### NOTES ON THE ACCOUNTS

### 1. Accounting policies

### (i) Basis of presentation

The accounts have been prepared using the historical cost convention and in accordance with applicable Accounting Standards.

As the company is included in the consolidated accounts of Shanks & McEwan Group PLC, registered in Scotland, group accounts have not been prepared as permitted by the Companies Act 1985 and the accounts contain information about the company as an individual undertaking.

### (ii) Turnover

Turnover represents the invoiced value of waste streams processed and other services provided excluding value added tax. Turnover is recognised when processing occurs or the service is provided.

### (iii) Goodwill

Purchased goodwill is written off against reserves in the year in which it arises. On disposal or closure, goodwill proviously written off to reserves is written back and the profit or loss is adjusted accordingly.

### (Iv) Fixed assets

a Land and buildings, plant and vehicles.

Depreciation is provided on assets other than land in equal annual instalments over the estimated useful lives of the assets and is calculated on the cost of the assets.

The estimated fives are:

Buildings

: 50 years

Plant and machinery : 3 to 10 years

Motor vehicles

: 3 to 6 years

### b Landfill

Acquisition and commissioning costs, including interest thereon until commencement of operations, are capitalised and amortised over the estimated operational life of each site based on the volume of void space consumed.

### c Leased assets

### Finance leases

Assets financed by lease arrangements under which substantially all the risks and rewards of ownership are transferred to the company are included in tangible fixed assets at the aggregate of the capital elements of payments during the lease term and the corresponding obligation is included in creditors. Depreciation is provided to write off the assets over the shorter of the lease term or useful life.

### NOTES ON THE ACCOUNTS

### c Leased assets (continued)

### Operating leases

Rentals paid under operating leases are charged to profit and loss account as incurred. The obligation to pay future rentals on operating leases is shown by way of a note to the accounts.

### d Capitalisation of interest

The gross interest attributable to the financing of separately identifiable major capital projects prior to their date of completion is capitalised as part of the cost of the asset.

### (v) Reclamation provision

The provision relates to the current cost of capping the pit areas in landfill reclamation. The estimated current cost of capping based on the tennage of landfill materials deposited in the year is charged against profits and credited to the provision which is reviewed annually for adequacy. Actual costs are charged against the provision when incurred.

### (vi) Government grants

Capital grants are allocated to deferred grants account and released to profit evenly over the estimated useful lives of the assets concerned.

### (vii) Stocks

Stocks are stated at the lower of cost (on a first in first out basis) and net realisable value.

### (viii)Deferred taxation

Provision is made under the liability method for taxation deferred in respect of accelerated capital allowances and other timing differences but only to the extent that it is thought reasonably probable that an actual liability will arise in the forseeable future.

### (ix) Pensions

The cost of providing retirement pensions and related benefits is charged to the profit and loss account over the period benefiting from the employees' services.

### (x) Research and development

Expenditure is written off in the year in which it is incurred.
