Notes to the Financial Statements

Year ended 30 April 2017

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Hornets Farm, Beauchamp Roding, Ongar, Essex, CM5 0PJ.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Transition to FRS 102

The entity transitioned from previous UK GAAP to FRS 102 as at 1 May 2015. Details of how FRS 102 has affected the reported financial position and financial performance is given in note 10.

Revenue recognition

The turnover shown in the profit and loss account represents amounts receivable during the year.

Income tax

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in equity, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in equity in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Leasehold Property	-	10% straight line
Motor Vehicles	-	25% reducing balance
Equipment	-	12.5% - 27.5% reducing balance

Stocks

The valuation is professionally valued at the lower of cost and net realisable value, with the exception of harvested crops, which are valued at net realisable value excluding arable area payments.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 2 (2016: 2).

5. Tangible assets

	Leasehold Property	Motor vehicles	Equipment	Total
	£	£	£	£
Cost				
At 1 May 2016	128,400	21,255	70,649	220,304
Additions	5,688	—	890	6,578

	-----	-----

8. Called up share capital

Issued, called up and fully paid

	2017		2016	
	No.	£	No.	£
Ordinary shares of £ 1 each	10,002	10,002	10,002	10,002
	-----	-----	-----	-----

9. Related party transactions

During the current year and the previous year the company farmed land that is owned by the directors. There was no rent paid by the company in respect of the land. At the year end £10,692 (2016: £6,294) was owed to the directors by way of a directors current account, which is shown amongst creditors falling due within one year.

10. Transition to FRS 102

These are the first financial statements that comply with FRS 102. The company transitioned to FRS 102 on 1 May 2015.

No transitional adjustments were required in equity or profit or loss for the year.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
