## **Notes to the Abridged Financial Statements**

**Year ended 31 December 2018**

---

### **1. General information**

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Ledsam Street Works, Ledsam Street, Birmingham, B16 8DN.

### **2. Statement of compliance**

These abridged financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

### **3. Accounting policies**

#### **Basis of preparation**

The abridged financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The abridged financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Disclosure exemptions**

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102: (a) Disclosures in respect of financial instruments have not been presented.

#### **Judgements and key sources of estimation uncertainty**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### **Revenue recognition**

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

#### **Income tax**

Current tax represents the amount of tax payable or receivable in respect of the taxable profit (or loss) for the current or past reporting periods. It is measured at the amount expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

### **Operating leases**

Lease income is recognised in profit or loss on a straight line basis over the lease term. The aggregate cost of lease incentives are recognised as a reduction to income over the lease term on a straight-line basis. Costs, including depreciation, incurred in earning the lease income are recognised as an expense. Any initial direct costs incurred in negotiating and arranging the operating lease are added to the carrying amount of the lease and recognised as an expense over the lease term on the same basis as the lease income.

### **Tangible assets**

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

### **Depreciation**

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Plant & Machinery	-	25% reducing balance
Computer Equipment	-	25% reducing balance
Motor Vehicles	-	25% reducing balance

### **Impairment of fixed assets**

Assets not measured at fair value are reviewed for any indication that the asset may be impaired at each balance sheet date. If such indication exists, the recoverable amount of the asset, or the asset's cash generating unit, is estimated and compared to the carrying amount. Where the carrying amount exceeds its recoverable amount, an impairment loss is recognised in profit or loss unless the asset is carried at a revalued amount where the impairment loss is a revaluation decrease.

### **Defined contribution plans**

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund. When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

## **4. Employee numbers**

The average number of persons employed by the company during the year amounted to 25 (2017: 23 ).
