trademarks") and all other Intellectual Property that is material to the business of the Grantors (the Key Trademarks and such other Intellectual Property, collectively, the "Material Intellectual Property"), the Charging Company agrees to take, at its expense, all reasonably necessary steps, including, without limitation, at all relevant registries of intellectual property worldwide and any other governmental authority, to (i) maintain the validity and enforceability of such Intellectual Property and maintain such Intellectual Property in full force and effect, and (ii) pursue the registration and maintenance of now or hereafter included in such Intellectual Property of the Charging Company, including, without limitation, the payment of required fees and taxes, the filing of responses to office actions issued by the relevant registries or authorities, the filing of divisional, continuation, continuation-in-part, reissue and renewal applications or extensions, the payment of maintenance fees and the participation in interference, re-examination, opposition, cancellation, infringement and misappropriation proceedings. Notwithstanding the foregoing, if the Charging Company shall have reasonably determined that any Intellectual Property other than Key Trademarks is no longer needed for the conduct of its business and that the discontinued use or other abandonment thereof would not be reasonably likely to have a Material Adverse Effect; the Charging Company may discontinue use of or otherwise abandon such Intellectual Property without notice to the Administrative Agent. Without the written consent of the Administrative Agent, which may not be unreasonably withheld, no Charging Company shall discontinue the use of or otherwise abandon any Key Trademark, or (absent a reasonable determination as set forth in the preceding sentence) any other Intellectual Property, or abandon any right to apply for registration of any item of it.
- (f) The Charging Company agrees promptly to notify the Administrative Agent if the Charging Company becomes aware (i) that any item of the Material Intellectual Property may have become abandoned, invalid or unenforceable, or of any adverse determination or development regarding the Charging Company's ownership of any of the Material Intellectual Property or its right to register the same or to keep and maintain and enforce the same, or (ii) of any adverse determination or the institution of any proceeding (including, without limitation, the institution of any proceeding in any relevant registry or any court) regarding any item of the Material Intellectual Property which determination or proceeding would reasonably be expected to have a Material Adverse Effect.
- (g) In the event that the Charging Company becomes aware that any item of the Material Intellectual Property is being infringed or misappropriated by a third party, which infringement or misappropriations would reasonably be expected to have a Material Adverse Effect, the Charging Company shall promptly notify the Administrative Agent and shall take such actions, at its expense, as the Charging Company or the Administrative Agent may reasonably require under the circumstances to protect or enforce such Material Intellectual Property, including, without limitation, suing for infringement or misappropriation and for an injunction against such infringement or misappropriation.
- (h) The Charging Company shall use appropriate notices in connection with its use of each item of its Material Intellectual Property. Except as permitted under Clause 5.5(e) (*Intellectual Property*) of the Debenture no Charging Company shall do or permit any act or knowingly omit to do any act whereby any of its Material Intellectual Property may lapse or become invalid or unenforceable or placed in the public domain.
- (i) The Charging Company shall take all reasonable steps which it or the Administrative Agent may reasonably require under the circumstances to preserve and protect each item of its Material Intellectual Property, including, without limitation, maintaining the quality of any and all products

or services used or provided in connection with any Trademarks that are Material Intellectual Property, consistent with the quality of the products and services as of the date hereof, and taking all steps reasonably necessary to ensure that all licensed users of any such Trademarks use such consistent standards of quality.

