1. Progress of the Administration

Work undertaken during the period

I attach at Appendix C a schedule of work undertaken during the period together with a summary of work still to be completed.

Highlights include:

- Submitting a VAT refund recovery on behalf of the pension scheme.
- Joint Administrators were appointed to the purchaser of the business, Arjowiggins Scotland Ltd on 22 September 2022. As such recovery from of the deferred consideration has been significantly impaired. Further details are provided in the schedule of works.

I can confirm that no work has been subcontracted to third parties.

Attached at **Appendix E** is a receipts and payments account detailing both transactions for the period of this report and also cumulatively since my appointment as Administrator.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency.

No payments have been made to associates of the Administrators without the prior approval of creditors as required by SIP9.

Investigations

Part of my duties include carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made. I have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have regarding the way in which the Company's business has been conducted.

Arjo Wiggins Fine Papers Limited (In Administration) The Administrators' Progress Report Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that no further investigations or actions were required.

Extension to the initial period of appointment

The administration was due to come to an automatic end on 13 January 2020. An application was made to the secured creditor seeking an extension of the administration for a further period of 12 months. The secured creditor consented to the extension on 21 November 2019.

There had been insufficient time to realise the remaining assets, distribute funds and bring the administration to a close before the automatic end on 13 January 2021. In addition, the company's pension scheme has agreed to fund the cost of the Administration extension, in order for it to recover input VAT incurred on pension scheme expenditure. The VAT refunds are only attributable to the pension scheme, accordingly, there is no direct benefit to the general body of creditors other than to reduce the deficit of the pension scheme. As such, a further extension of three years was sought by making an application to the Court. The Court granted a two & a half year extension on 11 January 2021 and the Administration will now come to an automatic end on 13 July 2023.

The pension trustees have indicated that it might be necessary to extend the Administration further to allow the pension scheme to be closed down in an orderly manner. We will update creditors on this in due course.

Anticipated exit strategy

It is estimated that there will be insufficient funds available to pay a dividend to unsecured creditors other than from the funds available under the prescribed part. Therefore, a notice will be sent to the Registrar of Companies in accordance with paragraph 84 to the Schedule B1 to the Insolvency Act to bring the administration to

an end. Three months after filing of the notice the Company will be deemed to be dissolved.	
Arjo Wiggins Fine Papers Limited (In Administration) The Administrators' Progress Report	

2. Estimated Outcome for the creditors

The estimated outcome for creditors was set out in the Administrators proposals.

Outcome for the secured creditors

AWFP granted a fixed and floating charge security over its assets to SQN under the term of the debenture created on 17 December 2015 and a Standard Security dated 30 September 2015. SQN had a principal debt of £15.2m outstanding at the date of Administration.

To date, SQN has received £14.9m in interim distributions in respect of its fixed and floating charge. It is estimated that there will be a shortfall to the secured lender.

Outcome for the preferential creditors

Preferential creditors totalled £39.5k and received a full repayment of their debt on 4 October 2019.

Outcome for the unsecured creditors

It is estimated that there will be no dividend to unsecured creditors other than from funds available under the Prescribed Part. $\frac{1}{2} \int_{-\infty}^{\infty} \frac{1}{2} \left(\frac{1}{2} \int_{-\infty}^{\infty} \frac{1}{$

Prescribed Part

The maximum level of Prescribed Part which is £600k was available to be distributed to unsecured creditors. A dividend of 0.71p of 1p in £ was paid to creditors on 10 November 2020.

Statutory Information

Administrators' remuneration

The secured creditor, SQN, passed a resolution that the Administrators' remuneration should be calculated on a time cost basis. SQN has approved the Joint Administrators' fees at £2.6m plus VAT for the period of the Administration. The fees have been drawn in full, from the funds available in the Administration.

Details of remuneration charged during the period of the report are set out in the statement of expenses attached.

A breakdown of our time costs incurred during the period of this report and to date is attached at **Appendix D**. The remuneration anticipated to be recovered by the Administrators based on time costs, is likely to exceed the sum provided in the fees estimate circulated to creditors with the proposals. This increase in remuneration recovered is due to the protracted recovery of the deferred consideration and has been approved by SQN.

Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in **Appendix D**.

Administrators' expenses

An estimate of the Administrators' expenses was set out in the Administrators' proposals. I attach at **Appendix F** a statement of expenses that have been incurred during the period covered by this report. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the details previously provided

A schedule of work

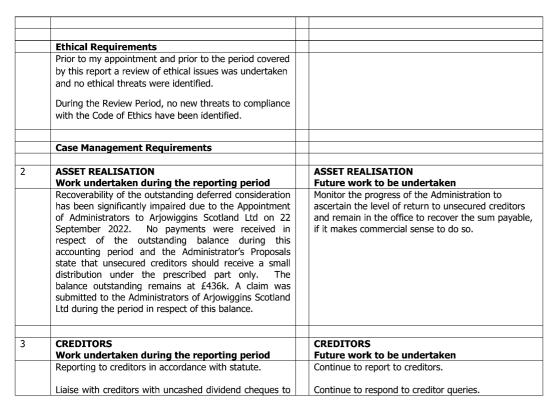

The table below sets out a detailed summary of the work undertaken by the office holder(s) during the reporting period together with an outline of work still to complete.

Where work undertaken results in the realisation of funds (from the sale of assets; enhanced recoveries and potentially a reduction in creditor claims if the business has continued to trade and/or is sold following appointment; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case work undertaken will include the scrutiny and agreement of creditor claims

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.
