## DIRECTORS' RESPONSIBILITIES FOR PREPARING THE FINANCIAL STATEMENTS

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing those financial statements, the directors are required to:

- \* select suitable accounting policies and then apply them consistently;
- \* make judgements and estimates that are reasonable and prudent;
- \* state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- \* prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### AUDITORS' REPORT

#### to the members of

# WALSH (GLAZING CONTRACTORS) LIMITED

We have audited the financial statements on pages 7 to 13 which have been prepared under the historical cost convention, as modified by the revaluation of certain fixed assets, and the accounting policies set out on page 9.

# RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

As described on page 5 the company's directors are responsible for the preparation of the financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

#### BASIS OF OPINION

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### OPINION

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 1997 and of its loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

#### NOTES TO THE ACCOUNTS

### for the year ended 31 December 1997

# 1. PRINCIPAL ACCOUNTING POLICIES

#### Basis of accounting

The accounts have been prepared in accordance with applicable accounting standards, as modified by the revaluation of the freehold land and buildings, with the exception that no depreciation has been provided on the company's freehold property, as required by Statement of Accounting Practice 12.

In the opinion of the directors, all operations are continuing.

The company has taken advantage of the exemption in Financial Reporting Standard 1 from producing a cash flow statement, as it qualifies as a small company under the Companies Act 1985.

## Fixed assets and depreciation

Fixed assets are stated at cost. Depreciation is provided at the following rates to write the assets down over their estimated useful lives:

Motor vehicles	25% on reducing balance
Office equipment	15% on reducing balance
Assets under financial leases	25% on reducing balance

#### Turnover

Turnover represents net invoiced sales, excluding VAT.

#### Stocks

Stocks are valued at the lower of cost and net realisable value.

#### Finance leases

Assets obtained under finance leases result in the transfer of substantially all the risks and rewards of ownership and are therefore capitalised as tangible fixed assets.

#### Deferred taxation

Deferred taxation is provided on timing differences which will probably reverse, at the rates likely to be in force at the time of the reversal.

## Pensions

The company has a defined contribution pension scheme. The cost of contributions made by the company to the scheme is charged to the profit and loss account as incurred.
