D. W. GENERAL WOOD MACHINISTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST AUGUST 1993

1. ACCOUNTING POLICIES

a) Basis of Financial Statements

These financial statements have been prepared under the historical cost convention whereby assets and liabilities are included in the Balance Sheet at or below costs incurred at their dates of acquisition.

b) Turnover

Turnover represents the total invoice value, excluding Value Added Tax, of goods sold and services rendered during the year.

c) Stock

Stock is valued at the lower of cost and estimated net realisable value.

d) Leased Assets

Where assets are financed by leasing or hire purchase agreements, the assets are treated as if they had been purchased. The present value of the minimum lease payments payable during the lease term is capitalised as a tangible asset and the corresponding leasing commitment is included as a liability. Rentals payable are apportioned between interest which is charged to the Profit and Loss Account, and capital which reduces the outstanding commitment.

All other leases are treated as operating leases. Their annual rentals are charged to the Profit and Loss Account on a payable basis.

e) Deferred Taxation

Provision is made for deferred taxation on the liability method for all short term timing differences. Provision is also made for long term timing differences, except to the extent that there is a reasonable probability of the tax not falling due for payment in the foreseeable future. Such tax not provided for is disclosed as a contingent liability.
