for the Year Ended 30 November 2010

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents net invoiced sales, excluding value added tax including, where applicable, relevant costs and overheads plus attributable profit to date recoverable on contracts

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter

Leasehold property	- 2% on revaluation
Plant and machinery	- 15% on reducing balance
Office equipment	- 20% on cost
Motor vehicles	- 20% on reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads

In the case of work in progress and finished goods held for stock, a proportion of relevant overheads is included Contractual work in progress is included in turnover

Deferred tax

Provision is made at current rates for taxation deferred in respect of all material timing differences

A deferred tax asset is recognised only when it is more likely than not that there will be suitable taxable profits from which the future reversal of underlying timing differences and losses can be deducted

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet Those held under hire purchase contracts are depreciated over their estimated useful lives Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter

The interest element of these obligations is charged to the profit and loss account over the relevant period The capital element of the future payments is treated as a liability

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme Contributions paid in the year are charged in the profit and loss account

Debt factoring

The gross asset equivalent of the gross debts factored is included within trade debtors with the corresponding amount relating to proceeds received from the factor included within creditors The interest element and other factors charges are recognised within the profit and loss account as they accrue
