### Densitron Europe Limited Directors' Report

The directors present their report and accounts for the year ended 31 December 1999.

#### **Principal activities**

The principal activities of the company are unchaged from last year and are:

- i) the sale of electronic products in the UK and Europe.
- ii) the provision of management and technical services for subsidiary undertakings.

#### Results and dividends

The loss for the year, after taxation, amounted to £316,146, this loss has been transferred to reserves. The directors are unable to recommend the payment of a dividend.

#### **Business review and future developments**

The results for the year were extremely disappointing but not entirely unexpected. A downturn in orders during 1998 meant that 1999 was always going to be a difficult year. The directors were confident that this was only a short term problem and took the decision, rather than to cut overheads, to invest in the infrastructure of the company to ensure it was in a position to exploit opportunities once market conditions improved.

This strategy has paid off and the company enters the new year with an exceptional order backlog which gives the directors confidence for the results of the ensuing year.

#### Year 2000

With regard to the well publicised millenium bug problem, the Board can report that no problems have been encountered subsequent to the year end and no problems are anticipated. Consequently the company is unlikely to suffer any additional future costsy additional future costs.

#### **Directors**

The present directors of the company are set out on page 1. All of the directors served throughout the year unless otherwise stated below. The number of shares of the parent company, Densitron Technologies plc (formerly Densitron International PLC), in which each director was beneficially interested at 31 December was:

	5p Ordin	ary shares
	1999	1998
R M Tietjen	20,000	26,000
T Pearson (Appointed 11 August 1999)	-	-
N How (Appointed 11 August 1999)	-	-
G Mullins (Appointed 11 August 1999)	5,000	5,000
C Nye (Appointed 11 August 1999)	-	-
J Tingey resigned as a director on 23 June 1999.		

None of the directors had any interest in the shares of the company during the year.

### Densitron Europe Limited Directors' Report

#### **Directors' responsibilities**

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing these accounts, the directors have:

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that are reasonable and prudent;
- followed applicable accounting standards; and
- prepared the financial statements on the going concern basis.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Payment of creditors

The company does not follow any published code or statement on payment practice. However, it is the company's ploicy to settle all amounts due to its creditors on a timely basis, taking into account the credit period given by each creditor.

#### **Auditors**

The auditors, RSM Robson Rhodes changed their name on 18 October 1999 and accordingly have signed the audit report using their new name.

RSM Robson Rhodes have expressed their willingness to continue in office and are expected to be deemed to be re-appointed in accordance with the elective resolution currently in force.

#### **Approval**

The report of the directors was approved by the Board on 5 April 2000 and signed on its behalf by:

Ian Daniel Sibson

Director

### Densitron Europe Limited Auditors' Report

Report of the auditors to the shareholders of Densitron Europe Limited

We have audited the accounts on pages 5 to 17 which have been prepared on the basis of the accounting policies set out on pages 8 and 9.

#### Respective responsibilities of directors and auditors

As described on page 3, the company's directors are responsible for the preparation of the accounts. It is our responsibility to form an independent opinion, based on our audit, on those accounts and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the accounts and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### Opinion

In our opinion the accounts give a true and fair view of the state of the company's affairs as at 31 December 1999 and of its loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

# Densitron Europe Limited Statement of total recognised gains and losses for the year ended 31 December 1999

	Notes	1999 £	1998 £
(Loss)/profit for the financial year Exchange adjustments		(316,146) (36,925)	290,012 18,781
Total recognised gains and losses related to the year		(353,071)	308,793

#### 1 Accounting policies

The following accounting policies have been applied consistently by the company on items which are considered material.

#### Basis of accounting

The financial statements have been prepared in accordance with applicable accounting standards, under the historical cost convention.

#### Preparation of financial statements

The company has not prepared consolidated financial statements as it is a wholly owned subsidiary of Densitron Technologies plc (formerly Densitron International PLC), a company incorporated in Great Britain. As a result the financial statements present information about the company and not its group.

#### Turnover

Turnover is the amount receivable by the company in the ordinary course of business, exclusive of Value Added Tax.

#### Commercial development expenditure

Development expenditure on specific projects is carried forward when the recoverability can be foreseen with reasonable certainty and it is amortised on the basis of anticipated sales from the projects or over five years whichever is shorter.

#### Depreciation

Depreciation is provided evenly on the cost of tangible fixed assets, to write them down to their estimated residual values over their expected useful lives. the principal annual rates used are:

Plant and machinery	15%
Office equipment, fixtures and fittings	10%
Motor vehicles	20%
Computers and peripheral equipment	15-25%

#### Stocks

Stocks and work in progress are valued at the lower of cost and estimated realisable value. Cost is determined on a first-in first-out basis. The cost of work in progress and finished goods comprises materials, direct labour and attributable production overheads. Net realisable value is based on the estimated sales price after allowing for all further costs of completion and disposal.

#### Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

#### Leasing and hire purchase commitments

Assets held under finance leases and hire purchase agreements are included in the balance sheet and depreciated in accordance with the company's normal accounting policies. The present value of future rentals is shown as a liability. The interest element of rental obligations is charged to the profit and loss account over the period of the lease in proportion to the balance of capital repayments outstanding.

#### **Pensions**

Defined contribution are made by the company to certain individual employees' personal pension plans. The pension cost charge represents contributions payable in the year.

#### **Taxation**

The charge for taxation is based on the profit/(loss) for the year and takes into account taxation deferred or accelerated because of timing differences between the treatment of certain items for accounting and taxation purposes.

Provision for deferred taxation is made under the liability method only to the extent that it is probable that the liability will become payable in the foreseeable future.

#### 2 Turnover
