Date winding up commenced: 14 February 2013

Date of liquidators' appointment: 14 February 2013

Change of Liquidator: N/A

4. PROGRESS DURING THE PERIOD

Attached (at Appendix 1) is our abstract of receipts and payments for the period from 14 February 2016 to 13 February 2017.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website – http://www.begbies-traynorgroup.com/work-details

Under the following headings, we have explained the specific work that has been undertaken on this case – not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the attached Time Costs Analysis.

General case administration and planning

It is necessary to maintain records to demonstrate how the case was administered, and to document the reasons for any decisions that materially affect the case.

Members of my staff have therefore undertaken general administrative, banking and cashiering duties.

Whilst this work has not benefitted creditors, it is a necessary part of the general control of the case.

Compliance with the Insolvency Act, Rules and best practice

The Insolvency Act and Rules require Liquidators to produce a Progress Report within two months after each anniversary of my appointment, which is filed at Companies House and made available to all creditors and members.

They are also required to ensure that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the asset realisations on a case).

When all matters have been concluded, they are required to prepare a draft Final Report and account of the liquidation, which is also made available to all creditors and members.

Final meetings of members and creditors are then convened for the purpose of considering the report, the Notices of which are advertised in the London Gazette.

We have complied with / carried out these duties during the period of this report, and although this work has not benefitted creditors financially, it was necessary in accordance with insolvency legislation.

Investigations

Liquidators have a statutory duty to investigate the conduct of the directors (and any person they consider to be or have been a shadow or de facto director during the period of three years before the date of liquidation) in relation to their management of the affairs of their company, and the causes of its failure.

They are also obliged to submit confidential reports to the Department for Business, Innovation and Skills.

Realisation of assets

Funds transferred from Administration

The sum of £36,021 has been transferred from the previous Administration case.

Book Debts / Retentions

As outlined in our previous correspondence, the total sum of around £1 million was owed to the Company (by its customers) in respect of incomplete / on-going contracts (£414,093) and completed contracts (£638,597).

Quantity Surveyors (Naismiths) have provided assistance with the collection of same.

Since our last Progress Report, the agents have recovered a further amount in respect of book debts, bringing the total recovery to £70,503 – no further recoveries are, however, anticipated.

No further retentions have been recovered (to add to their previous total of £7,232) nor do the agents believe that any further material recoveries will be made.

Settlement regarding Preference Claim

The sum of £8,500 has been received in settlement of a preference claim.

Bank Interest

Bank interest in the sum of £61 has accrued on funds invested throughout the duration of the case.

Dealing with all creditors' claims (including employees), correspondence and distributions

We have corresponded with creditors as necessary, inputting details of claims upon receipt.

Please refer to the following section for further information regarding claims received, and dividend prospects.

Other matters which includes meetings, tax, litigation, pensions and travel

This category includes a number of tax-related formalities have also been undertaken.

Whilst this work has not financially benefitted creditors, it has been necessary in order to comply with statutory requirements in respect of reporting to HM Revenue & Customs.

5. ESTIMATED OUTCOME FOR CREDITORS

The sums owed to creditors at the date of appointment (as detailed in the directors' Statement of Affairs) together with potential dividend prospects are as follows.

Secured creditors

The Company had one secured creditor (HSBC Bank PLC) who held security via a Debenture.

No monies were considered due to the bank (as the account was in credit) and no claim has been received to date).

Preferential creditors

Preferential claims of employees (for arrears of wages / holiday pay) were estimated at £82,619 and we have received claims in the total sum of £77,782

We are in the process of agreeing preferential claims, with a view to issuing a first and final dividend.

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where a company has created a floating charge on or after 15 September 2003, the Liquidator must make a prescribed part of the company's net property available for the unsecured creditors, and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts.

To the best of my knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 – consequently, there is no net property as defined in Section 176A(6) of the Act, and therefore this section does not therefore apply.

Unsecured creditors

Unsecured creditors were estimated at around £4 million, and we have received claims of a similar amount.

In the majority of instances, the claims received are in line with (or not materially higher than) the directors' original estimates.

A number of trade creditor claims have, however, submitted claims that are materially higher than the directors' estimates – the differences mainly relate to aspects which the directors were unaware of (at the date of production of their Statement of Affairs).

We have also received additional creditor claims, which were not included in the directors' original listings – the majority relate to invoices not received by the Company (at the date of cessation of trading) with one claim received from the landlord for the unexpired portion of the lease (until a new tenant was acquired).

An additional insurance claim has also been received, which relates to a bond guarantee for unfinished work that became liable when the Company was placed into Administration.

H M Revenue & Customs have also submitted claims (for unpaid PAYE/NIC and VAT) both of which are materially higher than the directors' original estimates – having obtained a breakdown of each claim, it would appear the differences relates to assessments for latter trading periods, which (if completed) could result in a reduction.

Based upon realisations to date, it is anticipated there will be insufficient funds available to enable a dividend to be paid to the unsecured creditors.

6. REMUNERATION & DISBURSEMENTS

Post-Appointment fees (i.e. Joint Liquidators' Remuneration)

Our remuneration has been fixed by resolution at a Meeting of Creditors held on 30 April 2012, by reference to the time properly given by us (as Liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of my former firm (Broadbents Business Recovery Services Limited) and FRP Advisory LLP, in attending to matters arising in the winding up.

