## STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently
- make judgements and estimates that are reasonable and prudent
- state whether applicable accounting standards have been followed
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## AUDITORS' REPORT TO THE MEMBERS OF

#### THE REED EXHIBITION COMPANIES LIMITED

We have audited the financial statements on pages 6 to 16 which have been prepared under the accounting policies set out on pages 8 and 9.

### Respective responsibilities of directors and auditors

As described on page 4 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

#### Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs at 31 December 1995 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

## NOTES TO THE ACCOUNTS Year ended 31 December 1995

#### 1. **ACCOUNTING POLICIES**

#### **Basis of accounting**

The financial statements are presented for the company as an individual undertaking. The company is not required to prepare group financial statements under section 228 of the Companies Act 1985 because its parent undertaking is established under the law of a member State of the European Union.

Under the provisions of Financial Reporting Standard 1 - 'Cash Flow Statements', the company has not prepared a cash flow statement because its ultimate parent company, Reed Elsevier plc, which is registered in England and Wales, has prepared consolidated accounts which include the accounts of the company for the year and which contain a cash flow statement.

These financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

#### Turnover

Turnover represents the invoice value of space sold and other revenue received in respect of exhibitions held during the year, excluding value added tax.

#### **Intangible assets**

Exhibition titles and rights are stated at fair value on acquisition and are not subsequently revalued. Having no finite economic life, no systematic amortisation is applied but provision is made for any permanent impairment in value. Internally developed intangibles are not carried on the balance sheet.

#### Tangible fixed assets and depreciation

Tangible fixed assets are stated in the balance sheet at cost less accumulated depreciation. Depreciation is provided on a basis that will write off the book value of fixed assets on a straight line basis over their expected lives. The rates of depreciation are as follows:

Vehicles and equipment

10% to 33%

Leasehold land and buildings

Over the unexpired lease term

Certain leasehold improvements

#### Fixed asset investments

Investments in subsidiary undertakings are stated at cost less provision for any permanent diminution in value.

#### Deferred income

The amount included in creditors for deferred income represents revenue received less direct expenditure incurred on future exhibitions.

## **Deferred taxation**

Deferred taxation is provided using the liability method, to take account of the full timing differences between the treatment of items for taxation and accounting purposes where it is considered that a liability or asset will crystallise.

## NOTES TO THE ACCOUNTS Year ended 31 December 1995

## 1. ACCOUNTING POLICIES (continued)

#### Foreign Exchange

Transactions denominated in foreign currencies are translated into sterling at the rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the rates ruling at that date. These translation differences are dealt with in the profit and loss account.

#### Leases

Rentals under operating leases are charged as incurred to the profit and loss account over the lease term. The company does not hold any assets under finance leases.

#### **Pensions**

The Reed Pension Scheme and Reed Executive Pension Scheme, both of which are defined benefit schemes, are administered on a Reed Elsevier plc group basis and total contributions are assessed by a qualified actuary based on the cost of providing pensions across all participating Reed Elsevier plc group companies. Costs are not determined separately for each participating company, hence contributions are charged to the profit and loss account in the year on the basis of amounts payable.

### 2. TURNOVER

The geographical analysis of the company's turnover is as follows:

|                   | 1773       | 1774       |
|-------------------|------------|------------|
