Notes to the Financial Statements for the Year Ended 30 April 2019

1. STATUTORY INFORMATION

C H Sausage Co Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements

The principal accounting policies adopted in the preparation of the financial statements are set out below.

The financial statements have been prepared under the historic cost convention, except for modification to a fair value basis for certain fixed assets, as specified in the accounting policies below.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Building improvements

Plant & equipment

Fixtures & fittings

Motor vehicles

Office equipment

- in accordance with the property

20% on reducing balance

20% on reducing balance

25% on reducing balance

25% on reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Raw materials - purchase cost on first in, first out basis.

Packaging materials - purchase cost on first in, first out basis.

Financial instruments

The following assets and liabilities are classified as financial instruments; trade debtors, trade creditors, bank loans and directors loans.

Bank loans are initially measured at the present value of future payments, discounted at a market rate of interest, and subsequently at amortised cost using the effective interest method.

Directors loans (being repayable on demand), trade debtors and trade creditors are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.

Financial assets that are measured at amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Income and Retained Earnings.

Notes to the Financial Statements - continued for the Year Ended 30 April 2019

3. ACCOUNTING POLICIES - continued

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Employee benefits

Short term employee benefits, including holiday pay, are recognised as an expense in the Statement of Income and Retained Earnings in the period in which they are incurred.

4. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 11 (2018 - 10).
