Meher Baba Association Limited

Company Limited by Guarantee

Trustees' Annual Report (Incorporating the Director's Report) *(continued)*

Year ended 5 April 2021

Structure, governance and management

The charity is a charitable company limited by guarantee and was incorporated on 12 January 1972 and obtained charitable status on 23 June 1977. It is governed by the Association's Articles of Association.

The charity is constituted as a company limited by guarantee and is therefore governed by Articles of Association in line with current legislation. The directors of the company are also Trustees of the charity.

A finance committee has been established and we continue to look at ways to manage the charity's money and raise additional funds. Proposals for limited and occasional hiring out of the basement of the premises have been drafted and discussed at our AGM.

The Trustees have agreed a policy for providing funding, in exceptional circumstances, for those requiring financial assistance in attending events/activities etc relating to Meher Baba and setting out the conditions and requirements relating to such funding.

There have been no other material changes in the policies of the charity during the year. The funds of the charity have been applied in pursuit of its objectives and in accordance with any specific requirements of the fund providers.

Management

The Trustees manage the overall business of the charity, with the day to day activities being supplemented by outsourced resources as necessary.

Investment Policy

Under the Articles of Association the Trustees have the power to invest monies not immediately required for the furtherance of the Association's objects as they think fit. The Trustees' policy is to maximise income within a low risk environment.

Reserves Policy

It is the policy of the charity to maintain unrestricted funds, which includes the free services of the charity, at a level that provides sufficient funds to meet the ongoing operating expenditure.

Risk Management

The charity continues to examine the major strategic business and operational risks that it faces and to develop and ultimately implement systems to mitigate any exposure.

Objectives and activities

The charity's objectives and principal activities continue to be that of extending and furthering the spiritual guidance given by Meher Baba.

Meher Baba Association Limited

Company Limited by Guarantee

Trustees' Annual Report (Incorporating the Director's Report) *(continued)*

Year ended 5 April 2021

Strategic report

Since March 2020, and throughout the Covid-19 pandemic, our London centre has for the most part remained closed to visitors and no meetings or events have been held. Plans are being considered to begin the phased reopening of the centre to a limited number of visitors, under strict safety control and as circumstances allow. Other than this, regular maintenance and safety checks have been carried out by our caretaker, and any necessary repairs, etc undertaken.

The Trustee's Management Team, comprising three Trustees, continues to oversee the Association's day to day actions and requirements, on behalf of the Board of Trustees and consistent with our Articles of Association and our agreed Mission Statement. Meetings have been held regularly via Zoom, both with the Board and with our members and others. We continue to seek ways to improve our communications and boost our membership.

Despite the temporary closure of the centre, our archives continue to receive bequests of artefacts presented to us and preserving and securing these remains a key element of our archival work. This work has obviously been impacted by the pandemic, but we are hoping to resume this key role as the overall situation improves.

We continue to consider how best to manage the charity's money and raise additional funds. Donations are vital to the running of the Association, and we continue to make members aware of our needs and outgoings and make appeals for assistance as and when required. We continue to work on reducing our overall annual running costs by researching cost-effective providers and through maximising our taxation recovery through gift aid.

Achievements and performance

We continue to publish a newsletter periodically throughout the year in electronic format and provide hard copies on request. We continue to post on What's App, our Facebook page and on our website, and send regular webmail notices to our membership. We continue to provide one of the few resources for books, DVDs and CDs about Meher Baba in the UK. We continue to answer queries about Meher Baba's life and work, mostly arising from our Internet presence.

The trustees remain actively involved with the necessary oversight of the New Life Management Company Limited, which manages the building where we have our centre, and in which we hold a majority share. Two trustees are appointed to act as directors of New Life Management Limited.

The Trustees manage a small Bursary Fund for providing support, in exceptional circumstances, for those requiring financial assistance in attending events, activities, etc relating to Meher Baba, and have set out the conditions and requirements relating to such funding.

Financial review

The results for the year are as set out in the annexed Accounts.

The Trustees are satisfied with the performance of the charity during the year and the position at 5 April 2021. The Trustees consider that the charity is in a strong position to continue in its activities during the coming year and that the assets of the charity are adequate to fulfil its obligations.

Meher Baba Association Limited

Company Limited by Guarantee

Trustees' Annual Report (Incorporating the Director's Report) *(continued)*

Year ended 5 April 2021

The trustees' annual report and the strategic report were approved on 18 September 2021 and signed on behalf of the board of trustees by:

Independent Examiner's Report to the Trustees of Meher Baba Association Limited

Year ended 5 April 2021

I report to the trustees on my examination of the financial statements of Meher Baba Association Limited ('the charity') for the year ended 5 April 2021.

Responsibilities and basis of report

As the trustees of the company (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

For the year ending 5 April 2021 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

Trustee

The notes on pages 9 to 18 form part of these financial statements.

Meher Baba Association Limited

Company Limited by Guarantee

Notes to the Financial Statements

Year ended 5 April 2021

1. General information

The charity is a public benefit entity and a private company limited by guarantee, registered in England and Wales and a registered charity in England and Wales. The address of the registered office is Flat 1, 228 Hammersmith Grove, London, W6 7HG.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Companies Act 2006.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

There are no material uncertainties about the charity's ability to continue.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

Meher Baba Association Limited

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 5 April 2021

3. Accounting policies *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Operating leases

Lease payments are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

Meher Baba Association Limited

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 5 April 2021

3. Accounting policies *(continued)*

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Long leasehold property	-	straight line over 96 years
Fixtures and fittings	-	15% on written down value

Investments

Unlisted equity investments are initially recorded at cost, and subsequently measured at fair value. If fair value cannot be reliably measured, assets are measured at cost less impairment.

Listed investments are measured at fair value with changes in fair value being recognised in income or expenditure.

Investments in associates

Investments in associates accounted for in accordance with the cost model are recorded at cost less any accumulated impairment losses.

Investments in associates accounted for in accordance with the fair value model are initially recorded at the transaction price. At each reporting date, the investments are measured at fair value, with changes in fair value taken through income or expenditure. Where it is impracticable to measure fair value reliably without undue cost or effort, the cost model will be adopted.

Dividends and other distributions received from the investment are recognised as income without regard to whether the distributions are from accumulated profits of the associate arising before or after the date of acquisition.

Investments in joint ventures

Investments in jointly controlled entities accounted for in accordance with the cost model are recorded at cost less any accumulated impairment losses.

Meher Baba Association Limited

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 5 April 2021

3. Accounting policies *(continued)*

Investments in joint ventures *(continued)*

Investments in jointly controlled entities accounted for in accordance with the fair value model are initially recorded at the transaction price. At each reporting date, the investments are measured at fair value, with changes in fair value taken through income or expenditure. Where it is impracticable to measure fair value reliably without undue cost or effort, the cost model will be adopted.

Dividends and other distributions received from the investment are recognised as income without regard to whether the distributions are from accumulated profits of the joint venture arising before or after the date of acquisition.

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the charity are assigned to those units.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

Financial instruments

A financial asset or a financial liability is recognised only when the charity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Meher Baba Association Limited

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 5 April 2021

3. Accounting policies *(continued)*

Financial instruments *(continued)*

Where investments in shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the statement of financial activities, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

4. Limited by guarantee

The charitable company is a company limited by guarantee and does not have a share capital. In the event of the charitable company being wound up, the liability in respect of the guarantee is limited to £1 per member of the charitable company.
