## **Notes to the Financial Statements**

**Year ended 31 March 2018**

---

### **1. General information**

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Westfield Industrial Estate, Kirk Lane, Yeadon, West Yorkshire, LS19 7LX.

### **2. Statement of compliance**

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

### **3. Accounting policies**

#### **Basis of preparation**

The financial statements have been prepared on the historical cost basis.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Disclosure exemptions**

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. Its financial statements are consolidated into the financial statements of Donelec Group Limited which can be obtained from Companies House. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102:

- (a) No cash flow statement has been presented for the company.
- (b) Disclosures in respect of financial instruments have not been presented.
- (c) No disclosure has been given for the aggregate remuneration of key management personnel.

#### **Judgements and key sources of estimation uncertainty**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome. The key assumptions and other sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as follows:

#### **Recoverability of debtors**

The company makes an estimate of the recoverable value of trade and other debtors at the end of each reporting period. When assessing whether any impairment should be recognised management considers factors including the current credit rating of the debtor, the ageing profile of balances and historical experience.

#### **Revenue recognition**

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied, stated net of discounts and of Value Added Tax.

# Don Controls Limited

## Notes to the Financial Statements *(continued)*

Year ended 31 March 2018

---

### 3. Accounting policies *(continued)*

#### Revenue recognition *(continued)*

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer, usually on despatch of the goods, the amount of revenue can be measured reliably, it is probable that the associated economic benefits will flow to the entity, and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

#### Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

#### Tangible assets

Tangible assets are initially recorded at cost and subsequently stated at cost less any accumulated depreciation and impairment losses.

#### Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its residual value, over the useful economic life of that asset as follows:

Plant and machinery	- 25% reducing balance
Motor Vehicles	- 25% reducing balance

#### Investments

Fixed asset investments are initially recorded at cost and subsequently stated at cost less any accumulated impairment losses.

#### Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

# Don Controls Limited

## Notes to the Financial Statements (continued)

Year ended 31 March 2018

### 3. Accounting policies (continued)

#### Impairment of fixed assets (continued)

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

#### Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

#### Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

### 4. Employee numbers

The average number of persons employed by the company during the year amounted to 34 (2017: 19).

### 5. Tangible assets

### 9. Summary audit opinion

The auditor's report for the year dated 10th October 2018 was unqualified.

# Don Controls Limited

## Notes to the Financial Statements *(continued)*

Year ended 31 March 2018

---

### 9. Summary audit opinion *(continued)*

The senior statutory auditor was Lisa Calvert BA (HONS) FCA, for and on behalf of Ford Campbell Freedman Limited.

### 10. Related party transactions

During the year the company entered into the following transactions with related parties:

	Transaction value	
	2018	2017
	£	£
Sales made to a company with a comon director	<u>2,553</u>	<u>1,405</u>

The company has taken advantage of the exemption in Financial Reporting Standard 102 Section 33 from disclosing details of transactions with other group companies. This exemption has been taken on the grounds that the company is a wholly owned subsidiary.

### 11. Controlling party

The immediate and ultimate parent company is Donelec Group Limited, a company incorporated in England and Wales. Donelec Group Limited is the largest and smallest group into which these financial statements are consolidated. The consolidated accounts are available from Westfield Industrial Estate, Kirk Lane, Yeadon, West Yorkshire LS19 7LX.

In the opinion of the directors, there is no single controlling party, as defined by FRS 102.