- (j) With respect to its Intellectual Property, the Charging Company agrees to execute or otherwise authenticate the notice in form and substance satisfactory to the Administrative Agent (an "Intellectual Property Security Agreement"), for recording the security interest granted hereunder to the Administrative Agent in such Intellectual Property with any relevant registry or office and any other governmental authorities necessary to perfect the security interest hereunder in such Intellectual Property.
  - (k) The Charging Company agrees that should it obtain an ownership interest in any item of the type set forth in Section 1(g) that is not on the date hereof a part of the Intellectual Property ("After-Acquired Intellectual Property") (i) the provisions of this Agreement shall automatically apply thereto, and (ii) any such After-Acquired Intellectual Property shall automatically become part of the Intellectual Property subject to the terms and conditions of this Agreement with respect thereto. At the end of each fiscal quarter of the relevant Charging Company, the Charging Company shall give prompt written notice to the Administrative Agent identifying any After-Acquired Intellectual Property acquired during such fiscal quarter, and the Charging Company shall execute and deliver to the Administrative Agent with such written notice, or otherwise authenticate, an agreement substantially in the form of Exhibit C hereto or otherwise in form and substance satisfactory to the Administrative Agent (an "IP Security Agreement Supplement") covering such After-Acquired Intellectual Property, which IP Security Agreement Supplement shall be recorded with all relevant registries and any other governmental authorities necessary to perfect the security interest hereunder in such After-Acquired Intellectual Property.
10. Pursuant to Clause 5.6(a)(ii) (*Relevant Documents*) of the Debenture, the Charging Company shall not amend or vary or waive any provision of any Relevant Documents or agree to do so and shall not rescind or terminate any of the Relevant Documents;
11. Pursuant to Clause 5.6(c) (*Relevant Documents*) of the Debenture, the Charging Company hereby undertakes that except with the consent of the Administrative Agent, it shall not, and shall procure that none of its Subsidiaries shall, enter into any Material Contract after the date of the Debenture which would constitute an Excluded Contract.
12. Pursuant to Clause 11 (*Further Assurance*) of the Debenture, the Charging Company shall, at its own expense, promptly do all such acts and things as the Administrative Agent may require for:
- (a) creating, registering, perfecting, maintaining or protecting the Charges or any of the Charged Assets in accordance with the Agreed Security Principles set out in the Credit Agreement;
  - (b) at any time after the occurrence of an Event of Default which is continuing unremedied and unwaived or the Charges shall have otherwise become enforceable, a legal assignment of Book Debts; or
  - (c) facilitating the realisation of any Charge after the Charge has become enforceable or the exercise of any right, power or discretion in relation to any Charged Asset or Charge vested in the Administrative Agent, any Receiver or any Delegate,

including, without limitation, the execution (including by sealing) of any transfer, assignment, mortgage, charge or Security Interest or any document required to enable the Administrative Agent or its nominee to obtain legal title to any Charged Assets in circumstances in which it is entitled to obtain such legal title under the Debenture or the giving of any notice, order or direction.

13. Pursuant to Clause 12.1(*Power of Attorney*) of the Debenture, the Charging Company by way of security irrevocably appoints the Administrative Agent, every Receiver and every Delegate severally to be its attorney:

- (a) to do all acts and things which the Charging Company is obliged to do under the Debenture, including, without limitation, to fill in the name of the transferee and to date and complete any instrument of transfer in respect of any Charged Investments which has been executed in blank by such Charging Company and, in the case of registered Charged Investments, to procure the registration of the transferee as the holder of the relevant Charged Investments in circumstances in which the Charged Investments are to be transferred under the terms of the Debenture;
- (b) to transfer any interest in any Charged Assets in the circumstances in which such transfer may be required under the Debenture including on an enforcement of the Charges over such Charged Assets;
- (c) in its name and on its behalf to exercise any right conferred on the Administrative Agent, any Receiver or any Delegate in relation to the Charged Assets or under the Debenture; and
- (d) to register the existence of the Charges or the restrictions on dealing with the Charged Assets in any register in which a Charging Company is obliged (but has failed) to effect registration under the terms of the Debenture,

provided that no such power of attorney will be exercised by the Administrative Agent, any Receiver or any Delegate until after the earlier of:

- (i) the Charges becoming enforceable in accordance with Clause 6.2(b) (*Enforceability of Security*) of the Debenture; and
- (ii) failure by the Charging Company to comply with its further assurance or perfection obligations hereunder (including those under Clauses 3.16 (*Material Contracts Containing Prohibition on Charging*), 4.1 (*Acquisition of Property*), 4.2 (*Delivery of Title Documents*), 5.2(c) (*Voting Rights and Distributions*), 5.3 (*Book Debts*), 5.4 (*Bank Balances and Charged Account(s)*), 5.5 (*Intellectual Property*), 5.6 (*Relevant Documents*), 5.7 (*Insurance*) and 11 (*Further Assurance*)).

14. Pursuant to Clause 12.2 (*Ratification*) of the Debenture, the Charging Company agrees to ratify and confirm whatever any such attorney shall do or purport to do in the exercise or purported exercise of the power of attorney granted by Clause 12.1 (*Appointment*) of the Debenture. All moneys expended by any such attorney shall be deemed to be expenses incurred by the Administrative Agent under the Debenture.

15. Pursuant to Clause 19.1 (*Set-Off*) of the Debenture, after an Event of Default has occurred the Administrative Agent and each other Finance Party may (without notice to the Charging Company) set off or otherwise apply any deposits (irrespective of the terms applicable to such charging deposits) at any time held and any other indebtedness, matured or unmatured, owing by it to or for the account of the Charging Company against any indebtedness matured or unmatured, owing to the Administrative Agent or such other Finance Party by the Charging Company, regardless of the place of payment, booking branch or currency of either obligation or the terms of any deposit held by any Finance Party.
