EXECUTIVE COMMITTEE REPORT (CONTINUED) FOR THE YEAR ENDED 30 SEPTEMBER 2015

Review of Business and results during the year

The Abbeyfield Berwick Society Limited's remaining home provided supportive care for 5 people in total during the year ended 30 September 2015.

Priority is given to the filling of residential vacancies.

The financial results for the year are as set out in the income and expenditure account on page 6 and the position at the end of the year shown in the balance sheet on page 7. The detailed property revenue account is presented on pages 13 & 14.

Results continue to be disappointing however the funds remaining from the sale of a property in 2009 and the funds anticipated from the future disposal of the Castlevale property will secure the future of The Abbeyfield Berwick Society Limited for the foreseeable future.

Future Developments

The society intends to actively market the Castlevale property for sale when the property market has improved sufficiently to negotiate a reasonable price for it.

The society has no plans to increase the capacity beyond the remaining 9 places provided for in Bankhill.

The society has entered into plans to regenerate Abbeyfield in the North East which initially focuses on Alnwick.

Reserves Policy

It is the policy of the committee of management to maintain an appropriate level of reserves. The appropriate level of reserves is considered to be that level which would enable the society to continue operations for a considerable period with minimal income arising.

Risk Management

The executive committee members have overall responsibility for ensuring that the society has appropriate systems of controls, financial and otherwise. The systems of financial controls are designed to provide reasonable, but not absolute, assurance against material misstatement or loss. They include a regular review of actual results, delegation of authority and segregation of duties as far as possible given staffing levels.

The executive committee will continue to monitor risks and set up policies to mitigate them.

Fixed Assets

Details of cost and depreciation of fixed assets are set out in notes 5 & 6.

The executive committee is of the opinion that the market value, under the existing use of the society's land and buildings, is in excess of net book value.

BALANCE SHEET (CONTINUED)

AS AT 30 SEPTEMBER 2015

1 General

The Abbeyfield Berwick Society is a company limited by guarantee, having no share capital, and with solely charitable activities.

Registered as a company in England No. 00952071, registered as a charity No. 500464 and registered with the Home and Communities Agency as a social housing provider No. H2374.

The society is engaged in social housing activities as defined in the Housing and Regeneration Act 2008.

2 Accounting policies

2.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

2.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), the Statement of Recommended Practice Accounting by Registered Social Housing Providers Update 2010, issued by the National Housing Federation and with the Accounting Direction for Social Housing in England 2012, which have been applied consistently (except as otherwise stated).

2.3 Turnover

Turnover comprises rental income receivable during the period net of rental losses from voids.

2.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment

15% Reducing Balance

Assets donated to the society are not included in the balance sheet.

Housing land and buildings are stated at cost less social housing grants.

Although the Companies Act and the SORP require annual depreciation of fixed assets, no depreciation is charged on housing properties. The executive committee believes that the policy of not providing depreciation is necessary in order for the accounts to give a true and fair view. In the opinion of the executive committee, the land and buildings are maintained in a state of repair such that the estimated residual value of the land and buildings at the balance sheet date is not less than their net book value. The annual charge and accumulated depreciation would therefore be immaterial. The executive committee has reviewed the properties for impairment at the year end and is satisfied that there has been no diminution in value.

2.5 Social housing grants

Social housing grants (SHG) are made by the Home and Communities Agency and are utilised to reduce the costs of purchase or development of land or buildings. Where purchases or developments have been wholly or partially funded by social housing grant, the cost of those purchases or developments have been reduced by the value of the grant received. The value of the grant is disclosed as part of the tangible fixed asset note 6.

Social housing grants can be recycled under certain circumstances, if a property is sold or if another relevant event takes place. In these cases social housing grants can be used for projects approved by the Home and Communities Agency. Social housing grants may have to be repaid if those circumstances are not met and in that event is a contingent liability.

2 Accounting policies

(Continued)

2.6 Allocation of expenses

Expenses are allocated to management expenses, repair and maintenance costs and services costs on the basis of proportion of time or other relevant factors attributable to those activities.

2.7 Future cyclical and major repairs

It is the executive committee's opinion that no provision is required for future cyclical or major repairs.

2.8 Corporation Tax and VAT

The society has charitable status and is exempt from Corporation Tax on income it receives.

The society is not registered for VAT. Accordingly no VAT is charged to residents, and expenditure in the income and expenditure account includes the relevant VAT.
