## **Beverley House (9000) Limited**

### **Strategic report**

The directors present their strategic report for the 52 weeks ended 27 July 2019.

### **Business overview and principal activities**

Beverley House (9000) Limited ("the Company") is a wholly owned indirect subsidiary the group headed by Boparan Holdings Limited ("the Group").

The principal activity of the Company is that of a holding company.

The profit for the period attributable to shareholders amounted to £nil (2018: £35,000).

### **Key performance indicators**

The Company has not identified any key performance indicators due to the nature of its operations as a holding company.

### **Principal risks & uncertainties and financial risk management**

The Company does not have any exposure to external financing and funds its operations from a mixture of retained earnings and intragroup receivables.

The principal risk to the Company is the risk of impairment of the investment balance which is dependent on the performance of the underlying businesses within the Group. The performance of the underlying subsidiaries is periodically reviewed in order to mitigate this risk.

The principal risks and uncertainties facing the Group are discussed in the annual report of Boparan Holdings Limited, which does not form part of this annual report. The Group annual report is publically available as detailed in note 11.

### **Future prospects**

The directors expect the Company to continue to operate as a holding company within the Group.

Approved by the board of directors and signed on its behalf by:

## **Beverley House (9000) Limited**

### **Directors' report**

The directors present their annual report and financial statements for the 52 weeks ended 27 July 2019.

### **Directors**

The directors of the Company who served during the period ended 27 July 2019 and up to the date of signing the financial statements are those listed on page 1.

### **Directors' indemnities**

The Company made qualifying third party indemnity provisions for the benefit of its directors during the period which remain in force at the date of this report.

### **Dividends**

No interim dividend was paid in the period (2018: £nil) and the directors do not recommend the payment of a final dividend (2018: £nil).

### **Going concern**

The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

Further details regarding the adoption of the going concern basis can be found in note 1.

### **Employees**

The Company has no employees other than directors. Details of the directors' emoluments can be found in note 3.

### **Future prospects**

Details of the future prospects of the Company can be found in the strategic report and form part of this report by cross reference.

## **Beverley House (9000) Limited**

### **Directors' responsibilities statement**

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476.

Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

### **Notes to the financial statements For the 52 weeks ended 27 July 2019**

#### **1. Accounting policies**

##### **Basis of accounting**

Beverley House (9000) Limited is a company incorporated in the United Kingdom under the Companies Act 2006. The Company is a private company limited by shares and is registered in England and Wales. The address of the Company's registered office is shown on page 1 and the nature of the Company's operations and its principal activities are set out in the strategic report.

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 (FRS102) issued by the Financial Reporting Council.

The functional currency of the Company is considered to be pounds sterling, because that is the currency of the primary economic environment in which the Company operates. These financial statements are also presented in pounds sterling.

##### **Financial Reporting Standard 102 – reduced disclosure exemptions**

The Company, as a qualifying entity, has taken advantage of the disclosure exemptions available to it in FRS102 Paragraph 1.12. In preparing these financial statements, exemptions have been taken in respect of:

- The requirements of Section 3; Financial Statement Presentation paragraph 3.17(d), and Section 7, Statement of Cashflows;
- The requirements of Section 11; Basic Financial Instruments paragraphs 11.41(b) - (c), 11.41 (e) - (f), 11.42, 11.44 - 11.45, 11.47, 11.48(a)iii) – (aiv), 11.48(b) – (c);
- The requirements of Section 12; Other Financial Instruments Issues paragraph 12.26 - 12.27, 12.29(a) – (b) and 12.29A; and
- The requirements of Section 33; Related Party Disclosures paragraph 33.7.

The Company is consolidated in the financial statements of its ultimate parent, Boparan Holdco Limited. Copies of these financial statements may be obtained from the Company's registered office.

The Company has also presented a statement of income and retained earnings in place of a statement of comprehensive income and a statement of changes in equity in accordance with FRS102 Paragraph 6.4.

##### **Going concern**

The Company is in a net asset position and does not have any exposure to external financing as its working capital and short term cash flow requirements are managed through financial support from its intermediate parent company.

The intermediate parent company, Boparan Holdings Limited, has confirmed it will provide sufficient financial support, should it be required, to enable the Company to meet its liabilities as they fall due for a period of not less than 12 months from the date of approval of the financial statements, as long as the Company remains within the Group. The going concern of the Company is therefore dependent on the going concern of the Group.

