DIRECTORS RESPONSIBILITIES

Company law requires directors to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom accounting standards and applicable law). Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the company's affairs and of the profit or loss of the company for that period. In preparing those financial statements, directors are required to

- a) select suitable accounting policies and then apply them consistently,
- b) make judgements and estimates that are reasonable and prudent,
- c) prepare financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

Directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