Our time costs for the reporting period (i.e. from 14 February 2016 to 13 February 2017) amount to £5,445 which represents 40 hours at an average rate of £136.11 per hour.

We have drawn the total sum of £33,476 plus VAT on account of our remuneration, against total time costs of £34,318 incurred since the date of our appointment.

Liquidators' Disbursements

We are authorised to draw disbursements, in accordance with our firm's policies, details of which were presented to the Meeting of Creditors, and which are attached (at Appendix 2).

We have incurred disbursements in the sum of £3,946.05 (as outlined on the attached) against which we have recovered the sum of £3,598.79 plus VAT.

Time Costs Analysis

The following further information in relation to our time costs and disbursements is set out in the attached (at Appendix 2):

- Broadbents Business Recovery Services Limited's charge-out rates and disbursements policy
- □ FRP Advisory LLP's charge-out rates
- Time Costs Analysis for the reporting period (i.e. from 14 February 2016 to 13 February 2017);
- ☐ Time Costs Analysis for the period of appointment (i.e. from 14 February 2013 to 13 February 2017)

The Time Costs Analyses show the time spent by each grade of staff, on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type.

Please note that each analysis provides details of the work undertaken by the Joint Liquidators and their staff following their appointment only.

Why have subcontractors been used?

Debt Collection Fees (Naismiths)

Quantity Surveyors have assisted with the collection of book debts, and amounts owing from ongoing contracts and retentions, undertaking the work on a fee basis based upon a percentage of recoveries made.

Their costs total £13,335 plus VAT, which have been paid in full.

Bond Dickinson (Legal fees)

Legal advice had previously been provided to the Joint Administrators, during the course of their appointment, the costs of which (in the sum of £18,000) remained outstanding when the case was converted into Creditors Voluntary Liquidation.

As detailed in our earlier Progress Reports, our solicitors have also provided advice on the prospects of recovery in respect of the Overage claim, and on potential antecedent transactions (as detailed later).

Their costs to date total £25,533 plus VAT, which have been paid

A copy of 'A Creditors' Guide to Liquidators Fees (E&W) 2011' which provides guidance on creditors' rights on how to approve and monitor a Liquidator's remuneration and on how the remuneration is set can be obtained online at www.begbies-traynor.com/creditorsguides

Alternatively, if you require a hard copy of the Guide, please contact this office and we will arrange to send you a copy.

7. LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this Progress Report is attached (at Appendix 3) together with a cumulative statement showing the total expenses incurred since the date of our appointment.

8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

General case administration and planning

We will continue to perform periodic reviews, in order to ensure that the statutory requirements of the relevant legislation are complied with.

Compliance with the Insolvency Act, Rules and best practice

Pursuant to The Insolvency Act 1986 and the Insolvency Rules 1986 (together with subsequent amendments) over the remaining course of the administration of this estate, we will:

- ensure that the case is adequately bonded (an insurance to protect the interests of unsecured creditors in the potential asset realisations on a case); and
- produce a draft Final Report and account of the liquidation, which is also made available to all members and creditors.

Investigations

A number of potential issues have been highlighted from our investigations (and correspondence received from creditors) all of which warrant further investigation – ongoing legal advice is therefore being taken regarding same.

Realisation of assets

We do not anticipate any further work in relation to the realisation of assets.

Dealing with all creditors' claims (including employees), correspondence and distributions

We will continue to correspond with creditors as necessary, and input details of claims upon receipt.

Steps will also be taken to issue a distribution to the preferential creditors.

Other matters which includes meetings, tax, litigation, pensions and travel

We will ensure that all tax-related formalities are adhered to in order to comply with statutory requirements in respect of reporting to H M Revenue & Customs.

How much will this further work cost?

Clearly there is a cost implication in completing the remaining balance of work above, however, any fees payable for the same are restricted to the balance of funds within the estate.

Expenses

With the exception of future storage costs (and potential legal fees) we are not aware of any further expenses that will be required,

OTHER RELEVANT INFORMATION

Investigations and reporting on directors conduct

You may be aware that a Liquidator has a duty to enquire into the affairs of an insolvent company, to determine its property and liabilities, and to identify any actions which could lead to the recovery of funds.

In addition, as explained in the report circulated at the Meeting of Creditors convened pursuant to Section 98 of the Act (such report having also been sent to creditors following the meeting) a Liquidator is also required to consider the conduct of a company's directors, and to make an appropriate submission to the Department for Business Energy and Industrial Strategy.

We can confirm that we have discharged our duties in these respects.

Investigations carried out to date

We have undertaken an initial assessment of the manner in which the business was conducted prior to the liquidation of the Company, and considered any potential recoveries for the estate in this respect.

Connected party transactions

We have not been made aware of any sales of the Company's assets to connected parties (other than mentioned either within this Progress Report or within the Directors Report).

10. CREDITORS' RIGHTS

Right to request further information

11. CONCLUSION

We will report again in approximately twelve months' time, or at the conclusion of the liquidation, whichever is the sooner.
