#### THE DIRECTORS' REPORT

#### YEAR ENDED 31ST MARCH 1998

The directors have pleasure in presenting their report and the financial statements of the company for the year ended 31st March 1998.

#### PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The company operates on its own behalf as a property investment company and it also acts as a holding company for other property investment and dealing companies.

The performance of the company during the year was satisfactory, considering the economic climate. The directors anticipate that the company will benefit from any future economic recovery.

#### RESULTS AND DIVIDENDS

The trading results for the year, and the company's financial position at the end of the year are shown in the attached financial statements.

The directors have not recommended a dividend.

#### THE DIRECTORS AND THEIR INTERESTS IN SHARES OF THE COMPANY

The directors who served the company during the year were as follows:

P.J.F. Breach Mrs J. Breach A.W. Sprackman

The company is a wholly owned subsidiary and the interests of group directors are disclosed in the accounts of the parent company.

#### **DIRECTORS' RESPONSIBILITIES**

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company at the end of the year and of the profit or loss for the year then ended.

In preparing those financial statements, the directors are required to select suitable accounting policies, as described on pages 8 to 9, and then apply them on a consistent basis, making judgements and estimates that are prudent and reasonable. The directors must also prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## THE DIRECTORS' REPORT (continued)

#### YEAR ENDED 31ST MARCH 1998

#### **AUDITORS**

A resolution to re-appoint Maxwells as auditors for the ensuing year will be proposed at the annual general meeting in accordance with section 385 of the Companies Act 1985.

Registered office:

Approved by the directors on 14. October 98

## **AUDITORS' REPORT TO THE SHAREHOLDERS**

#### YEAR ENDED 31ST MARCH 1998

We have audited the financial statements on pages 5 to 18 which have been prepared under the historical cost convention, as modified by the revaluation of certain fixed assets and the accounting policies set out on pages 8 to 9.

# RESPECTIVE RESPONSIBILITIES OF THE DIRECTORS AND THE AUDITORS

As described on page 2, the company's directors are responsible for the preparation of the financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

#### BASIS OF OPINION

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### **QUALIFIED OPINION**

Included in the tangible fixed assets shown in the balance sheet is an amount of £7,037,660 relating to investment properties. As shown in note 12 to the financial statements, investment properties are stated at a valuation in 1995 plus additions to date at cost and have not been revalued since that date. Statement of Standard Accounting Practice 19 requires investment properties to be revalued annually and included in the balance sheet at their open market value.

Except for non-compliance with Statement of Accounting Practice 19, in our opinion the financial statements give a true and fair view of the company's state of affairs as at 31st March 1998 and of its profit for the year then ended, and have been properly prepared in accordance with the Companies Act 1985.

#### NOTES TO THE FINANCIAL STATEMENTS

#### YEAR ENDED 31ST MARCH 1998

#### 1. ACCOUNTING POLICIES

#### Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with applicable accounting standards.

#### Consolidation

The company was, at the end of the year, a wholly-owned subsidiary of another company incorporated in the United Kingdom. As a result, the company, in accordance with section 228 of the Companies Act 1985, is not required to produce, and has not published, consolidated accounts.

#### Cash flow statement

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and its parent publishes a consolidated cashflow statement.

#### Turnover

Turnover consists of rental income.

#### **Depreciation**

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Motor vehicles, fixtures, fittings and equipment - 20 to 25% straight line basis.

Short leasehold investment properties have been amortised over the period of the lease.

#### **Investment properties**

Investment properties are revalued periodically and the aggregate surplus or deficit is transferred to a revaluation reserve unless the diminution in value is believed to be permanent, in which case the deficit is taken to profit and loss account. No depreciation or amortisation is provided in respect of freehold investment properties or in respect of leasehold investment properties with over twenty years to run.

The directors consider that this policy is necessary for the financial statements to give a true and fair view. This policy represents a departure from statutory accounting principles, which require depreciation to be provided on all fixed assets. The directors also consider that it is impractical to quantify the amount of depreciation that would otherwise have been provided. Upon disposal of a revalued property, the net gain or loss is recognised by reference to the original cost and is taken to profit and loss.

#### Stocks

Stocks represent properties held for disposal and are stated at the lower of cost or net realisable value.

#### NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED 31ST MARCH 1998

#### 1. ACCOUNTING POLICIES (continued)

#### **Pension costs**

The company contributes to defined contribution pension schemes for the benefit of certain directors and employees. The assets of each scheme are held separately from those of the company. The pension cost charge represents the contributions payable by the company to schemes in respect of the accounting period under the rules of those schemes.

#### **Deferred taxation**

Deferred tax is provided for, under the liability method, on timing differences other than those which are not expected to reverse in the foreseeable future.

Provision is not made for the contingent liability to taxation on the capital gain which would arise if freehold properties were sold at the values incorporated in the financial statements.

#### Grant aided refurbishment

Qualifying investment properties enhanced with the benefit of Local Government Grant Aid are stated at cost less grants receivable upon confirmation of successful application. The company fully intends to comply with the conditions of each grant for the five year term thus negating any requirement to provide for potential repayment of the grant or interest.

#### **Furnishings**

Furniture is included in current assets and written off over two to four years, depending on the circumstances prevailing.

## 2. TURNOVER

Turnover and profits are all attributable to the principal activity of the company and all rental income arises from properties in the UK.

#### 3. OPERATING PROFIT

Operating profit is stated after charging/(crediting):
