The director is satisfied that the company is entitled to exemption from the provisions of the Companies Act 1985 (the Act) relating to the audit of the financial statements for the year by virtue of section 249A(1), and that no member or members have requested an audit pursuant to section 249B(2) of the Act.

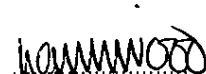

The director acknowledges her responsibility for:

- (i) ensuring that the company keeps proper accounting records which comply with section 221 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 226, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part VII of the Companies Act 1985.

These abbreviated accounts were approved and signed by the director and authorised for issue on

.....

MS L J WINWOOD

3/6/09

The notes on pages 2 to 3 form part of these abbreviated accounts.

T L WINWOOD LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS

Year ended 31 March 2009

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

Turnover

Gross rentals

The gross rentals shown in the profit and loss account represent rents due for the year.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Investment properties

Investment properties are stated at market value as determined by the Director.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
