STATEMENT OF DIRECTORS' RESPONSIBILITIES AND INFORMATION TO AUDITORS

Company Law requires the Directors to prepare Financial Statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company.

In preparing those Financial Statements, the Directors are required to :

Select suitable accounting policies and then apply them consistently.

Make judgments and estimates that are reasonable and prudent.

Prepare the Financial Statements on a going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the Financial Statements comply with the Companies Act 2006.

They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

So far as each Director is aware, there is no relevant audit information (information needed by the Company's auditors in preparing their report) of which the company's auditors are unaware : and each Director has taken all the steps that he or she ought to have taken as a Director in order to make him or herself aware of any relevant audit information and to establish that the company's auditors are aware of that information.
