the first of these is the fact that the system is not closed. The system is open to the environment, and this means that there is a constant exchange of matter and energy between the system and the environment. This exchange is essential for the system to maintain its structure and function.

The second of these is the fact that the system is not static. The system is constantly changing, and this means that there is a constant flow of information and energy between the system and the environment. This flow is essential for the system to adapt to its environment and to maintain its structure and function.

The third of these is the fact that the system is not isolated. The system is constantly interacting with other systems, and this means that there is a constant flow of information and energy between the system and the environment. This flow is essential for the system to adapt to its environment and to maintain its structure and function.

The fourth of these is the fact that the system is not homogeneous. The system is constantly changing, and this means that there is a constant flow of information and energy between the system and the environment. This flow is essential for the system to adapt to its environment and to maintain its structure and function.

The fifth of these is the fact that the system is not uniform. The system is constantly changing, and this means that there is a constant flow of information and energy between the system and the environment. This flow is essential for the system to adapt to its environment and to maintain its structure and function.

The sixth of these is the fact that the system is not stable. The system is constantly changing, and this means that there is a constant flow of information and energy between the system and the environment. This flow is essential for the system to adapt to its environment and to maintain its structure and function.

## DIRECTORS' REPORT

The directors submit their report and accounts for the year ended 31 December 2001.

### RESULTS AND DIVIDENDS

The loss for the year, after taxation, amounted to (£3,403,000) (2000 – profit £2,200,000). The directors do not recommend the payment of a dividend.

### PRINCIPAL ACTIVITY AND REVIEW OF THE BUSINESS

The company's principal activity during the year continued to be that of importing, manufacturing and selling of components and accessories for the electronics and telecommunications industry with an increase in activity in the network services and installation market. Total turnover in the year decreased significantly from 2000 reflecting the overall market downturn in the telecommunications industry. However, this is seen as an unusual year in the company's history, with a return to breakeven expected in 2002.

### DIRECTORS AND THEIR INTERESTS

The directors, all of whom served throughout the year, are as follows:

M Capps  
P Harris  
P N Taylor

There are no interests of directors requiring disclosure under the Companies Act 1985.

### DISABLED EMPLOYEES

The company gives full consideration to applications for employment from disabled persons where the requirements of the job can be adequately fulfilled by a handicapped or disabled person. Where existing employees become disabled, it is the company's policy wherever practicable to provide continuing employment under normal terms and conditions and to provide training and career development and promotion to disabled employees wherever appropriate.

### EMPLOYEE INVOLVEMENT

During the year, the policy of providing employees with information about the company has been continued through the newsletter "Teamtalk" in which employees have also been encouraged to present their suggestions and views on the company's performance. Regular meetings are held between local management and employees to allow a free flow of information and ideas.

### AUDITORS

A resolution to re-appoint Deloitte & Touche as auditors will be put to the members at the Annual General Meeting.

By order of the Board.

## STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE ACCOUNTS

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF HUBER + SUHNER (UK) LIMITED**

We have audited the financial statements for the year ended 31 December 2001 which comprise the profit and loss account, the balance sheet and the related notes 1 to 22. These financial statements have been prepared under the accounting policies set out therein.

### **Respective responsibilities of directors and auditors**

As described in the statement of director's responsibilities, the company's director is responsible for the preparation of the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibility is to audit the financial statements in accordance with relevant United Kingdom legal and regulatory requirements and auditing standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report if, in our opinion, the director's report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding director's remuneration and transactions with the company is not disclosed.

We read the director's report for the above year and consider the implications for our report if we become aware of any apparent misstatements.

### **Basis of audit opinion**

We conducted our audit in accordance with United Kingdom auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the director in the preparation of the financial statements and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

### **Opinion**

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 2001 and of its loss for the year ended 31 December 2001 and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE ACCOUNTS  
at 31 December 2001

**1 ACCOUNTING POLICIES**

***Accounting convention***

The accounts are prepared under the historical cost convention and in accordance with applicable accounting standards.

***Depreciation***

Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost of each asset evenly over its expected useful life, as follows:

|                     |   |           |
|---------------------|---|-----------|
| Freehold buildings  | - | 2%        |
| Plant and equipment | - | 10% - 20% |
| Motor vehicles      | - | 25%       |

***Stocks***

Stocks are stated at the lower of cost and net realisable value. Cost includes all costs incurred in bringing each product to its present location and condition, as follows:

Raw materials, consumables and goods for resale - purchase cost on first-in, first-out basis.

Work in progress and finished goods - cost of direct materials and labour plus attributable overheads based on a normal level of activity.

Net realisable value is based on estimated selling price less any further costs expected to be incurred to completion and disposal.

***Deferred taxation***

Deferred taxation is provided on the liability method on all timing differences expected to reverse in the future without being replaced, calculated at the rate at which it is estimated that tax will be payable.

***Foreign currencies***

Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date.

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction.

All differences are taken to the profit and loss account.

***Leasing and hire purchase commitments***

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and are depreciated over their useful lives.

The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of the capital repayments outstanding.

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.

NOTES TO THE ACCOUNTS  
at 31 December 2001

## 1 ACCOUNTING POLICIES (continued)

*Pensions*

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

*Cashflow statement*

The company has taken advantage of the exemption not to prepare a cashflow statement under FRS1 (Revised).

## 2 TURNOVER

Turnover, which is stated net of Value Added Tax, represents amounts invoiced to third parties.

The turnover and pre-tax profits are attributable to one continuing activity, the importing, manufacturing and selling of components and accessories for the electronics and telecommunications industry.

An analysis of turnover by destination is as follows:

|                   | 2001<br>£000  | 2000<br>£000  |