In determining whether the Group's interim and quarterly report can be prepared on a going concern basis, the directors considered the Group's business activities, together with the factors likely to affect its future development, performance and position. The review included the financial position of the Group, its cash flows, liquidity position, borrowing facilities and covenants. The key factors considered by the directors were as follows:

## **Beverley House (9000) Limited**

### **Notes to the financial statements (continued) For the 52 weeks ended 27 July 2019**

#### **1. Accounting policies (continued)**

##### **Going concern (continued)**

- consideration of detailed forecasts prepared for the 12-month period from the date of approval of the interim and quarterly report and the application of sensitivities to those forecasts;
- the implications of the challenging economic environment and future uncertainties on the Group's revenues and profits and its ability to meet financial covenants;
- the impact of the competitive environment within which the Group's businesses operate;
- the potential actions that could be taken in the event that revenues are worse than expected, to ensure that operating profit and cash flows are protected; and
- the Group has access to a committed bank facility and invoice discounting facility to meet day to day working capital requirements.
- the impact of COVID-19 on the business and its prospects

The board is regularly updated on the evolving risks of the ongoing COVID 19 situation and continues to monitor developments closely. Whilst managing absence, social distancing and materials shortages have been challenging operationally, we have seen no operational impacts that we expect to have a material adverse effect thus far and continue to prioritise the safety of our products and people, whilst stepping up to play our part in feeding the nation.

Whilst demand has been volatile in some parts of our business, we are fortunate in that we have had, and continue to have, sufficient demand in all of our businesses to remain operational. Whilst we have mostly been able to mitigate the profit impacts of COVID-19, we have seen a working capital outflow driven by the fall in demand in our meals and European business. The board consider this working capital impact to be a timing impact that will unwind as the physical constraints on the economy imposed by the lockdown are released. Thus far, we have successfully mitigated this working capital impact through other lines in the cashflow.

As at the date of this annual report and financial statements, the directors have a reasonable expectation that the Company has adequate resources to continue in business for the foreseeable future being a period of not less than 12 months from the date of approval of these financial statements. Accordingly, the financial statements for the 52 weeks ended 27 July 2019 have been prepared on the going concern basis.

##### **Net financing charges**

Interest income is accrued by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Finance costs of financial liabilities are recognised in the profit and loss account over the term of such instruments at the effective interest rate applicable on the carrying amount.

##### **Taxation**

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

##### **Financial instruments**

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

## **Beverley House (9000) Limited**

### **Notes to the financial statements (continued) For the 52 weeks ended 27 July 2019**

#### **1. Accounting policies (continued)**

##### **Financial instruments (continued)**

Financial assets and liabilities are only offset in the statement of financial position when there exists a *legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.*

All amounts due from, or owed to Group undertakings are repayable on demand and held at amortised cost.

Financial assets are derecognised when and only when (a) the contractual rights to the cash flows from the financial asset expire or are settled, (b) the Company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or (c) the Company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party. Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

##### **Equity instruments**

Equity instruments issued by the Company are recorded at the fair value of cash or other resources received, net of direct issue costs.

##### **Group financial statements**

The Company has taken advantage of the exemption from preparing consolidated accounts afforded by section 400 of the Companies Act 2006, because it is a wholly owned indirect subsidiary of Boparan Holdings Limited which is the smallest group of undertakings which prepare publicly available consolidated accounts that incorporate the results of the Company. Therefore these financial statements present information about the Company as an individual undertaking and not about its group.

#### **2. Critical accounting judgements and key sources of estimation uncertainty**

The significant estimates and assumptions used in the preparation of the Company's Financial Statements are outlined below:

Investments are reviewed for impairment at each balance sheet date to determine if there is any indication of impairment. As part of this review, a discount rate is applied to each investment's projected future cashflows in order to estimate the investment's value. Where this value is lower than the carrying value of the investment, an impairment charge is booked. Further details on the carrying value of investments can be found in note 6.

#### **3. Remuneration of directors**

None of the directors received any remuneration for their services to the Company in either period.

#### **4. Net finance income**

<b>Tax credit / (charge)</b>	-	-

The standard rate of corporation tax applied to reported profit is 19.00% (2018: 19.00%).

Following the change in legislation (Finance Act 2016), the corporation tax rate will be reduced to 17% from 1 April 2020. This rate has been taken into account when calculating deferred tax assets, giving consideration to when the assets will reverse.

There is no expiry date on timing differences, unused tax losses or tax credits.

The effective corporation tax rate is different to the standard UK corporation tax rate of 19.00% (2018: 19.00%). The differences are analysed below:
