The Company may by ordinary resolution from time to time declare dividends in accordance with the respective rights of the members, but no dividend shall exceed the amount recommended by the board. The board may pay such interim dividends as appear to the board to be justified by the financial position of the Company and may also pay any dividend payable at a fixed rate at intervals settled by the board whenever the financial position of the Company, in the opinion of the board, justifies its payment.</p> <p>(c) The right to capital: the shares have no preferred rights as respect to capital whether on a winding up or otherwise. The Company may, subject to the rights attaching to any series of preference shares and upon the recommendation of the board, at any time and from time to time pass an ordinary resolution to the effect that it is desirable to capitalise all or any part of any amount standing to the credit of any reserve or fund (including retained earnings) at the relevant time whether or not the same is available for distribution and accordingly that the amount to be capitalised be set free for distribution among the members or any class of members who would be entitled to it if it were distributed by way of dividend and in the same proportions, on the footing that it is applied either in or towards paying up the amounts unpaid at the relevant time on any shares in the Company held by those members respectively or in paying up in full unissued shares, debentures or other obligations of the Company to be allotted and distributed credited as fully paid up among those members, or partly in one way and partly in the other, but so that: (i) a share premium account and a capital redemption reserve, and any reserve or fund representing unrealised profits, may be applied only in paying up in full unissued shares of the Company and (ii) where the amount capitalised is applied in paying up in full unissued shares, the Company will also be entitled to participate in the relevant distribution in relation to any shares of the relevant class held by it as treasury shares and the proportionate entitlement of the relevant class of members to the distribution will be calculated accordingly.</p> <p>(d) The right to the assets of the Company on a winding up: on a winding up the liquidator may, with the sanction of a special resolution of the Company and any other sanction required by the Companies Act 2006, divide among the members in specie the whole or any part of the assets of the Company and may, for that purpose, value any assets and determine how the division shall be carried out as between the members or different classes of members. The liquidator may, with the like sanction, vest the whole or any part of the assets in trustees upon such trusts for the benefit of the members as he with the like sanction determines, but no member shall be compelled to accept any assets upon which there is a liability.</p> <p>(e) Rights of redemption: no rights of redemption are attached to the shares.</p>
