BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This policy applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the creditors' decision being made for the office holder to be remunerated on a time cost basis. Best practice guidance requires that such information should be disclosed to those who are responsible for approving the basis of an office holder's remuneration. Within our fee estimate creditors can see how we propose to be remunerated.

In addition, this policy applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance* indicates that such charges should be disclosed to those who are responsible for approving the basis of the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of their staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded in 6 minute units at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Expenses are payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements, which are expenses that are initially paid by the office holder's own firm, but which are subsequently reimbursed from the estate when funds are available.

Best practice guidance classifies expenses into two broad categories:

- Category 1 expenses (approval not required) Specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- □ Category 2 expenses (approval required) Items of expenditure that are directly related to the case and either:
 - (i) include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party; or
 - (ii) are items of expenditure which are payable to an associate of the office holder and/or their firm.

Shared or allocated costs (pursuant to (i) above)

^{*} Statement of Insolvency Practice 9, (SIP9) – Payments to Insolvency office holders and their associates from an estate

The following expenses include an element of shared or allocated cost and are charged to the case (subject to approval).

- □ Internal meeting room usage for the purpose of physical meetings of creditors is charged at the rate of £100 per meeting;
- □ Car mileage which is charged at the rate of 45 pence per mile

Payments anticipated to be made to associates (pursuant to (ii) above)

Services provided by other entities within the Begbies Traynor group

The following expenses which relate to services provided by entities within the Begbies Traynor group, of which the office holder's firm is a member, are also to be charged to the case (subject to approval):

For example - Eddisons Commercial Ltd - valuation and disposal of chattel assets

In addition to the services detailed above, it may become necessary to instruct Eddisons Commercial Limited to provide additional services, not currently anticipated, during the course of the case. In such circumstances and to avoid the costs associated with seeking further approval, the charges for such services will be calculated on a time costs basis at the prevailing hourly rates for their various grades of staff which are currently as follows:

Grade of staff Charge-out rate (£ per hour)

| Director | £275 |
|----------------|------|
| Associate | £180 |
| Surveyor | £120 |
| Graduate | £100 |
| Administration | £80 |
| Porters | £35 |

Additional payments received by Eddisons Commercial Limited from purchasers where assets are disposed of by way of auction

In addition to the charges of Eddisons Commercial Limited detailed above for providing the services to the office holder, where any machinery and business assets (other than freehold/leasehold property) are disposed of by way of auction, Eddisons Commercial Limited will also receive a payment from the purchaser, known as a buyer's premium, equivalent to 15% of the successful bid. Where any freehold/leasehold property is disposed of by way of auction, Eddisons Commercial Limited will also receive a payment from the purchaser, known as a buyer's administration fee, in the sum of £600. It is standard auction industry practice for a buyer's premium and buyer's administration fee to be charged. The buyer's premium and buyer's administration fee is paid by the purchaser of the assets and is not paid by the office holder from the assets of the estate.

General Office Overheads.

The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 expense*:
