Statement of the Directors Responsibilities

Company law requires the directors to prepare financial statements for each financial year, which give a true and fair view of the state of the company's affairs and the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently

They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
