NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 SEPTEMBER 2010

Accounting policies

11 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

12 Turnover

Turnover represents amounts receivable from ordinary activities for goods and services net of VAT and trade discounts

13 Investment Properties

In accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) no depreciation is provided in respect of freehold properties held as investments. This is a departure from the requirements of the Companies Act 2006 which requires all properties to be depreciated. Such properties are held for investment and not for consumption and the directors consider that to depreciate them would not give a true and fair view. Depreciation is only one of the many elements reflected in the annual valuation of properties and accordingly the amount of depreciation which might otherwise have been charged cannot be separately identified or quantified. The directors consider that this policy results in the financial statements giving a true and fair view.
