Statement of Directors' responsibilities

The following Statement sets out the responsibilities of the Directors in relation to the financial statements. The report of the independent auditors, shown on page 5, sets out their responsibilities in relation to the financial statements.

Company law requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Company as at the end of the financial year and of the profit or loss for the financial year. In preparing those financial statements, the Directors are required to

- select appropriate accounting policies and apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK accounting standards have been followed, subject to any material departures being disclosed and explained, and
- prepare the financial statements on the going concern basis, unless they consider that to be inappropriate.

The Directors are responsible for ensuring that the Company keeps sufficient accounting records to disclose with reasonable accuracy the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for taking reasonable steps to safeguard the assets of the Company and in that context to have proper regard to the establishment of appropriate systems of internal control with a view to the prevention and detection of fraud and other irregularities.

The Directors are required to prepare the financial statements and to provide the auditors with every opportunity to take whatever steps and undertake whatever inspections the auditors consider to be appropriate for the purpose of enabling them to give their audit report.

The Directors consider that they have pursued the actions necessary to meet their responsibilities as set out in this statement.

Directors' declaration in relation to relevant audit information

Having made enquiries of fellow directors and of the Company's auditors, each of the Directors confirms that

- (1) to the best of his or her knowledge and belief, there is no relevant audit information of which the Company's auditors are unaware, and
- (2) he or she has taken all steps that a director might reasonably be expected to have taken in order to make himself or herself aware of relevant audit information and to establish that the Company's auditors are aware of that information.
